REVISED
ADDENDUM No. 2
TO
RFP No. WR-RFP-2015-01

Multiple Award IDIQ Contract for Professional Services for Regional and Environmental Planning and Analysis

April 6, 2015

INTRODUCTION

This addendum is to provide clarification and additional information on the following:

- March 12, 2015 Request for Proposal (RFP) No. WR-RFP-2015-01, Section III and Attachment 1 (Scope of Work); and

- March 30, 2015 Addendum to RFP No. WR-RFP-2015-01, question 15.

RFP SECTION III and ATTACHMENT 1 (Scope of Work)

The Scope of Work includes the following items:

7. *Sanitary Sewer Overflow Reporting System maintenance (web-based system – www.hrpdcssors.org) and periodic enhancements;*

8. *Permit Administration and Review System maintenance (web-based system - www.hrpdcpars.org) and periodic enhancements;*

Offerors interested in proposing services for Scope of Work items 7 and 8 may request temporary access to the online training websites for the Sanitary Sewer Overflow Reporting System (SSORS) and/or the Permit Administration and Review System (PARS) by sending an email to:

Tiffany Smith
tsmith@hrpdcva.gov

Temporary access to the SSORS and PARS online training websites is intended only to provide Offerors with a general idea of system functions for the purposes of developing a proposal in response to HRPDC RFP No. WR-RFP-2015-01. Upon login, Offerors are encouraged to review the user guides under the "Help" menu. No questions on either system will be answered by HRPDC staff.

Access will *not* be provided to the "live" SSORS and PARS websites.

RFP APPENDIX A (TERMS AND CONDITIONS)

The terms of the final contract are negotiable between parties.

ADDENDUM, QUESTION 15

The response to question 15 is revised as shown below (additions are shown as bold, bracketed text; deletions are shown as strikethrough text):

15. Will a subcontractor supporting multiple Primes be allowed?

[**Yes, a subcontractor/subconsultant may support multiple Offerors.**] ~~No, a subcontractor/subconsultant may not support multiple Offerors in the same Project Capability Area. However, a subcontractor/subconsultant may be on multiple Offeror "teams" if the subcontractor/subconsultant services are being proposed in a different Project Capability Area.~~
