HRTAC Executive Director, Mr. Kevin B. Page informed the Commission that the Finance Committee had met on June 20, 2019 and fully endorsed the motion. He reviewed the financing timeline and preliminary schedule for the initial six projects to be funded by the TIFIA loan.

Mr. Page explained that the Bond Anticipation Note (BAN) was a short term financing tool available to HRTAC. The BANs would provide funding during the construction of the HRBT project, and save between \$5M to \$8M over the duration of the financing plan. He noted the different requirements needed to establish the BAN's and stated Commission approval would be required in the future.

Committee members asked for clarification on how the TIFIA BAN's would save the Commission money.

Mr. Page stated the BAN's interest can be invested as compared to a non BAN TIFIA loan, where that was not an option.

Dr. McKinley Price Moved to authorize the Commission Chair and Staff to complete the development for presentation and future action of the Commission of the Hampton Roads Transportation Fund (HRTF) backed TIFIA Loan Agreement, related Bond Anticipation Note (BAN), and Supplemental Indenture for TIFIA for the Commission's initial six projects preceding the Hampton Roads Bridge Tunnel Expansion Project; Seconded by Mr. Bobby Dyer. Information Items

A. HRTAC Monthly Financial Report

Mr. Page acknowledged the HRTAC Monthly Financial Report

B. VDOT Project Updates

VDOT Commissioner, Mr. Stephen Brich, reviewed the preliminary results of the Hampton Roads Regional Network Operational Study with the Commission. He reviewed the purpose and scope of the study and reiterated the results were a product of all the major projects in service, working in an overall network. He stated two scenarios were analyzed, one being the current format and the other would shift the entrance point to the HOT lanes west of Settlers Landing Road and converting the HOV to HOT from I-264 to I-464.

Mr. Brich indicated the following reductions in travel times in a build vs no build scenario for the HRBT I-64 Eastbound AM and PM, and Westbound PM were, 126 minutes, 48 minutes and 23 minutes, respectively.

He further identified five additional locations that could benefit from additional small incremental improvements:

- I-64 Eastbound at HRBT AM
- I-64 Eastbound at Reversible HOT AM
- I-64 Eastbound at HRBT PM
- I-64 Eastbound at High Rise Bridge PM
- I-64 Westbound at HRBT PM

Potential solutions for these problematic areas included, but not limited to: minor pavement widening to accommodate a part time shoulder lane, and repurpose a general service lane for entry to the HOT network at Lasalle.

Commission members raised concern in regards to the sort location being located at Lasalle and stated the choke point was only being relocated, not dissolved. Additionally, Commission members questioned the safety component of using shoulder lanes as full time lanes.

Mr. Brich responded the reduction in lanes would be gradual and additional research was needed to ensure that any shoulder running was an accepted federal highway design.

Commission members questioned if this would increase traffic in the arterial network of the adjacent localities. Mr. Brich answered that the model should show better flow on the interstates which will retain drivers, and reduce traffic on the arterial streets.

Commission members asked if adding additional lanes throughout the network had been considered.

Mr. Brich stated that the cost was high and reiterated the scope of the operational analysis was finding the maximum use for the most cost-effective solution.

Mr. Brich outlined the next steps and timeline, including a briefing of the results of the analysis to the Commission at the September 19, 2019 meeting and a regional decision by November 2019.

HRTAC Executive Director, Kevin B. Page, indicated that HRTAC would work with the Hampton Roads Transportation Planning Organization (HRTPO) in potentially securing future funding for the areas of concern, should they meet the minimum requirements for congestion relief.

Commission members requested the September briefing include additional maps with illustrations for it to be easily understood by the public.

Senator John Cosgrove, Delegate David Yancey, and Mr. Bobby Dyer leave.

C. Next HRTAC Regular Meeting Chair Johnson highlighted the next meeting was to be held on September 19, 2019 in the Regional Building Board Rooms, 723 Woodlake Drive, Chesapeake, VA 23320.

**Re: FY2020 HRTAC Administrative and Project Development Budget Amendment
and Request for a Public Hearing**

Recommendation:

The Finance Committee recommends that the Commission endorse the Proposed Amendment to the Approved HRTAC FY2020 Administrative and Project Development Budget reflected in the enclosed proposed budget amendment (the “Proposed Amendment – Approved HRTAC FY2020 Administrative and Project Development Budget”) and authorize the Finance Committee to hold a public hearing regarding the proposed budget amendment.

Background:

State Code assigns responsibility of compliance of payment of the regional tax on motor fuels in Planning District 23 to the Department of Motor Vehicles (DMV). DMV conducts audits of the distributors required to make returns and pay or collect taxes under the law. Last fiscal year, DMV's External Audit Division expanded to four full-time auditors working on regional fuels tax collections, along with assistance from three other auditors and management oversight. In accordance with §58.1-2299.20, Code of Virginia, the actual costs for DMV's audit program will be paid by the Northern Virginia Transportation Commission (NVTC), the Potomac Rappahannock Transportation Commission (PRTC), and HRTAC. Between the three Commissions, the DMV audit group completed six audits last year and nine more are in process. The total cost for the auditors was \$378,769. The cost for each transportation district is based on their share of the total revenue distributed for the fiscal year. HRTAC's share of auditor costs for FY2019 was 52.8%, or \$199,933.31. For FY19, the completed audits generated over \$11 million in additional revenue for HRTAC. The Commission was notified of the increased audit costs beginning FY2019 invoice received on August 16, 2019. Previous year end audit costs had been significantly lower. To best prepare for this ongoing expense, HRTAC Staff has prepared a budget amendment to cover these costs and is requesting that the Finance Committee recommend that the Commission endorse the Proposed Amendment to the Approved HRTAC FY2020 Administrative and Project Development Budget. At the Thursday, September 12, 2019 Finance Committee meeting, the Finance Committee endorsed the Proposed Amendment to the HRTAC FY2020 Administrative and Project Development Budget and authorized the Finance Committee Chair to recommend the proposed amendment to the approved budget to the Commission and request that the Commission authorize the Finance Committee to

conduct a public hearing on the Proposed Amendment to the HRTAC FY2020 Administrative and Project Development Budget.

Fiscal Impact:

There is a \$220,000 fiscal budget impact of in relation to this Action Item.

Suggested Motion:

Motion: The Commission endorses the Proposed Amendment to the HRTAC FY2020 Administrative and Project Development Budget and authorizes the Finance Committee to conduct a public hearing on the Proposed Amendment to the HRTAC FY2020 Administrative and Project Development Budget.

Re: HRTAC Administrative Offices Lease Extension

Recommendation:

The Finance Committee recommends to the Commission that it approve the HRTAC Administrative Offices Lease extension from December 1, 2019 to November 30, 2020 and authorize the Executive Director to execute the lease extension as per the lease agreement.

Background:

On November 9, 2015, HRTAC entered into a lease agreement with the Southeastern Public Service Authority (SPSA) to provide office and storage space to house the headquarters of the Commission. The initial term expired on November 30, 2018. In accordance with the lease agreement, two renewal terms of one year each are available. The lease term renewal for the period December 1, 2019 through November 30, 2020 includes a 5 percent increase of monthly rent due SPSA from \$963.20 to \$1,011.36. This lease term renewal is the final renewal period permitted in the lease agreement. At its Thursday, September 12, 2019 Finance Committee meeting, the Finance Committee endorsed the HRTAC Administrative Offices Lease extension from December 1, 2019 to November 30, 2020 and authorized the Finance Committee Chair to communicate to the Commission its endorsement.

Fiscal Impact

In relation to this Consent Action Item, there will be no impact to the HRTAC budget as this increase was already accounted for in the Approved 2020 HRTAC Administrative Budget.

Suggested Motion:

Motion: The Commission approves the HRTAC Administrative Offices Lease extension from December 1, 2019 to November 30, 2020 and authorizes the Executive Director to execute the lease extension as described in the lease agreement.

Re: Amendment to the HRTAC Accounting Policies and Procedures

Recommendation:

The Finance Committee recommends the Commission adopt the proposed amendment to Section XIII Financial Reports of the Adopted HRTAC Accounting Policies and Procedures.

Background:

On June 20, 2019, the Commission revised its adopted Accounting Policies and Procedures. During the Auditor's field work, it was determined that the Commission should adopt a sixty calendar day policy to establish the length of time following the end day of the closed fiscal year that costs incurred during that fiscal year but invoiced after the closing date would be accrued in the accounting documents to that fiscal year.

The proposed change to Section XIII Financial Reports of the Adopted HRTAC Accounting Policies and Procedures adds the following language to the end of Section XIII:

For purposes of development of the annual financial reports of the Commission, a sixty calendar day period following the closing day of the accounting fiscal year will be utilized as a rule to receive invoices resulting from the closed fiscal year's activities and record them in the previous fiscal year. Special exceptions to this rule may be made and estimated on a case-by-case basis and in coordination with the Commission's auditor. At its Thursday, September 12, 2019 meeting, the Finance Committee endorsed the proposed amendment to Section XIII Financial Reports of the Adopted HRTAC Accounting Policies and Procedures.

Fiscal Impact:

There is no fiscal impact in relation to this Action Item.

Suggested Motion:

Motion: The Commission adopts the proposed change to Section XIII Financial Reports of the Adopted HRTAC Accounting Policies and Procedure.

The general ledger is automated and maintained using accounting software, and should be reviewed periodically by HRTAC staff for any unusual transactions.

IV. Cash Receipts

Cash receipts generally arise from Sales and Use Tax and Fuels Tax (Note: bond generated reimbursement revenues are covered in the bond revenue section.)

The principal steps in the cash receipts monthly process are:

1. The HRTAC Staff receives an email from an authorized Virginia Department of Transportation (VDOT) official indicating HRTAC member localities' tax contributions.
2. Simultaneously, VDOT submits a request to Treasury to have the funds transferred to HRTAC.
3. The HRTAC Accounting Manager will receive an email from Virginia Department of Accounts confirming a wire transfer.
4. The HRTAC Accounting Manager reviews the obligation to debt service and follows the steps of the Waterfall detailed in HRTAC's HRTF Series 2018A Master Indenture. (See Section XIII.)

6. The recommendation of the Executive Director is transmitted by the HRTAC Accounting Manager via email to the Chair of the Finance Committee for approval.
7. Upon receipt of approval by the Finance Committee Chair, the funds are deposited into the respective account.

V. Bank Account Transfers

Bank accounts and relationships with investment institutions must be authorized and established pursuant to resolutions adopted from time to time by the Commission.

Fluid cash checking account balances are monitored to assure adequate funds are available to cover the expenses of the Commission. The HRTAC Accounting Manager receives approval of total transfer amount from the Finance Committee chair and recommends to the Executive Director when a transfer should be made. Once all approvals have been obtained a wire transfer sheet is generated and approved by the Executive Director and the CFO. The HRTAC Accounting Manager initiates the electronic bank transfer and it must be approved on line by the CFO. A copy of the approvals and wire transfer is retained in the accounting department.

Electronic funds transfers, using the Automated Clearing House (“ACH”) network, such as direct debit payments, may be made from the Commission’s bank accounts, subject to the following:

1. ACH transfers/direct debit payments shall be used solely for the following:
 - Employee payroll
 - Treasury payments of payroll-related taxes
 - Employee expense reimbursements which have been duly approved
 - Recurring monthly payment obligations of the Commission, such as rent and utilities, that are contemplated by the Commission’s operating budget.
2. For the avoidance of doubt, an ACH transfer/direct debit shall not under any circumstance be used to pay any personal charge of any employee.
3. All ACH transfers/direct debit payments must be implemented/effectuated by the CFO or his or her designee, provided that such person is acting in accordance with written instructions (which may be given electronically) from the Chair (or Vice Chair) of the Finance Committee and the Executive Director.
4. All ACH transfers/direct debit payments will be tracked through the monthly bank statements and reconciled to the accounting system transactions.

VI. Cash Disbursements and Expense Allocations

1. All cash, checks and other payments received by the Commission shall be recorded in the Commission’s books and records and deposited into a Commission bank account, which deposit in the case of cash or checks should be made within 24 business hours of receipt.

3. No Commission check may be made payable to “cash” or “bearer.”
4. Commission checks must be kept in a secure location and executed in accordance with the Commission’s Bylaws and applicable resolutions, which presently require dual signatures. When made, checks shall be copied and recorded in the Commission’s books and records, including its check ledger.

