## Envision Hampton Roads: Visioning Session

In developing Envision Hampton Roads, the HRPDC will be following a 6 step Community Based Planning approach. As you are aware HRPDC has recently completed the first step in the Envision Hampton Roads process which established the region's Values and Aspirations.

Currently, HRPDC is working on the 2nd Step which is to establish a shared Regional Vision. The objective of this phase is to establish a set of guiding regional vision principles and establish a regional vision statement. This will be accomplished through a series of Visioning Sessions that will take place throughout the region.

## Steps in Building the Region's Vision Statement and Guiding Principles

### Reflect on the Following:

- Imagine Hampton Roads as "the best it can be" for 2035.
  - \* What does this region look like in 20-30 years?
  - \* What would your community be like if you had the power to make it any way you wanted?
  - \* It's 2035, you notice the cover story of the newspaper or you pick up your favorite current events magazine and it features Hampton Roads. What does it say?
  - \* What's the latest news in the region?
  - \* How and where do people live?
  - \* What do they do for work?

### Develop a List of Guiding Principles:

- Discuss ideas; determine common themes; agree on key ideas/themes you feel are most important for the region.
- Draft 3-5 regional achievements that you would like to see realized 30 years from now.

### The HRPDC Breakfast Club

The "HRPDC Breakfast Club" is an informal opportunity to ask HRPDC staff and other experts about a regional project or initiative. Between 8:30-9:30am, on the third Thursday of the months with an HRPDC meeting, the HRPDC will provide breakfast in an open house type setting allowing technical staff and regional experts to answer questions, review posters, maps and materials on a different project each meeting. Join the HRPDC Breakfast Club for a breakfast that nourishes body, mind and soul.
