	Pump-outs (systems)	759
	Denitrification (systems)	1,045
Total Connection to Sewer #		633
Total Septic Systems (Post-SC)		38,039
Total Pump-outs (systems)		5,533
Total Denitrification (systems)		7,619

- 1) Post SC is the number of septic systems remaining after the septic connections to sewer have been removed. So this number plus the connections to sewer number should equal the locality's number on the current septic systems tab.
- 2) The number of systems receiving pumpouts annually.