Cash disbursements are generally made for:

1. Payments to vendors for goods and services
2. Taxes/license fees
3. Staff training and development
4. Memberships and subscriptions
5. Meeting expenses
6. Employee reimbursements

Checks are processed monthly and invoices submitted to the HRTAC Accounting Manager by the first of the third week of the month will be processed and paid by Friday of the same week. The HRTAC Accounting Manager will assign the general ledger account code.

Requests for cash disbursements are submitted to Accounting in two ways:

1. Original invoice
2. Employee expense report or reimbursement request

Every employee reimbursement or purchase request must be documented on the approved form with receipts, and business nature before reimbursement approval. Specific documentation for each category is:

Lodging - an itemized receipt from the hotel detailing all charges, the person(s) for whom the lodging was provided, and the specific business purpose.

Meals and Entertainment - a receipt must be provided showing the cost of food, beverage, and gratuities, including the names of every person for whom food or beverage was provided, and the specific business purpose.

VII. Procurement of Goods and Services, Including Procedures for Certain Small Purchases (Adopted October 15, 2015)

General

The Virginia Public Procurement Act (“VPPA”) covers contracts made by the Hampton Roads Transportation Accountability Commission (the “Commission” or “HRTAC”) with nongovernmental contractors for the purchase or lease of goods, or for the purchase of services, insurance, or construction (as those terms are defined in the VPPA). The VPPA seeks, among other things, to enable public bodies in the Commonwealth to obtain high quality goods and services at reasonable costs. This Policy, including its small purchases procedures, is adopted to provide the Commission’s members, officers and employees with direction regarding the VPPA and its implementation.

Under the VPPA, covered contracts must be awarded after competitive sealed bidding, or competitive negotiation, as provided in the VPPA, unless otherwise authorized by law.

Exemptions

Without limiting the exemptions under the VPPA that may be applicable from time to time, neither the competitive sealed bidding nor competitive negotiation procedures apply to:

Contracts negotiated and awarded to a source that is determined in writing to be the sole source available for that which is to be procured: in order to use this exemption under Section 2.2-4303(E) of the VPPA, all requirements of the exemption, including the written determination and public notice requirements, must be observed; the written determination may be made by the Commission’s Executive Director if funds for the applicable contract are available under the Commission’s then-applicable operating budget, but copies of such determinations must be given to the Finance Committee within five (5) business days after being made.

Contracts awarded in case of emergency: however, such procurement shall be made with such competition as is practicable under the circumstances. In order to use this exemption under Section 2.2-4303(F) of the VPPA, all requirements of the exemption, including the written determination and public notice requirements must be observed; the written determination may be made by the Commission’s Executive Director if funds for the applicable contract are available under the Commission’s then-applicable operating budget, but copies of such determinations must be given to the Finance Committee within five (5) business days after being made.

Purchases made from another public body’s contract, even if the Commission did not participate in the request for proposal or invitation to bid, if the request for proposal or invitation to bid specified that the procurement was a cooperative procurement being conducted on behalf of other public bodies; however, this exemption under Section 2.2-4304 of the VPPA is subject to the limitations set forth therein.

Single or term contracts for goods and services that fit within the dollar limitations and other parameters set forth in Section 2.2-4303(G) of the VPPA if they are entered into pursuant to small purchases procedures that have been adopted by the Commission in writing; the Commission's small purchases procedures are set forth in the chart below; these procedures may not be used for single or term contracts for transportation-related construction.

**HAMPTON ROADS TRANSPORTATION FUND REVENUE
BONDS
POST-ISSUANCE BOND COMPLIANCE POLICY
(Adopted April 19, 2018)**

This policy summarizes the federal law regulatory compliance responsibilities of the Hampton Roads Transportation Accountability Commission (the “Commission”) with regard to its tax-exempt bond issues. These responsibilities consist of compliance with (1) federal income tax regulations relating to the use and investment of bond proceeds, and (2) federal securities regulations relating to continuing disclosure to the market.

This policy is formulated to address, in a summary fashion, the assignment of general categories of responsibilities, and to specify the frequency of review and required duration of recordkeeping for each item. A more specific checklist to be used in connection with each individual bond issue is attached as Exhibit A to this document. Any questions that arise as to non-routine matters should be addressed to bond counsel. Each specific category of tasks should be assigned to one responsible department or individual.

Because most bond issues remain outstanding for long periods of time, and the possibility of IRS audit exists throughout the term of each bond issue, each individual or department with responsibilities under this policy should develop a plan detailing the steps that will be taken to transfer responsibilities and accumulated knowledge to successor personnel. Further, Commission record retention policies should be applied to bond-related materials with the recognition that tax regulations require the retention of most records relating to tax-exempt bond issues for the life of the bonds, including the life of any bonds that refund such bonds, plus 3 years. See “Record Retention,” see Section XVI below, for more detail.

Allocation of Bond Proceeds

The Treasury Regulations set forth detailed allocation and accounting rules relating to the allocation of bond proceeds to expenditures. Allocations should reflect, among other things, compliance with the various rules that qualify uses of funds for temporary periods (i.e., periods during which unspent funds are not subject to yield restriction) and other limitations on expenditures.

Responsibility for this category: Executive Director

Task	Responsible Party	Frequency of Review
Prepare and maintain an expenditure summary showing the date, amount and purpose of each expenditure from bond proceeds, and including copies of all requisitions or advance certificates. (Expenditures should reflect compliance with limitations set forth in issue-specific non-arbitrage certificates in bond transcripts.)	_____	Monthly during draw-down periods
Request that bond counsel prepare reimbursement resolutions for projects to be financed with tax-exempt bond proceeds in the near future.	_____	Issue-specific ¹
If a reimbursement resolution has been adopted, bond proceeds can be used to reimburse expenditures made up to 60 days before the resolution date, and the bonds must be issued and proceeds allocated to each expenditure within 18 months after the later of (i) the date of the first expenditure to be reimbursed or (ii) the placed in service date of the project, but in no event later than three years after the expenditure was paid.	_____	Issue-specific
Bond proceeds for capital projects should be spent consistently with the “3-year temporary period” rule, meaning that (i) the project moves forward with diligence after closing, (ii) the Commission incurs within six months after closing a substantial binding obligation to a third party to expend at least 5 percent of the bond proceeds on the project, and (iii) all bond proceeds are expended on the project within 3 years after the date of issuance of the bonds.	_____	Issue-specific

¹ Also refer to Exhibit A for bond issue-specific items.

Investment of Bond Proceeds

Bond proceeds that are not immediately spent are regarded as “nonpurpose investments” while held in reserve, or until they are spent and allocated to expenditures in the manner described above. The yield on a nonpurpose investment must be restricted unless the type of investment qualifies for a “temporary period” during which such restriction is not required. In order to prevent artificially depressing yield, nonpurpose investments must be purchased at fair market value. In addition, any arbitrage that the Commission in fact earns, even during a temporary period or in a reasonably required reserve fund, must be rebated to the federal government, unless an exception to rebate applies.

Responsibility for this category: Executive Director

<i>Task</i>	<i>Responsible Party</i>	<i>Frequency of Review</i>
Avoid the formal or informal creation of funds reasonably expected to be used to pay debt service on bonds without determining in advance whether such funds must be invested at restricted yield. (Such funds may be deemed to be “replacement proceeds” of the bonds, which are subject to yield restriction requirements.)	_____	Semi-annual
Prepare and maintain a summary of investment transactions in order to assist with arbitrage rebate compliance analysis.	_____	Quarterly
Obtain computation of the “yield” of the bonds and establish a procedure to track the return on invested bond proceeds.	_____	Issue-specific
Monitor compliance with “temporary period” expectations for spending bond proceeds (<u>e.g.</u> , three years for a construction fund)	_____	Issue-specific
When required, provide for yield restriction of investments, or “yield reduction payments” if restrictions cannot be met.	_____	Issue-specific
Monitor compliance with 6-month, 18-month, or 24-month spending exceptions to rebate requirement, including percentage milestones required by the Treasury Regulations.	_____	Issue-specific
Engage an outside arbitrage rebate consultant to prepare computations of rebate liability and, if rebate is payable, timely file Form 8038-T and pay the amount of rebate that is due. (Rebate is ordinarily due at 5-year intervals.)	_____	Issue-specific
Maintain the special records required to establish that certain investments (<u>e.g.</u> , guaranteed investment contracts, certificates of deposit, defeasance escrows) are purchased at fair market value; this may include the requirement of receiving multiple bids.	_____	Issue-specific

Use of Bond Financed Facilities

Property financed with tax-exempt bond proceeds generally must be used for governmental purposes and not used for, secured or paid by, or leased to any private trade or business. However, a *de minimis* amount of private use (no more than 10%) is allowed in most circumstances, as is use by the general public. In addition, no more than 5% of proceeds of bonds allocated to private use may be used in connection with private business use that is unrelated or disproportionate to the governmental use financed by the issue. Service contracts, management contracts and other arrangements may be maintained with private or federal government entities without implicating private use so long as certain regulatory safe harbors are met or the contract is reviewed and approved by bond counsel.

Responsibility for this category: Executive Director

<i>Task</i>	<i>Responsible Party</i>	<i>Frequency of Review</i>
Establish internal processes for tracking which outstanding bond issues financed which facilities and in what amounts.	_____	Annual
Make periodic reviews to ensure there is no more than 10% in aggregate amount of bond-financed facilities that can be attributed to private use or special legal entitlements (arrangements comparable to the conveyance of priority rights to use bond-financed facilities) involving private entities or federal government users (other than the <i>de minimis</i> allowable amount).	_____	Annual
Consult with bond counsel in making periodic reviews of service, management, and other contracts to ensure continuing compliance with regulatory safe harbors.	_____	Annual
Ensure that no more than 5% of the proceeds of governmental bonds allocated to private use are used in connection with private business use that is unrelated or disproportionate to the government use financed by the issue.		Annual
Promptly consult with bond counsel as to any possible change of use or private use of bond-financed facilities. "Remedial action" for such "change of use" may require redemption or defeasance of bonds or expenditures for other qualified purposes within specified time periods.	_____	As events arise

Changes in Terms

Proposed changes to the terms of tax-exempt bonds must be carefully scrutinized to determine if the changes cause the bonds to be “reissued” for federal income tax purposes. Avoiding a reissuance is often important in order to avoid the application of subsequent, often more restrictive, changes in law and tax-exempt bond eligibility requirements, and the requirements of filing a new IRS Form 8038-G, obtaining an arbitrage rebate report and in some cases obtaining new public approvals.

Responsibility for this category: Executive Director

<i>Task</i>	<i>Responsible Party</i>	<i>Frequency of Review</i>
Consult with bond counsel before engaging in post-issuance credit enhancement transactions or hedging transactions.	_____	Issue-Specific
Identify any post-issuance changes to the terms of the bonds that could be treated as a tax reissuance, such as changes in yield in an amount greater than 25 basis points, material deferral of scheduled debt service payments, including extensions of maturities, and changes in obligor or security that affect payment expectations.	_____	Issue-Specific

Record Retention

Responsibility for this category: Executive Director

<i>Task</i>	<i>Responsible Party</i>	<i>Frequency of Review</i>
Keep all closing transcripts prepared by bond counsel, including a copy of each filed IRS Form 8038-G; and maintain general records relating to each bond issue for the life of the issue (plus any refunding of the issue) plus three years.	_____	Issue- Specific
Maintain all special records required by the safe harbors for investment contracts or defeasance escrows.	_____	Issue-Specific
Maintain records of identification on the Commission’s books and records of any “qualified hedge” contract.	_____	Issue-Specific

Continuing Disclosure Requirements

Securities regulations applying to publicly issued bonds, and in many cases loan covenants in private placements, require continuing disclosure obligations.

