RESEARCH APPROACH
Aim 1
NOAA Natural System Data Integration
Modeling SLR and Surge Projections
Mapping Inferred Loss & Declined Workforce
Behavioral & Experiential Data
Aim 2
Aim 3
Current & Future Economic Impacts
Aim 4
Assessment of ROI for Adaptive Interventions
Aim 5
Local & Regional Comprehensive Planning
Aim 6
Enhance Regional Resilience & Decrease Risk
Data: Acquisition & Integration
Analytics: Generation of Actionable Information
Engagement: Planning & Policy Influence
Impacts: ↑Resilience & ↓Risk
Action-Oriented Research Process