Responsibility for this category: Executive Director

<i>Task</i>	<i>Responsible Party</i>	<i>Frequency of Review</i>
Manage preparation and dissemination of required annual disclosures of financial and operational information, including: (a) Audited financial statements of the Commission; and (b) Updated operating data of the type described in the Official Statement for the Series 2018A Bonds in (i) Table I: "Historical Hampton Roads Transportation Fund Revenues," (ii) Appendix E, Table 1: "HRTF Revenues Fiscal Year 2014 to Date," (iii) Appendix E, Table 2: "Hampton Roads Transportation Fund (HRTF) Revenues and Expenditures," and (iv) Appendix E, Table 3: "Hampton Roads Transportation Fund (HRTF) Transportation Project Expenditures."	_____	Annual
Review required event notices list (applicable events must be disclosed on EMMA no more than ten (10) business days after their occurrence): (a) Principal and interest payment delinquencies; (b) Non-payment related defaults, if material; (c) Unscheduled draws on any debt service reserves maintained with respect to the bonds, reflecting financial difficulties; (d) Unscheduled draws on any credit enhancement maintained with respect to the bonds, reflecting financial difficulties; (e) Substitution of credit or liquidity providers, or their failure to perform; (f) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the bonds, or other material events affecting the tax status of the bonds; (g) Modifications to rights of bondholders, if material; (h) Bond calls, if material, and tender offers; (i) Defeasance of all or any portion of the bonds; (j) Release, substitution, or sale of property securing repayment of the bonds, if material; (k) Rating changes; (l) Bankruptcy, insolvency, receivership or similar event of the issuer; (m) Consummation of a merger, consolidation, or acquisition involving the issuer or the sale of all or substantially all of the assets of the issuer, other than in the ordinary course of business, or the entry into a definitive agreement to undertake such a transaction; and (n) Appointment of a successor or additional bond trustee or the change of name of a trustee, if material.	_____	As events arise

Voluntary Disclosure

If the Commission chooses to provide information to the market beyond what is specifically required by its continuing disclosure obligations (discussed above), all releases of information which can be expected to reach the bond market must be in compliance with the anti-fraud rules under the Securities Exchange Act ("Rule 10b-5") (i.e., the information that is provided must not be materially inaccurate or misleading in the context in which it is provided). In addition, disparities in disclosure by a municipal bond issuer to various investors should be minimized, as such disparities can negatively impact market perception of an issuer and can lead to Rule 10b-5 claims. The best course of action is to take steps to assure uniform dissemination of information to the maximum extent practicable, such as through posting of disclosures on the Electronic Municipal Market Access System ("EMMA") of the Municipal Securities Rulemaking Board.

Responsibility for this category: Executive Director

<i>Task</i>	<i>Responsible Party</i>	<i>Frequency of Review</i>
Designate a municipal bonds investor-relations specialist, responsible for responding to inquiries from market participants.	_____	Annual
Disclosed information should be periodically reviewed to determine whether inconsistent information is being provided through marketing materials, press kits, or Internet sites.	_____	Quarterly
Maintain a record of all contacts with market participants, including contact information and summaries of the questions presented and responses (if any) given. This record should be periodically reviewed and analyzed as to the need to make public releases (EMMA postings) of information to minimize any instances of selective or inconsistent disclosure.	_____	Monthly
All information prepared for public release shall be reviewed by one or more members of the Commission and by counsel.	_____	Issue-Specific

Indebtedness covers all money owed to a firm, including margin loans and commitments to purchase securities, one reason new public issues are spread among members of underwriting syndicates. Liquid capital includes cash and assets easily converted into cash.

Yield: the rate of annual income return on an investment, expressed as a percentage. Income/current yield is obtained by dividing the current dollar income by the current market price for the security. Re: HRTAC Fiscal Year 2019 Audited Financial Statement

Recommendation:

The Finance Committee Chair recommends that the Commission approve the Draft FY2019 Audited Financial Statement for HRTAC and authorize the Executive Director to work with the Auditor of Public Accounts to finalize and provide its distribution.

Re: Authorization of Commission Chair and Staff to Complete and Execute the HRTF Backed TIFIA Loan Agreement, Bond Anticipation Note (BAN) Issuance, Supplemental Indenture for TIFIA, and Related Engagement Documents – Resolution 2019-03

Recommendation:

The Finance Committee recommends that the Commission approve Resolution 2019-03 for the proposed HRTAC Subordinate Lien Revenue Bonds issue for up to \$550 million and Intermediate Lien Bond Anticipation Notes issue for up to \$500 million and authorize the Commission Chair and Staff to Complete and Execute the HRTF Backed TIFIA Loan Agreement, Bond Anticipation Note (BAN) Issuance, Supplemental Indenture for TIFIA, and Related Engagement Documents.

Background:

The Commission has previously reviewed and approved a debt management plan for the financing and refinancing of the costs of Commission-approved new construction projects for congestion relief in the localities comprising Planning District 23. On February 14, 2018, the Commission issued \$500 million of Senior Lien Revenue Bonds, Series 2018A. In response to the Commission's Letter of Interest for financing through the Transportation and Infrastructure Finance and Innovation Act of 1978, the U.S. DOT, acting through the Federal Highway Administrator, has agreed to extend a loan for additional project financing. Furthermore, market conditions may make it fiscally advantageous for the Commission to issue bond anticipation notes and utilize the proceeds to fund certain costs on an interim basis, with TIFIA funding being used to repay the principal amount of the BANs upon project completion. Following a full briefing update, the Commission will be asked for action to approve Resolution 2019-03 for the issuance of HRTAC Subordinate Lien Revenue Bonds issue for up to \$550 million and Intermediate Lien Bond Anticipation Notes issued for up to \$500 million, anticipated to occur during the Fourth Quarter of CY 2019. This HRTAC Resolution 2019-03 would authorize the Commission's staff, counsel and financial advisor to move forward with such financings, and finalize the documents and agreements required for the same, all subject to parameters in the Resolution. At its September 12, 2019 meeting, the Finance Committee was briefed on this matter and took action to endorse Resolution 2019-03 authorizing the issuance of HRTAC Subordinate Lien Revenue Bonds for up to \$550 million and Intermediate Lien Bond Anticipation Notes for up to \$500 million and authorized the Finance Committee Chair to communicate its endorsement and recommendation to the Commission at its September 19, 2019 meeting and for the Commission to authorize the Commission Chair and

Staff to Complete and Execute the HRTF Backed TIFIA Loan Agreement, Bond Anticipation Note (BAN) Issuance, Supplemental Indenture for TIFIA, and Related Engagement Documents.

Fiscal Impact:

There is a significant fiscal impact in relation to this Action Item as a portion of the Commission's revenues will be devoted to debt service payments while these financings remain outstanding.

Suggested Motion:

Motion: The Commission adopts Resolution 2019-03 authorizing the issuance of HRTAC Subordinate Lien Revenue Bonds for up to \$550 million and Intermediate Lien Bond Anticipation Notes for up to \$500 million and authorizes the Commission Chair and Staff to Complete and Execute the HRTF Backed TIFIA Loan Agreement, Bond Anticipation Note (BAN) Issuance, Supplemental Indenture for TIFIA, and Related Engagement Documents.

I. Financing Plan Update

FY2020-2026 Financial Plan Funding Mix - \$5.3B

- Projects through HRBT are fully funded with well-balanced sources including HRTF Pay-go, HRTF Bonds, VDOT Funds, and TIFIA loans.

**TIFIA Loan may utilize a bridge financing strategy, for example Bond Anticipation Notes (such as the 2019A TIFIA BAN)*

Six Initial Projects Financing Update

- The six initial projects will be funded by the 2018A Bonds and the 2019A TIFIA BAN.
- 2019 TIFIA Loan status:
 - loan application submitted; currently negotiating the loan agreement
 - anticipated loan closing in mid October
- 2019A TIFIA BAN status:
 - Underwriter RFI issued to four banks in the existing underwriter pool; staff reviewed responses and recommended: JP Morgan (senior manager), Citi Group and Wells Fargo (co-manager)
 - Engaged S&P and Moody's for public rating services
 - Expect to issue the BAN in early October and close the BAN concurrently with the TIFIA Loan in mid October
 - Bond counsel has drafted supplemental indentures and the POS

Current Market Conditions

- Short-term tax-exempt MMD rates (benchmark for the 2019A BAN) and the long-term taxable treasury rates (benchmark for the 2019 TIFIA Loan) are well below historical averages.
- In recent two months, short-term MMD rates have dropped 15-20 bps and the 30-year treasury rate has dropped 65 bps.

BAN vs. No BAN Comparison Update

- PFM has been monitoring market conditions and updating the benefits of utilizing the BAN structure vs. No BAN.
 - Draw schedule provided by VDOT in July shows a shortened timeline which would diminish investment earnings.
- **The BAN strategy continues to generate economic benefits vs. the No BAN scenario.**
 - The benefits without arbitrage earnings have increased since presented last time at the June Finance Committee Meeting.

HRBT Financing Considerations

- HRTAC should start the TIFIA approval process ASAP while long term interest rates are low and could be locked in, even if the loan is not drawn until later.
- Timing of additional HRTF Revenue Bonds:
 - HRTAC has cash “in the bank” but interest rates are low now
 - Sell \$735 million all at once or in two tranches?
- Amount of additional HRTF Revenue Bonds:
 - Current plan estimates \$1.767 billion of pay-go cash through HRBT completion
 - Sell more HRTF Revenue Bonds while interest rates are low and preserve cash for the future
- Toll Revenue Funding and Financing
 - \$345 million included in PAFA
 - Toll revenue likely could be leveraged for more than \$345 million
 - Timing of tolling agreement with VDOT / CTB should occur in late 2019
 - Does HRTAC pursue TIFIA for toll financing or does the CTB pursue Commonwealth supported 9(c) or 9(d) toll financing?
 - Impact to timing of any HRTF backed TIFIA loan for HRBT?

II. Implementing BAN and TIFIA Bond Financings

Current Action:

- Approval of Bond Anticipation Notes (BANs) and TIFIA Loans:
 - HRTAC Resolution 2019-03
- Material Provisions of Bond Resolution:
 - Approval of Form of BAN Documents, including Supplemental Series Indenture, Preliminary Official Statement, Continuing Disclosure Undertaking, and Bond Purchase Agreement
 - Approval of Form of TIFIA Documents, including Supplemental Series Indenture and Loan Agreement
 - Delegates Power to Executive Director to Approve Final Bond Terms, subject to parameters, including maximum interest rate, maturity and principal amount
 - Engagement of Underwriters for BANs

Current Action:

- BAN Documents:
 - Supplemental Series Indenture supplementing Master Trust Indenture for issuance of BANs
 - Preliminary Official Statement serves as offering document for public sale of BANs
 - Continuing Disclosure Undertaking provides annual and event based information filings to satisfy SEC requirements
 - Bond Purchase Agreement is the contract between HRTAC and the Underwriters for the purchase and sale of the BANs
- TIFIA Documents:
 - Supplemental Series Indenture supplementing Master Trust Indenture for issuance of TIFIA loan
 - Loan Agreement is the borrowing contract between HRTAC and TIFIA that reflects the various conditions and affirmative/negative covenants for disbursement of loan proceeds

Current Action:

Parameters:

- Maximum principal amounts
 - BAN – Not to exceed \$500,000,000
 - TIFIA – Not to exceed \$550,000,000
- Interest rates
 - BAN – fixed interest rate resulting in weighted average yield not greater than 5.00%
 - TIFIA – fixed interest rate calculated by adding 1 basis point (.01%) to similar maturity schedule as published in the U.S. Treasury Bureau of Public Debt's daily rate table for State and Local Government Series so long as rate is not less than yield on 30-year U.S. Treasury securities on such execution date
- Maturity
 - BAN – not later than 5 years from issuance (expected to be a “bullet”)
 - TIFIA – not later than 40 years from issuance (expected to have “ascending” debt service)

Current Action:

Indenture Amendments/Supplements:

- In connection with 2018A Bonds
 - Permit proceeds of 2018A Bonds to also be spent on HRBT for financing flexibility
- In Connection with TIFIA
 - Flow of Funds - 50% of excess revenue goes to mandatory debt prepayment in event HRTAC/VDOT are no longer actively engaged in the development of long range transportation plan capital projects in the region
 - Others – in connection with conforming Indenture provisions to TIFIA loan terms

Flow of Funds:

**To prepay HRTF TIFIA loan(s) only upon the occurrence and continuation of a Revenue Sharing Trigger Event (VDOT is no longer actively engaged in developing HRTPO's adopted LRTP projects.*

HRTAC RESOLUTION 2019-03

RESOLUTION AUTHORIZING THE ISSUANCE OF UP TO \$550,000,000 IN AGGREGATE PRINCIPAL AMOUNT OF HAMPTON ROADS TRANSPORTATION FUND SUBORDINATE LIEN REVENUE BONDS (TIFIA SERIES 2019) AND UP TO \$500,000,000 OF HAMPTON ROADS TRANSPORTATION FUND INTERMEDIATE LIEN BOND ANTICIPATION NOTES

WHEREAS, the Hampton Roads Transportation Accountability Commission (the “Commission”) is a political subdivision of the Commonwealth of Virginia (the “Commonwealth”) having the powers set forth in Chapter 26, Title 33.2, of the Code of Virginia of 1950, as amended (the “HRTAC Act”);

WHEREAS, the Commission has previously reviewed and approved a debt management plan for the financing and refinancing of the costs of Commission-approved new construction projects for congestion relief on new or existing highways, bridges, and tunnels in the localities comprising Planning District 23 (“Projects”), and funding for eligible costs for such Projects includes the 2018A Bonds and “TIFIA” funding described below;

WHEREAS, on February 14, 2018, the Commission issued its Senior Lien Revenue Bonds, Series 2018A (the “2018A Bonds”), in the principal amount of \$500,000,000, pursuant to the terms of the HRTAC Act, resolutions approved by the governing body of the Commission on June 16, 2016 and December 14, 2017, and a Master Indenture of Trust (as supplemented and amended from time to time, the “Master Indenture”) as supplemented by a First Supplemental Series Indenture, each between the Commission and Wilmington Trust, National Association (the “Trustee”) and dated as of February 1, 2018;

WHEREAS, obligations issued under the Master Indenture are payable from and secured by the revenues and funds in the Hampton Roads Transportation Fund (as defined in the HRTAC Act) (the “HRTF Bonds”) and the proceeds of such HRTF Bonds are to be used to finance and refinance the costs of new construction projects on new or existing highways, bridges, and tunnels in the localities comprising Planning District 23;

WHEREAS, the proceeds of the 2018A Bonds are being used to pay, together with other available funds, the costs of the following projects: Interstate 64 Peninsula Widening (Segments I, II and III), I-64 / I-264 Interchange Improvements (Phase I and II), and I-64 Southside Widening & High Rise Bridge (Phase I) (the “Financed Projects”);

WHEREAS, the Commission’s Letter of Interest for a secured loan (the “TIFIA Loan”) under the Transportation Infrastructure Finance and Innovation Act of 1978, as amended (“TIFIA Act”), to further finance a portion of the costs of the Financed Projects has been advanced by the United States Department of Transportation (“U.S. DOT”) through creditworthiness review and into negotiation of business terms;

WHEREAS, the Commission has negotiated the terms of the TIFIA Loan, including a form of TIFIA Loan Agreement (the “TIFIA Loan Agreement”) between the Commission and

U.S. DOT, acting by and through the Federal Highway Administrator (the “TIFIA Lender”), pursuant to which the TIFIA Lender will agree to extend a secured loan to the Commission to finance a portion of the costs of the Financed Projects;

WHEREAS, to evidence the obligation of the Commission to repay the loan under the TIFIA Loan Agreement, the Commission desires to authorize the issuance of an additional series of obligations under the Master Indenture in an initial principal amount of up to \$550,000,000, to be designated as the “Subordinate Lien Revenue Bond, TIFIA Series 2019” (the “TIFIA Series 2019 Bond”), the proceeds of which would be used to finance in part the costs of the Eligible Project Costs (as defined in the TIFIA Loan Agreement);

WHEREAS, market conditions may make it fiscally advantageous for the Commission to issue bond anticipation notes and utilize the proceeds thereof to fund certain construction costs of the Financed Projects on an interim basis before the proceeds of the TIFIA Series 2019 Bond are drawn under the TIFIA Loan Agreement, and for such proceeds to be deferred until they are drawn under the TIFIA Loan Agreement to reimburse HRTAC for Eligible Project Costs, with a portion of such reimbursed funds being used to repay such bond anticipation notes at maturity;

WHEREAS, the Commission therefore desires to authorize the issuance of an additional series of obligations under the Master Indenture in an initial principal amount of up to \$500,000,000, to be designated as the “Intermediate Lien Bond Anticipation Notes, Series 2019” (the “Series 2019 Notes”), to provide short term funding of the Financed Projects, such Series 2019 Notes to be retired with proceeds of the TIFIA Series 2019 Bond as stated above, or otherwise from available amounts under the Master Indenture, or by issuing bonds for such purpose under the Master Indenture;

WHEREAS, in furtherance of the foregoing, the Executive Director and the Finance Committee have recommended that the Commission proceed with the issuance of the obligations described above, and with the authorization, execution and delivery of certain financing documents, drafts of which have been presented by the Commission’s Financial Advisor and Bond Counsel to the Finance Committee and to the Commission, including the following (collectively, the “Bond Documents”):

- (a) A Second Supplemental Series Indenture of Trust between the Commission and the Trustee (the “Second Series Supplement”), relating to the issuance of the TIFIA Series 2019 Bond;

- (c) The form of the TIFIA Series 2019 Bond, attached as Exhibit B to the Second Series Supplement;
- (d) A Third Supplemental Series Indenture of Trust between the Commission and the Trustee (the “Third Series Supplement”), relating to the issuance of the Series 2019 Notes;

(e) The form of the Series 2019 Notes, attached as Exhibit A to the Third Series Supplement;

(f) A Bond Purchase Agreement between the Commission and the underwriters appointed by the Commission (the “Bond Purchase Agreement”), relating to the sale of the Series 2019 Notes;

(g) A Preliminary Official Statement furnishing information to prospective purchasers of the Series 2019 Notes regarding the Commission, the Series 2019 Notes and the security therefor (the “Preliminary Official Statement”); and

(h) A Continuing Disclosure Undertaking of the Commission, in accordance with Securities Exchange Commission Rule 15c2-12, as amended (the “Municipal Securities Rule”), to periodically provide certain updated disclosures to the municipal securities market regarding the Commission, the Series 2019 Notes and the security therefor;

and

WHEREAS, the Commission has determined that it would be in the best interests of the Commission to authorize the Executive Director to finalize the terms of the TIFIA Series 2019 Bond, the Series 2019 Notes, and the Bond Documents with the assistance of the Financial Advisor, Bond Counsel and the Commission’s general counsel, and to cause the execution and delivery thereof, subject to the limitations and parameters hereinafter provided in this Resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE HAMPTON ROADS TRANSPORTATION ACCOUNTABILITY COMMISSION:

1. The Commission authorizes and approves the issuance of the TIFIA Series 2019 Bond, in one or more series, and the Series 2019 Notes, in one or more series, under the Master Indenture.

2. The Commission is authorized to enter into the TIFIA Loan Agreement to obtain a secured loan from the TIFIA Lender in the initial principal amount of up to \$550,000,000, which amount may be increased from time to time, to the extent permitted under the TIFIA Loan Agreement, to reflect the amount of interest on the disbursed amount of the loan that is not currently paid by the Commission.

3. The Commission authorizes and directs the Executive Director to develop, negotiate and finalize, with the advice of the Financial Advisor, Bond Counsel and the Commission’s general counsel, the structure, terms and conditions of the TIFIA Series 2019 Bond and the Series 2019 Notes, including, without limitation, their series designations, dated dates, principal amounts, interest rates, maturity dates, redemption and prepayment provisions (if any), sales prices, and principal amounts in each maturity of each series, subject to the following parameters:

- (i) the TIFIA Series 2019 Bond and the Series 2019 Notes shall be issued in accordance with the form and requirements of the Master Indenture and the applicable Series Supplement (as finalized in accordance with the terms of this Resolution);
- (ii) the original principal amount of the TIFIA Series 2019 Bond shall not exceed \$550,000,000, subject to increase as set forth above;
- (iii) the interest rate on the TIFIA Series 2019 Bond shall be equal to a fixed interest rate calculated by adding one basis point (.01%) to the rate of securities of a similar final maturity as published on the execution date of the TIFIA Loan Agreement in the United States Treasury Bureau of Public Debt's daily rate table for State and Local Government Series (SLGS) securities; provided, that the interest rate on the TIFIA Series 2019 Bond shall not be less than the yield on 30-year United States Treasury securities as of such date; and provided further, that, upon the occurrence and during the continuance of a payment default, the interest rate with respect to any overdue principal amount shall be the applicable default rate specified in the TIFIA Loan Agreement;
- (iv) the TIFIA Series 2019 Bond shall have a final maturity date not later than 40 years from the date of its issuance;
- (v) the principal amount of the Series 2019 Notes shall not exceed \$500,000,000;
- (vi) the Series 2019 Notes shall have a final maturity date not later than five years from their dated date; and
- (vii) the Series 2019 Notes shall bear interest at the interest rate or rates as shall be approved by the Executive Director; provided, that the weighted average yield on the Series 2019 Notes, computed using the stated interest rate or rates and the stated original offering price or prices on the Series 2019 Notes, shall not be greater than 5.00%.

4. The Bond Documents are approved; the Chair or Vice Chair of the Commission, either of whom may act (the "HRTAC Representative"), is authorized to execute and deliver the Bond Documents on the Commission's behalf, with such changes, insertions or omissions (not inconsistent with the parameters in Sections 2 and 3 above) as may be finalized by the Executive Director in accordance with the terms of this Resolution with the advice of the Financial Advisor, Bond Counsel and the Commission's general counsel. Such authorization and approval shall be evidenced conclusively by the execution and delivery of the finalized Bond Documents by the HRTAC Representative. Each HRTAC Representative and the Executive Director are appointed as the "Borrower's Authorized Representative" under the TIFIA Loan Agreement.

5. The Commission hereby appoints J.P. Morgan Securities LLC to serve as the senior managing underwriter for the sale of the Series 2019 Notes, together with any co-managers selected by the Executive Director, and authorizes the sale of the Series 2019 Notes to such underwriters by negotiated sale.

6. The Commission authorizes the distribution of the Preliminary Official Statement for the Series 2019 Notes, provided that the HRTAC Representative or the Executive Director, either of whom may act, is authorized to “deem final” such Preliminary Official Statement as of the date of its distribution, subject to the omission of final pricing information as permitted by the Municipal Securities Rule. Such officials are each individually further authorized to approve such completions, omissions, insertions and other changes to the Preliminary Official Statement, specifying the terms of the Series 2019 Notes, together with any other information required by law to reflect the terms of the sale of the Series 2019 Notes, the details thereof and the security therefor, as may be necessary or appropriate to complete it as a final Official Statement with respect to the Series 2019 Notes. The HRTAC Representative or the Executive Director, any of whom may act, is authorized to review, and certify as to the accuracy of, the information set forth in the Official Statement describing the Commission, the Series 2019 Notes or the security therefor. Such officials are each further authorized to execute the final Official Statement and deliver the same to the underwriters, and such execution and delivery shall constitute conclusive evidence that such Official Statement has been deemed a “final official statement” (as defined in the Municipal Securities Rule).

7. After the TIFIA Series 2019 Bond and the Series 2019 Notes are sold, (i) the HRTAC Representative is authorized and directed to take all necessary or proper steps to have such final obligations prepared in accordance with the terms of the Master Indenture and the respective Series Supplement and to execute the TIFIA Series 2019 Bond and the Series 2019 Notes by manual or facsimile signature, (ii) the Executive Director is authorized to countersign the TIFIA Series 2019 Bond and the Series 2019 Notes by manual or facsimile signature, and (iii) any such official is authorized to deliver the TIFIA Series 2019 Bond and the Series 2019 Notes to the applicable purchaser or underwriters upon receipt of the purchase price therefor.

8. The HRTAC Representative and the Executive Director, either of whom may act, is authorized and directed to execute, deliver and file all certificates and documents, and take all further action, as he or she may consider necessary or appropriate in accordance with the terms of this Resolution in connection with the issuance and sale of the TIFIA Series 2019 Bond and the Series 2019 Notes, including, without limitation, and with the advice of Bond Counsel, (a) execution and delivery of a certificate setting forth the expected use and investment of the proceeds of the Series 2019 Notes to show that such expected use and investment will not violate the provisions of Section 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations promulgated thereunder (the “Tax Code”), (b) making any elections that such officials deem desirable including but not limited to regarding payments of rebate to the United States, and (c) filing Internal Revenue Service Form 8038-G.

9. The Executive Director and the Commission’s staff shall monitor and comply with applicable provisions of the Commission’s Post-Issuance Compliance Policies and Procedures as the same may be amended and supplemented.

10. The Executive Director is authorized to utilize the State Non-Arbitrage Program of the Commonwealth of Virginia (“SNAP”) in connection with the investment of proceeds of the TIFIA Series 2019 Bond or the Series 2019 Notes, if the Executive Director determines, with the advice of the PFM Asset Management LLC, as investment advisor, that the utilization of SNAP is

in the best interest of the Commission. The Commission acknowledges that the Treasury Board of the Commonwealth is not, and shall not be, in any way liable to the Commission in connection with SNAP, except as otherwise provided in the standard form SNAP Contract utilized by state and local governmental entities within the Commonwealth.

11. The Executive Director and the Commission's staff are further authorized to take such actions as may be necessary or appropriate to provide for the deposit and investment of funds to carry out the Commission's purposes in accordance with the Commission's adopted budget, the Master Indenture and the HRTAC Act, both prior to and following the issuance of the TIFIA Series 2019 Bond and the Series 2019 Notes, including, without limitation, by the funding of a reserve for administrative operating expenses, the provision for payment of debt service on the TIFIA Series 2019 Bond and the Series 2019 Notes, the establishment and replenishment of reserves, and the deposit and investment of the proceeds of the TIFIA Series 2019 Bond and Series 2019 Note and Commission revenues in the various funds and accounts established by the Master Indenture and the respective Series Supplement or any supplemental indenture. Any of such Series Supplement or supplemental indenture may have a different and additional numbered supplemental designation if necessary, desirable or in connection with the issuance of the TIFIA Series 2019 Bond or the Series 2019 Notes.

12. In connection herewith and in order to provide for the timely spending of the proceeds of the 2018A Bonds, the Commission hereby authorizes the expenditure of such 2018A Bond proceeds on the Hampton Roads Bridge Tunnel project, which was previously approved by the Commission on March 21, 2019, including any necessary amendments or supplements to the Master Indenture to provide for same. Furthermore, the Commission hereby authorizes each HRTAC Representative and the Executive Director, either of whom may act, to execute and deliver any amendments to the Commission's Continuing Disclosure Undertaking with respect to the 2018A Bonds to update certain disclosure provided to the municipal securities market in accordance with the Municipal Securities Rule.

13. Each HRTAC Representative and the Executive Director is authorized to execute and deliver on the Commission's behalf such other instruments, documents or certificates, and to do and perform such further things and acts, as he or she shall deem necessary or appropriate to carry out in accordance with the terms of this Resolution the transactions authorized by this Resolution or contemplated by the Master Indenture or any supplement thereto. Any of the foregoing previously done or performed by any officer or authorized representative of the Commission is in all respects approved, ratified and confirmed.

14. This Resolution shall take effect immediately.

(d) The 2019A Notes are secured as provided in Article VI of this Third Series Supplement.

(e) Interest on the 2019A Notes through _____ shall be payable from amounts on deposit in the 2019A Capitalized Interest Subaccount. (b) Each 2019A Note shall bear interest (i) from the Dated Date, if such 2019A Note is authenticated before _____, 2019, or (ii) otherwise from the Interest Payment Date that is, or immediately precedes, the date on which such 2019A Note is authenticated; provided, however, that if at the time of authentication any payment of interest is in default, such 2019A Note shall bear interest from the date to which interest has been paid. (c) Interest on the 2019A Notes shall be payable by checks or drafts mailed to the Owners thereof at their addresses as they appear on the fifteenth day of the month preceding the Interest Payment Date on the registration books kept by the Trustee. Principal of and premium, if any, on the 2019A Notes shall be payable to the Owners thereof upon the surrender of the 2019A Notes at the Trustee's corporate trust office in Richmond, Virginia.

(d) Notwithstanding the foregoing, for so long as Cede & Co. or other nominee of DTC is Owner of all of the 2019A Notes, principal of and premium, if any, and interest on the 2019A Notes shall be payable as provided in the Letter of Representations.

(e) The principal of and premium, if any, and interest on the 2019A Notes shall be payable in lawful money of the United States of America.

Section 2.3 Book Entry Provisions for the 2019A Notes. (a) The 2019A Notes will be registered in the name of Cede & Co., a nominee of The Depository Trust Company, New York, New York ("DTC"), and immobilized in DTC's custody. One fully registered 2019A Note for the original principal amount of each maturity of the 2019A Notes will be registered to Cede & Co. Beneficial owners of the 2019A Notes will not receive physical delivery of the 2019A Notes. Individual purchases of the 2019A Notes may be made in book-entry form only in original principal amounts of \$5,000 and integral multiples of \$5,000. For as long as the 2019A Notes are held in book-entry format, payments of principal of and premium, if any, and interest on the 2019A Notes will be made to DTC or its nominee as the sole Owner on the applicable Payment Date in accordance with the Letter of Representations.

DTC is responsible for the transfer of the payments of the principal of and premium, if any, and interest on the 2019A Notes to the participants of DTC, which include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations (the “Participants”). Transfer of the payments of the principal of and premium, if any, and interest on the 2019A Notes to the beneficial owners of the 2019A Notes is the responsibility of the Participants and other nominees of such beneficial owners.

Transfer of beneficial ownership interests in the 2019A Notes shall be made by DTC and its Participants, acting as nominees of the beneficial owners of the 2019A Notes, in accordance with rules specified by DTC and its Participants. Neither HRTAC nor the Trustee makes any assurances that DTC, its Participants or other nominees of the beneficial owners of the 2019A Notes will act in accordance with such rules or on a timely basis.

HRTAC and the Trustee disclaim any responsibility or obligations to the Participants or the beneficial owners with respect to (i) the accuracy of any records maintained by DTC or any Participant, (ii) the payment by DTC or any Participant of any amount due to any beneficial owner in respect of the principal of and premium, if any, and interest on the 2019A Notes, (iii) the delivery by DTC or any Participant of any notice to any beneficial owner that is required or permitted under the terms of the Master Indenture or this Third Series Supplement to be given to Owners of the 2019A Notes, (iv) the selection of the beneficial owners to receive payment in any partial redemption of the 2019A Notes, or (v) any consent given or other action taken by DTC as Owner.

So long as Cede & Co., as nominee of DTC, is the sole Owner of the 2019A Notes, references in the Master Indenture or this Third Series Supplement to the Owners or registered owners of the 2019A Notes shall mean Cede & Co. and not the beneficial owners of the 2019A Notes. Any notice to or consent requested of Owners of 2019A Notes under the Master Indenture or this Third Series Supplement shall be given to or requested of Cede & Co.

(b) Replacement Notes (the “Replacement Notes”) will be registered in the name of and be issued directly to beneficial owners of the 2019A Notes rather than to DTC, or its nominee, but only if:

(1) DTC determines not to continue to act as securities depository for the 2019A Notes; or

(2) The Trustee or HRTAC has advised DTC of HRTAC’s determination that DTC is incapable of discharging its duties or that it is otherwise in the best interests of the beneficial owners of the 2019A Notes to discontinue the book-entry system of transfer.

(c) Upon the occurrence of an event described in subsection (b)(1) or (2) above (but the Trustee and HRTAC have no duty or undertake no obligation to make any investigation regarding the matters described in subsection (b)(2) above), HRTAC may attempt to locate another qualified securities depository. If HRTAC fails to locate another qualified securities depository to replace DTC, HRTAC shall execute and the Trustee shall authenticate and deliver to the Participants the Replacement Notes (substantially in the form set forth in

Exhibit B with such appropriate variations, omissions and insertions as are permitted or required by the Master Indenture or this Third Series Supplement) to which the Participants are entitled for delivery to the beneficial owners of the 2019A Notes. The Trustee shall be entitled to rely on the records provided by DTC as to the Participants entitled to receive Replacement Notes. The Owners of the Replacement Notes shall be entitled to the lien and benefits of the Master Indenture and this Third Series Supplement.

Section 2.4 Form of 2019A Notes. Each of the 2019A Notes shall be substantially in the form attached as Exhibit B to this Third Series Supplement, with such appropriate variations, omissions and insertions as permitted or required by the Master Indenture or this Third Series Supplement. There may be endorsed on any of the 2019A Notes such legend or text as may be necessary or appropriate to conform to any applicable rules and regulations of any governmental authority or any usage or requirement of law.

Section 2.5 Authentication of 2019A Notes. (a) Each 2019A Note shall bear a certificate of authentication, substantially as set forth in the form of the 2019A Note attached as Exhibit B, duly executed by the Trustee. The Trustee shall authenticate each 2019A Note with the signature of one of its authorized officers or employees, but it shall not be necessary for the same person to authenticate all of the 2019A Notes. Only such authenticated 2019A Notes shall be entitled to any right or benefit under the Master Indenture or this Third Series Supplement, and such certificate on any 2019A Note shall be conclusive evidence that the 2019A Note has been duly issued under and is secured by the provisions of the Master Indenture and this Third Series Supplement.

(b) The Trustee shall authenticate and deliver the 2019A Notes when there have been filed with it the following:

(a) The various documents, certificates and opinions required under Section 5.3 of the Master Indenture; and

(b) An Officer's Certificate showing compliance with the provisions of [Section ____ of the Second Series Supplement and] Section 17 of the TIFIA Loan Agreement, with respect to the issuance of the 2019A Notes as Intermediate Lien Obligations.

(c) Upon the delivery of the 2019A Notes, the proceeds of the Series 2019 Bonds shall be applied as set forth in Section 4.2 below.

(c) The 2019A Notes will not be secured by a debt service reserve account. The owners of the Series 2019A Notes are not entitled to the benefits of any debt service reserve account established for the benefit of any other Series of Bonds.

Section 4.2 Application of Sale Proceeds of the 2019A Notes. On the Closing Date, the Trustee shall apply the total amount received from the underwriters of the 2019A Notes in payment therefor (i.e., \$_____, which is the principal amount of \$_____, [plus] [less] original issue [premium] [discount] of \$_____, less underwriting discount of \$_____), as follows:

Disbursements from the 2019A Cost of Issuance Fund shall be made by the Trustee to HRTAC or as directed by HRTAC upon receipt by the Trustee of a requisition

(upon which the Trustee shall be entitled to rely) signed by an HRTAC Representative and containing all information called for by, and otherwise being in the form of, Exhibit C-1.

(b) Any amount deposited in the 2019A Cost of Issuance Fund as described in Section 4.2(a)(1) that is not applied in accordance with Section 9.1 of the Master Indenture to pay the costs of issuance of the 2019A Notes shall be transferred to the Project Fund and applied as set forth in Section 5.2 below.

Section 5.2 Project Fund. (a) The Trustee will apply the amounts in the 2019A Project Fund to the payment or reimbursement of the costs of the 2019A Note Projects as directed by HRTAC from time to time. Disbursements from the 2019A Project Fund shall be made by the Trustee to HRTAC or as directed by HRTAC upon receipt by the Trustee of a requisition (upon which the Trustee shall be entitled to rely) signed by an HRTAC Representative and containing all information called for by, and otherwise being in the form of, Exhibit C-2.

(b) If the Trustee receives an Officer's Certificate stating that certain amounts in the 2019A Project Fund will not be necessary to pay the costs of the 2019A Note Projects, the Trustee shall then apply any remaining balance at the direction of an HRTAC Representative in such manner as will not, in the Opinion of Bond Counsel delivered to HRTAC and the Trustee, have an adverse effect on the tax-exempt status of the 2019A Notes.

Monthly transfers into the 2019A Note Debt Service Fund under Section 8.1(b) of the Master Indenture shall be in an amount not less than one-sixth of the interest due on the 2019A Notes on the next ensuing Interest Payment Date,

If, on the 2019A Notes Principal Payment Date, any moneys remain in the 2019A Capitalized Interest Subaccount after the transfers required by the preceding sentence, the remainder shall be applied to the payment of principal on the 2019A Notes in the event there are insufficient other moneys to make such payment in full, or to pay costs of the 2019A Note Projects.

(b) On or before the 2019A Notes Principal Payment Date, HRTAC shall transfer to the Trustee for deposit into the Series 2019 Principal Account an amount from the proceeds of disbursements under the TIFIA Loan Agreement equal to the principal payment due with respect to the 2019A Notes on such date. Section 5.4 Rebate Fund. The Trustee shall invest and apply amounts on deposit in the 2019A Rebate Fund as directed by Officer's Certificates provided pursuant to and in accordance with the Master Indenture.

ARTICLE VI SPECIAL COVENANTS

Section 6.1 Security for the 2019A Notes

(a) The 2019A Notes shall be issued pursuant to the Master Indenture and this Third Series Supplement as Intermediate Lien Obligations and shall be (a) equally and ratably secured with respect to the HRTAC Revenues and certain Funds, Accounts and Subaccounts established under the Master Indenture with any other Series of Intermediate Lien Obligations of HRTAC issued pursuant to Article V of the Master Indenture, without preference, priority or distinction of any Intermediate Lien Obligations over any other Intermediate Lien Obligations, and (b) secured with respect to certain Funds, Accounts and Subaccounts in accordance with the provisions of this Third Series Supplement. Notwithstanding anything in the Indenture to the contrary and as provided in Section 2.1(b) of the Master Indenture, the money and investments held in the 2019A Project Fund and in the 2019A Note Debt Service Fund, including the 2019A Capitalized Interest Subaccount, are pledged to secure the 2019A Notes.

(b) There is hereby created an irrevocable pledge and lien upon the proceeds of disbursements under the TIFIA Loan Agreement solely for the benefit of the Owners of the 2019A Notes authorized herein. The pledge hereby made shall be valid and binding from and after the time of the delivery of the first 2019A Bond Anticipation Note authenticated and delivered under this Supplemental Resolution. Pursuant to Section 33.2-1920 of the Virginia Code and Section 33.2-2606 of the HRTAC Act, the proceeds so pledged and thereafter received by HRTAC shall immediately be subject to the lien of the pledge hereunder without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Commission, irrespective of whether such parties have notice thereof.

(c) The 2019A Notes shall be issued pursuant to the Master Indenture and this Third Series Supplement and shall be (a) equally and ratably secured with respect to the HRTAC Revenues and certain Funds, Accounts and Subaccounts established under the Master Indenture with any other Series of Intermediate Lien Obligations of HRTAC issued pursuant to Article ____ of the Master Indenture, without preference, priority or distinction of any Intermediate Lien Obligations over any other Intermediate Lien Obligations , and (b) secured with respect to certain Funds, Accounts and Subaccounts in accordance with the provisions of this Third Series

Supplement. Notwithstanding anything in the Indenture to the contrary and as provided in Section 2.1(b) of the Master Indenture, the money and investments held in the 2019A Project Fund and in the 2019A Note Debt Service Fund, including the 2019A Capitalized Interest Subaccount, are pledged to secure the 2019A Notes.

Section 6.2 Covenant to Requisition Under TIFIA Loan Agreement and to Take Further Actions in the Event Such Moneys are Insufficient.

HRTAC hereby covenants to take all actions necessary to ensure that it will submit a timely requisition by the last business day of the month that precedes the 2019A Notes Principal Payment Date by two months such that sufficient monies under the TIFIA Loan Agreement may be disbursed to pay the 2019A Notes in full on the 2019A Notes Principal Payment Date. In the event the amounts received under the TIFIA Loan Agreement are insufficient to pay the principal on the 2019A Notes in full on the 2019A Notes Principal Payment Date, HRTAC hereby agrees to use its best efforts to find an alternative financing solution, which could include the issuance of rollover bond anticipation notes and/or other Bonds secured by HRTAC Revenues under the Master Indenture.

Section 6.3 Tax Regulatory Agreement. (a) HRTAC agrees that it will not take any action, or omit to take any action, if any such action or omission would adversely affect the excludability from gross income of interest on the 2019A Notes under Section 103 of the Tax Code. HRTAC agrees that it will not directly or indirectly use or permit the use of any proceeds of the 2019A Notes or any other funds of HRTAC or take or omit to take any action that would cause the 2019A Notes to be “arbitrage bonds” under Section 148(a) of the Tax Code. To these ends, HRTAC will comply with all requirements of Sections 141 through 150 of the Tax Code, including the Rebate Requirement, to the extent applicable to the 2019A Notes.

(b) Without limiting the generality of the foregoing, HRTAC agrees that (i) it will not directly or indirectly use or permit the use of the proceeds of the 2019A Notes except in accordance with the 2019A Tax Regulatory Agreement and (ii) insofar as the 2019A Tax Regulatory Agreement imposes duties and responsibilities on HRTAC, the 2019A Tax Regulatory Agreement is specifically incorporated by reference into this Section.

(c) The Trustee agrees to comply with all written instructions of an HRTAC Representative given in accordance with the 2019A Tax Regulatory Agreement, but the Trustee shall not be required to ascertain whether the instructions comply with the 2019A Tax Regulatory Agreement. The Trustee shall be entitled to receive and may request from time to time from HRTAC written instructions from a nationally-recognized bond counsel acceptable to the Trustee regarding the interpretation of Sections 141 through 150 of the Tax Code, and the Trustee agrees that it will comply with such instructions (upon which the Trustee and HRTAC may conclusively rely) so as to enable HRTAC to perform its covenants under this Section.

(b) Notwithstanding any provisions of this Section, if HRTAC shall provide to the Trustee an opinion of nationally-recognized bond counsel addressed and acceptable to HRTAC and the Trustee to the effect that any action required under this Section by incorporation or otherwise is not required or is no longer required to maintain the excludability from gross

income of the interest on the 2019A Notes under Section 103 of the Tax Code, HRTAC and the Trustee may rely conclusively on such opinion in complying with the provisions of this Section.

PRINCIPAL AMOUNT:

HAMPTON ROADS TRANSPORTATION ACCOUNTABILITY COMMISSION, a body politic and a political subdivision of the Commonwealth of Virginia (“HRTAC”), acknowledges itself indebted and for value received promises to pay upon surrender of this Note at the corporate trust office of WILMINGTON TRUST, NATIONAL ASSOCIATION, or its successor, as trustee and paying agent (the “Trustee”) under the Indenture (as defined below), to the registered owner of this Note (the “Owner”), or registered assigns or legal representative, the principal sum stated above on the maturity date stated above, and to pay interest on this Note semiannually on each _____ and _____, commencing _____, at the annual rate stated above, solely from the sources pledged for such purpose as described below. The principal of and premium, if any, and interest on this Note are payable in lawful money of the United States of America.

“Indenture” means the Master Indenture of Trust dated as of February 1, 2018 (the “Master Indenture”), between HRTAC and Wilmington Trust, National Association, or its successor, as trustee (the “Trustee”), as supplemented by the First Supplemental Series Indenture of Trust dated as of February 1, 2018 (the “First Supplemental Indenture”), the Second Supplemental Series Indenture of Trust dated as of _____, 2019 (the “Second Supplemental Indenture”) and the Third Supplemental Series Indenture of Trust dated as of _____, 2019 (the “Third Series Supplement”) and together with the First Supplemental Indenture, the Second Supplemental Indenture, and the Master Indenture, the “Indenture”), between HRTAC and the Trustee. Unless otherwise defined, each capitalized term used in this Note has the meaning given it in the Indenture.

Interest is payable (i) from the dated date set forth above (the “Dated Date”), if this Note is authenticated before _____, 2019, or (ii) otherwise from the Interest Payment Date that is, or immediately precedes, the date on which this Note is authenticated (unless payment of interest on this Note is in default, in which case this Note shall bear interest from the date to which interest has been paid). Interest on this Note is computed on the basis of a year of 360 days and twelve 30-day months.

Interest is payable by check or draft mailed to the holder of this Note at the address that appears on the fifteenth day of the month preceding each Interest Payment Date on the registration books kept by the Trustee. Notwithstanding the foregoing, if (i) the Owner of this Note owns at least \$1,000,000 in aggregate principal amount of Notes (as defined below), and (ii) such Owner has provided satisfactory prior notice to the Trustee regarding payment by wire transfer, then interest shall be paid to such Owner by wire transfer. Notwithstanding anything to the contrary contained in this Note or in the Indenture, for so long as Cede & Co. or any other nominee of The Depository Trust Company (“DTC”) is the Owner of all of the Notes, the principal of and premium, if any, and interest on this Note shall be payable pursuant to the additional requirements provided under the Letter of Representations.

If the date of maturity of the principal of this Note or the date fixed for the payment of interest on this Note shall not be a Business Day (as defined in the Indenture), then payment of principal, premium, if any, and interest need not be made on such date, but may be made on the next succeeding Business Day, and, if made on such next succeeding Business Day, no additional interest shall accrue for the period after such date of maturity or date fixed for the payment of interest.

This Note and the issue of which it is a part and the premium, if any, and the interest on them are limited obligations of HRTAC and payable solely from the revenues, moneys and other property pledged to the Trustee for such purpose under the Indenture on a parity with the other Notes issued simultaneously herewith and the other Outstanding Intermediate Lien Obligations now or hereafter to be issued under the Indenture. THE PRINCIPAL OF AND PREMIUM, IF ANY, AND INTEREST ON THIS NOTE SHALL NOT BE DEEMED TO CONSTITUTE A DEBT OF THE COMMONWEALTH OF VIRGINIA OR ANY POLITICAL SUBDIVISION THEREOF (INCLUDING ANY MEMBER LOCALITY) OTHER THAN HRTAC. THIS NOTE SHALL NOT CONSTITUTE AN INDEBTEDNESS WITHIN THE MEANING OF ANY DEBT LIMITATION OR RESTRICTION EXCEPT AS PROVIDED UNDER THE APPLICABLE PROVISIONS OF THE VIRGINIA CODE.

This Note is one of an issue of \$_____ Hampton Roads Transportation Fund Intermediate Lien Bond Anticipation Notes, Series 2019A (the “Notes”), of like date and tenor, except as to number, denomination, rate of interest, and maturity, authorized and issued by HRTAC pursuant to Chapter 26, Title 33.2, Code of Virginia of 1950, as amended, resolutions adopted by HRTAC on June 16, 2016, December 14, 2017, and _____, 2019 and the Indenture, to provide proceeds to be used, along with other available funds, to pay the issuance and financing costs of the Notes, and to pay the costs of the construction and acquisition of the transportation facilities and projects described in Exhibit A to the Third Series Supplement. The Notes are issued as and constitute Intermediate Lien Obligations within the meaning of such term in the Indenture.

Reference is made to the Indenture and all amendments and supplements to it for a description of the provisions, among others, with respect to the nature and extent of the security for the Notes, the rights, duties and obligations of HRTAC and the Trustee, the rights of the Owners of the Notes and the terms upon which the Notes are issued and secured. HRTAC's authority to receive any or all of the taxes or other revenues pledged to the Trustee for payment of the Notes pursuant to the Indenture is subject to appropriation by the General Assembly of the Commonwealth, and neither the General Assembly nor HRTAC can or will pledge, covenant or agree to impose or maintain at any particular rate or level any of such taxes or other revenues.

HRTAC may from time to time hereafter issue additional bonds ranking senior to, equally with or subordinate to the Notes for certain purposes on the terms provided in the Indenture.

The Owner of this Note shall have no right to enforce the provisions of the Indenture or to take any action with respect to any Event of Default under the Indenture or to institute, appear in or defend any suit or other proceedings with respect to it, except as provided in the Indenture.

Modifications or alterations of the Indenture, or of any supplement to it, may be made only to the extent and in the circumstances permitted by the Indenture.

The Notes are issuable as registered bonds in denominations of \$5,000 and integral multiples of \$5,000. Upon surrender for transfer or exchange of this Note at the Trustee's designated corporate trust office, HRTAC shall execute and the Trustee shall authenticate and deliver in the name of the transferee or transferees or Owner, as applicable, a new Note or Notes of like date, tenor and of any authorized denomination for the aggregate principal amount any such transferee or Owner is entitled to receive, subject in each case to such reasonable regulations as HRTAC or the Trustee may prescribe. When presented for transfer, exchange, or payment, this Note must be accompanied by a written instrument or instruments of transfer or authorization for exchange, in form and substance reasonably satisfactory to HRTAC and the Trustee, duly executed by the Owner or by his or her duly authorized attorney-in-fact or legal representative. Any such transfer or exchange shall be at HRTAC's expense, except that the Trustee may charge the person requesting such transfer or exchange the amount of any tax or other governmental charge required to be paid with respect to it.

The Owner of this Note shall be treated as the person exclusively entitled to payment of principal, premium, if any, and interest and the exercise of all other rights and powers of the Owner, except that interest payments shall be made to the person registered as Owner on the fifteenth day of the month preceding each Interest Payment Date.

All acts, conditions and things required to happen, exist or be performed precedent to and in the issuance of this Note have happened, exist and have been performed.

This Note shall not become obligatory for any purpose, be entitled to any security or benefit under the Indenture or be valid until the Trustee has executed the Certificate of Authentication appearing on this Note and inserted the date of authentication.

This Official Statement has been prepared by the Hampton Roads Transportation Accountability Commission ("HRTAC" or the "Commission") to provide information on the above-referenced bonds (the "Series 2019A Notes"). Selected information is presented on this cover page for the convenience of the reader. To make an informed decision regarding the Series 2019A Notes, a prospective investor should read this Official Statement in its entirety.

Security/Payment

The Series 2019A Notes are limited obligations of HRTAC that are payable solely from the funds pledged by HRTAC for such purpose under the hereinafter described Master Indenture, subordinate to the pledge of such funds to Senior Bonds,, as described in "SECURITY FOR AND SOURCES OF PAYMENT OF THE SERIES 2019A NOTES." The pledged funds consist of amounts credited by the Commonwealth of Virginia (the "Commonwealth") to the Hampton Roads Transportation Fund (the "HRTF"), a nonreverting fund held by the State Treasurer and recorded on the books of the Comptroller of Virginia, and transferred to HRTAC for inclusion in the HRTAC Revenues (defined herein). The HRTF includes revenues generated by (i) an additional 0.7% retail sales and use tax on transactions occurring in HRTAC's Member Localities (defined herein), and (ii) an additional 2.1% wholesale motor vehicle fuels sales tax on transactions occurring in the Member Localities. The Member Localities are located in the Hampton Roads region of southeastern Virginia ("Hampton Roads"). The continued availability of these tax revenues for deposit in the HRTF remains subject to annual appropriation by the General Assembly of the Commonwealth. The General Assembly may eliminate or change the source of funds for the HRTF at any time. HRTAC relies entirely on the Commonwealth to collect and deposit such funds in the HRTF and to transfer them to HRTAC for inclusion in the HRTAC Revenues. HRTAC has no taxing powers. The Series 2019A Notes are not a debt of the Commonwealth or any political subdivision thereof (including any Member Locality) other than HRTAC. Neither the faith and credit nor the taxing power of the Commonwealth or any of its political subdivisions (including any Member Locality) is pledged to the payment of the Series 2019A Notes. In addition, the Series 2019A Notes are payable from the proceeds of disbursements received by HRTAC under the TIFIA Loan Agreement. INTERMEDIATE LIEN BOND ANTICIPATION NOTES
SERIES 2019A**

INTRODUCTION

The purpose of this Official Statement, including the cover page and Appendices hereto, is to set forth certain information in connection with the issuance by the Hampton Roads Transportation Accountability Commission (“HRTAC” or the “Commission”) of its \$ _____* Hampton Roads Transportation Fund Intermediate Lien Bond Anticipation Notes, Series 2019A (the “Series 2019A Notes”).

This information speaks as of its date and is not intended to indicate future or continuing trends in the financial or economic position of HRTAC or of the revenues that will be credited to the Hampton Roads Transportation Fund (the “HRTF”) (as described herein) and transferred to HRTAC. The following material is qualified in its entirety by the detailed information and financial statements appearing elsewhere in this Official Statement, including the Appendices hereto, reference to which is hereby made for all purposes.

Unless otherwise defined in this Official Statement, all capitalized terms shall have the meanings as set forth in Appendix A – “DEFINITIONS AND SUMMARIES OF THE MASTER INDENTURE AND THE 2019A SERIES SUPPLEMENT.”

Hampton Roads Transportation Accountability Commission

HRTAC is a body politic and a political subdivision of the Commonwealth of Virginia (the “Commonwealth”) created pursuant to the Code of Virginia of 1950, as amended (the “Virginia Code”), under Title 33.2, Chapter 26, thereof (the “HRTAC Act”), and empowered to finance and construct highway, bridge and tunnel projects in Planning District 23 of the Commonwealth. Planning District 23 is an area designated by the Virginia Department of Housing and Community Development (“DHCD”) to provide a forum for addressing regional cooperation among local governments in the Hampton Roads region of southeastern Virginia (“Hampton Roads”). As provided by the HRTAC Act, the Commission embraces all of the cities and counties in Planning District 23, which currently include the Counties of Isle of Wight, James City, Southampton, and York, and the Cities of Chesapeake, Franklin, Hampton, Newport News, Norfolk, Poquoson, Portsmouth, Suffolk, Virginia Beach and Williamsburg (collectively, the “Member Localities”). All of the Member Localities other than Southampton County and the City of Franklin are located in the Virginia portion of the Virginia Beach-Norfolk-Newport News Metropolitan Statistical Area (the “Hampton Roads MSA”). The Counties of Mathews and Gloucester are included in the Hampton Roads MSA but are not Member Localities. Cities and counties in the Commonwealth are independent entities; therefore, the Member Localities do not overlap. Certain local governments, including but not limited to HRTAC’s Member Localities, have agreed to assemble as the Hampton Roads Planning District Commission (“HRPDC”); however, the Member Localities (and sources of taxable transactions generating revenues for the HRTF) are limited to the localities designated by DHCD as constituting Planning District 23 and are not entirely identical to the membership of HRPDC. The membership of

* Preliminary, subject to change.

HRTPO is also not exactly the same as the composition of Planning District 23; for example, HRTPO includes Gloucester County which is not a Member Locality.

The HRTF was established as a nonreverting fund in the State Treasury under Chapter 766, 2013 Va. Acts of Assembly (“Chapter 766”), enacted on April 3, 2013. Pursuant to Chapter 766, the General Assembly of the Commonwealth (the “General Assembly”) dedicated to the HRTF all of the revenues generated by (i) an additional 0.7% retail sales and use tax on transactions occurring within the Member Localities, and (ii) an additional 2.1% wholesale motor vehicle fuels sales tax on transactions occurring in the Member Localities, each of which became effective on July 1, 2013. See “HAMPTON ROADS TRANSPORTATION FUND—HRTF Revenues.”

Funds in the HRTF were originally to be directed by the Hampton Roads Transportation Planning Organization (“HRTPO”). However, pursuant to statutory changes set forth in Chapter 545, 2014 Va. Acts of Assembly (“Chapter 545”), enacted on April 3, 2014, HRTAC was created and replaced HRTPO as the entity directing the use of the HRTF funds. HRTAC collaborates with HRTPO to set transportation funding priorities on the basis of a regional consensus developed by HRTPO. HRTAC does not replace the planning function of HRTPO, but serves primarily as a financing vehicle for regional transportation projects. See “HAMPTON ROADS TRANSPORTATION FUND” and “DEVELOPMENT OF CAPITAL EXPENDITURE AND FUNDING PLANS.” Decisions of HRTAC are subject to a supermajority voting test, including an affirmative vote by the present and voting elected officials who represent Member Localities that collectively contain at least two-thirds of the region’s population.

The HRTAC Act provides, among other things, that the Commission shall use the moneys from the HRTF solely for the purposes of (i) funding new construction projects on new or existing highways, bridges, and tunnels in the Member Localities, giving priority to projects expected to provide the greatest impact on reducing congestion for the greatest number of citizens residing within the Member Localities and (ii) paying the Commission’s administrative and operating expenses as provided in the Commission’s annual budget. See “HAMPTON ROADS TRANSPORTATION ACCOUNTABILITY COMMISSION—HRTAC Annual Budget” herein, and “Table 5: HRTAC Operating Budget, FY 2020” in [Appendix E](#). Although HRTAC has statutory authority to enter into agreements with public or private entities for the operation and maintenance of bridges, tunnels, transit, rail facilities, and highways, the HRTAC Act does not authorize HRTAC to independently operate and maintain such facilities or to perform any transportation service.

HRTAC and the Virginia Department of Transportation (“VDOT”) entered into a Memorandum of Agreement dated March 30, 2015 (the “HRTAC-VDOT MOA”) to set forth terms under which the two entities would cooperate, along with HRTPO, to ensure the efficient and effective development and construction of projects to be funded with HRTF Revenues received by HRTAC. All of HRTAC’s projects to date have been pursued as part of VDOT’s statewide transportation system. Therefore, consistent with the HRTAC-VDOT MOA, HRTAC and VDOT have entered into Standard Project Agreements to govern their funding and performance obligations on such projects. Under all Standard Project Agreements to date, VDOT has agreed to provide administration of project construction and has assumed responsibility for operation and maintenance of the projects. See “DEVELOPMENT OF CAPITAL EXPENDITURE AND FUNDING PLANS.”

Hampton Roads Transportation Fund Revenue Bonds

The HRTAC Act provides that HRTAC may issue bonds and pledge the funds received from the HRTF as security for such bonds. The Commission has entered into a Master Indenture of Trust dated as of February 1, 2018 (the “Master Indenture”), and a First Supplemental Series Indenture of Trust dated as

of February 1, 2018 (the “2018A Supplement”), each between HRTAC and Wilmington Trust, National Association, as trustee (the “Trustee”) and issued its \$500,000,000 Senior Lien Revenue Bonds, Series 2018A (the “Series 2018A Bonds”) on February 14, 2018.

On _____, 2019, the Commission authorized the issuance of the Series 2019A Notes in a principal amount not to exceed \$_____ pursuant to the Master Indenture and a [Third] Supplemental Series Indenture of Trust dated as of _____, 2019 (the “2019A Series Supplement”). The issuance of the Series 2019A Notes is fully authorized by the provisions of the HRTAC Act, the Master Indenture and the 2019A Series Supplement.

The Series 2019A Notes are the [second] [third] series of bonds issued by HRTAC. The Series 2019A Notes will be paid and secured on parity with all intermediate lien revenue bonds to be issued by HRTAC under the Master Indenture (the “Intermediate Lien Obligations”), and subordinate and junior to the Series 2018A Bonds and all Bonds issued on a parity with the Series 2018A Bonds (the “Senior Bonds”). See “SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS -- _____. The Series 2019A Notes, together with any additional parity bonds, senior lien obligations and subordinate obligations issued in the future as permitted by the Master Indenture, are collectively referred to herein as the “Bonds.” See “SECURITY FOR AND SOURCES OF PAYMENT OF THE BONDS—Parity Bonds” and “—Subordinate Debt.”

Purpose of the Series 2019A Notes

HRTAC will use the proceeds of the Series 2019A Notes, along with other available funds, to finance the costs of certain transportation projects in Hampton Roads in anticipation of draws under the TIFIA Loan Agreement (as defined below) for such purpose, to fund a portion of capitalized interest on the Series 2019A Notes to, but not including, their maturity date, and to pay costs of issuance of the Series 2019A Notes. In particular, HRTAC will use the Series 2019A Bond proceeds in furtherance of its “FY 2020-2026 Six Year Operating and Capital Plan of Finance Update for the Region’s High Priority Projects,” which was revised and approved on June 20, 2019 to update and amend the “HRTAC FY 2019-2024 Funding Plan (collectively, the “Six-Year Funding Plan”). The HRTAC Act requires HRTAC to develop the Six-Year Funding Plan to provide for the expenditure of funds over a four-to-six year period in a manner that aligns as much as possible with the Statewide Transportation Plan maintained by the Commonwealth Transportation Board (the “CTB”). See “DEVELOPMENT OF CAPITAL EXPENDITURE AND FUNDING PLANS—Statewide Transportation Plan.” HRTAC has included in the Six-Year Funding Plan a list of projects prioritized in a manner consistent with (i) HRTPO’s 2040 Long Range Transportation Plan (described herein), (ii) the prioritization process of the CTB, and (iii) the goal set forth in the HRTAC Act of increasing capacity and addressing congestion within Planning District 23.

HRTAC has been implementing the Six-Year Funding Plan by spending proceeds of the Series 2018A Bonds and by contributing HRTF funds on a pay-as-you-go (“PayGo”) basis to the following projects administered by VDOT: (i) the Interstate 64 Peninsula Widening Project in Newport News, York County and James City County, (ii) the I-64 / I-264 Interchange Improvements Project in Norfolk and Virginia Beach, and (iii) the I-64 Southside Widening and High Rise Bridge Project in Chesapeake. The Six-Year Funding Plan also includes substantial funding for the expansion and widening of the Hampton Roads Bridge-Tunnel connecting Hampton and Norfolk, a portion of the project being outside the six-year timeframe but included in HRTPO’s 2040 Long Range Transportation Plan. [A portion of the proceeds of the Series 2019A Notes will be used to reimburse HRTAC for a portion of such PayGo expenditures.] See the map identifying transportation projects under “DEVELOPMENT OF CAPITAL EXPENDITURE AND FUNDING PLANS.”

Security and Sources of Payment

The Series 2019A Notes are limited obligations of HRTAC that are payable solely from the funds pledged by the Master Indenture for such purpose, consisting of (i) the HRTAC Revenues (as defined below), (ii) certain amounts on deposit in Funds and Accounts created for the benefit of the Owners of the Series 2019A Notes under the 2019A Series Supplement, including capitalized interest funded from the proceeds of the Series 2019A Notes, and (iii) amounts requisitioned under the TIFIA Loan Agreement (described below) for eligible project costs and to be applied to the payment of principal on the Series 2019A Notes. The Series 2019A Notes are subordinate and junior to the Series 2018A Bonds and any senior debt issued on a parity therewith, but are payable on parity with all other Intermediate Lien Obligations which may hereafter be issued by HRTAC under the Master Indenture. The TIFIA Bond described below is subordinate to the Series 2019A Notes.

The Series 2019A Notes are not a debt of the Commonwealth or any political subdivision thereof (including any Member Locality or any member of the HRTPO or the HRPDC) other than HRTAC, and the Series 2019A Notes do not constitute indebtedness within the meaning of any debt limitation or restriction. Neither the faith and credit nor the taxing power of the Commonwealth or any of its political subdivisions (including any Member Locality or any member of the HRTPO or the HRPDC) is pledged to the payment of the Series 2019A Notes. HRTAC has no taxing powers.

HRTAC Revenues. The “HRTAC Revenues” pledged pursuant to the Master Indenture include all of the revenues transferred by the Commonwealth to HRTAC from the additional retail sales and use tax revenues and additional wholesale motor vehicle fuels sales tax revenues in the HRTF. The continued availability of these tax revenues is subject to annual appropriation by the General Assembly of the Commonwealth. Other revenues available under the HRTAC Act may in the future be designated as HRTAC Revenues pursuant to a Supplemental Indenture, but the Master Indenture does not currently permit toll revenues to be pledged to payment of the Bonds issued thereunder (including the Series 2019A Notes). See “HAMPTON ROADS TRANSPORTATION FUND” and amounts on deposit in certain Funds and Accounts created for the benefit of the Owners of the Series 2019A Notes under the 2019A Series Supplement, including capitalized interest funded from the proceeds of the Series 2019A Notes.

TIFIA Loan Agreement. The Series 2019A Notes are also payable from the proceeds of disbursements received by HRTAC under the TIFIA Loan Agreement (as next described). *(to be updated)* On _____, 2019, HRTAC entered into a TIFIA Loan Agreement, dated as of _____, 2019 (the “TIFIA Loan Agreement”), between HRTAC and the United States Department of Transportation, an agency of the United States of America, acting by and through the Executive Director of the Build America Bureau (the “TIFIA Lender”). To evidence the loan made under the TIFIA Loan Agreement, HRTAC issued to its [\$_____ Subordinate Revenue Bond, TIFIA Series 2019] (the “TIFIA Bond”) to the TIFIA Lender on such date. HRTAC issued the TIFIA Bond as a Subordinate Obligation under the Master Indenture, and such obligation is subordinate to the Senior Bonds and the Series 2019A Notes.

The original principal amount of the TIFIA Bond was \$0, and the principal amount of the TIFIA Bond increases in an amount equal to each disbursement to HRTAC under the TIFIA Loan Agreement, and as capitalized interest thereon is added to the extent permitted by the TIFIA Loan Agreement. As of the date hereof, HRTAC has not made any requisitions under the TIFIA Loan Agreement and no funds have been advanced thereunder. Hence, notwithstanding capitalized interest, the TIFIA Loan Agreement currently permits HRTAC to requisition \$_____ additional funds under the TIFIA Loan Agreement, subject to the satisfaction of the conditions precedent to disbursement thereunder. HRTAC expects to make a single requisition under the TIFIA Loan in connection with the maturity of the Series 2019A Notes and apply the

amount requisitioned under the TIFIA Loan Agreement for eligible project costs to the payment of principal on the Series 2019A Notes.

As more particularly described under “TIFIA LOAN AGREEMENT,” there are numerous conditions that must be satisfied by HRTAC in connection with the requisitioning of moneys under the TIFIA Loan Agreement, including certain conditions relating to third parties, such as VDOT, over HRTAC has no control. In addition, the TIFIA Lender may refuse to honor a requisition if, among other things, an event of default under the TIFIA Loan Agreement or certain other material contracts has occurred and is continuing, or if HRTAC or certain other parties are not in compliance with federal law or their obligations under certain material contracts. See _____.

HRTAC has agreed in the [Third] Series Supplement to take all actions necessary to ensure that it can requisition sufficient moneys under the TIFIA Loan Agreement to pay the principal of the Series 2019A Notes on their maturity date.

Validation

On August 15, 2016, the Commission instituted a bond validation proceeding in the Circuit Court for the City of Chesapeake, Virginia (the “Court”). The bond validation was not challenged. On October 7, 2016, the Court entered an Order (the “Order”) by which the Court validated, among other things, the constitutionality and validity of the HRTAC Act, the HRTF, the six-year funding plan then in effect, the Series 2018A Bonds, the pledge of the HRTAC Revenues to the payment of Bonds, and the original version of the Master Indenture. No appeal was taken within the time prescribed in Section 15.2-2656 of the Virginia Code.

HAMPTON ROADS TRANSPORTATION FUND

General

The HRTF was established under Chapter 766, enacted on April 3, 2013. Pursuant to Chapter 766, the General Assembly dedicated to the HRTF all of the additional revenues generated by the imposition of an additional retail sales and use tax, and an additional wholesale motor vehicle fuels sales tax, on transactions occurring within the Member Localities. See “HAMPTON ROADS TRANSPORTATION FUND—HRTF Revenues.” As described in the following section, the continued availability of these tax revenues is subject to annual appropriation by the General Assembly of the Commonwealth.

HRTAC was established under Chapter 545, enacted on April 3, 2014, to receive the HRTF funds and apply them to the financing of (i) new construction projects on new or existing highways, bridges, and tunnels in the Member Localities, and (ii) administrative and operating expenses as provided in the Commission’s annual budget (which under the HRTAC Act shall be limited solely to administrative expenses of the Commission and shall not include any funds for construction or acquisition of transportation facilities or the performance of any transportation service). Under HRTAC’s existing Standard Project Agreements with VDOT, project operating and maintenance expenses on projects funded by HRTAC are responsibilities of VDOT. See “DEVELOPMENT OF CAPITAL EXPENDITURE AND FUNDING PLANS.”

The HRTF was created in the State Treasury to be held by the State Treasurer (the head of the Department of the Treasury) and recorded on the books of the Comptroller of Virginia (the head of the Department of Accounts) as a special nonreverting fund for Planning District 23. The tax revenues dedicated to the HRTF are collected and paid into the State Treasury and credited to the HRTF on a monthly basis. Interest earned on moneys in the HRTF remains in and is credited to the HRTF. Any moneys

remaining in the HRTF, including interest thereon, at the end of each fiscal year of the Commonwealth will not revert to the Commonwealth's general fund, but shall remain in the HRTF. Pursuant to Chapter 608, 2016 Va. Acts of Assembly, enacted on April 1, 2016, the amounts held in the HRTF are distributed to the Commission as soon as practicable for use in accordance with the HRTAC Act. If the Commission determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transportation projects pursuant to the HRTAC Act, the Commission may invest such excess funds in accordance with state law.

Subject-to-Appropriation

The continued availability of the above-described tax revenues for deposit in the HRTF remains subject to annual appropriation by the General Assembly of the Commonwealth, and the General Assembly may eliminate or change the source of funds for the HRTF at any time. Funds already transferred to the HRTF, which is a nonreverting fund, are no longer subject to appropriation but HRTAC continues to rely entirely on the Commonwealth to transmit such funds to HRTAC for inclusion in the HRTAC Revenues.

VDOT agreed, under the HRTAC-VDOT MOA, to annually request (in accordance with the schedule of the Virginia Department of Planning and Budget) for the Governor to include the HRTF Revenues in the budget delivered to the General Assembly for the next succeeding Fiscal Year or biennial period, as applicable. VDOT also agreed to promptly notify HRTAC upon becoming aware of any failure by the General Assembly to appropriate tax revenues to the HRTF. As a practical matter there is no effective remedy if the Governor or the General Assembly fail to provide for HRTF funding in the Commonwealth's Budget. Further, the HRTAC-VDOT MOA provides that VDOT shall bear no responsibility for collecting or depositing the tax revenues in the HRTF.

Under the Virginia Constitution, no appropriation is valid for more than two years and six months after the adjournment of the session of the General Assembly at which the appropriation was made. The General Assembly of the Commonwealth is not obligated to make any future appropriations, and the Commission makes no representation that the General Assembly will keep the HRTF in existence or that appropriations to the HRTF will be made by the General Assembly in any future fiscal year of the Commonwealth.

Enactment Clause 14 of Chapter 766 provides that the provisions of Chapter 766 that generate revenue through the additional state taxes for transportation projects in Planning District 23 shall expire on December 31 of any year in which the General Assembly appropriates or transfers any of such revenues for any non-transportation-related purpose. See "INVESTMENT CONSIDERATIONS—Risks of Non-Appropriation and Future Legislative Actions."

HRTF Revenues

This section provides a brief description of the taxes which comprise the HRTF Revenues, and is followed by separate sections describing each tax source in greater detail. The HRTF Revenues are derived from the revenues generated from the following taxes that were imposed starting July 1, 2013 on transactions taking place within Planning District 23:

(i) Additional Retail Sales and Use Tax. Section 58.1-638.H.2 of the Virginia Code provides for the deposit in the HRTF of the revenue generated by an additional retail sales and use tax of 0.70 percent imposed on retail sales transactions within the Member Localities other than food purchased for home consumption (the "Additional Sales and Use Tax").

(ii) Additional Wholesale Motor Vehicle Fuels Sales Tax. Section 58.1-2295.A.2 of the Virginia Code provides for the deposit in the HRTF of the revenue generated by an additional motor vehicle fuels sales tax of 2.10 percent imposed on sales of fuel by distributors at wholesale to retail dealers for retail sales in the Member Localities (the “Additional Motor Vehicle Fuels Tax”).

Additional Sales and Use Tax

The Additional Sales and Use Tax is administered and collected by the State Tax Commissioner, the head of the Virginia Department of Taxation, in the same manner and subject to the same penalties as provided for the statewide retail sales and use tax. The receipts of the Additional Sales and Use Tax are deposited into the State Treasury and then credited by the Comptroller of Virginia to the HRTF. In accordance with the HRTAC-VDOT MOU, VDOT provides monthly notice to HRTAC of the Additional Sales and Use Tax collection amounts. This usually occurs during the third week of the month. The revenues are typically transferred into the HRTF within a week after such notice. HRTAC is entirely dependent on the Virginia Department of Taxation, the Virginia Department of Treasury and the Virginia Department of Accounts to collect and deposit the Additional Sales and Use Tax revenues in the HRTF and to transfer them to HRTAC for inclusion in the HRTAC Revenues.

The Additional Sales and Use Tax is imposed upon transactions in the Member Localities in addition to the statewide retail sales and use tax of 4.3% and the local option retail sales and use tax of 1.0% used by the Commonwealth and its localities for other purposes. Consumers therefore pay a total of 6% in sales and use taxes on retail transactions occurring in the Member Localities. HRTAC does not receive any revenues from the statewide or local option retail sales and use taxes, but only receives the proceeds of the 0.7% Additional Sales and Use Tax.

Under Virginia law, retail sales taxes are imposed on transactions involving (i) the business of selling at retail or distributing tangible personal property; (ii) the leasing or rental of tangible personal property as part of an established business; (iii) the storing for use or consumption in the Commonwealth of any item or article of tangible personal property or leasing or renting such property within the Commonwealth; (iv) the finishing of transient accommodations; or (v) the selling of certain services. The tax on sales is based on the gross sales price of each item or article of tangible personal property. The seller collects the tax from the customer by separately stating the amount of the tax and adding it to the sales price or charge. The tax on accommodations, leases and rentals, which is based upon the lessor’s gross proceeds from the leases and rentals, is collected by the lessor by separately stating the amount of tax and adding it to the charge made to the lessee. The tax on items or articles of tangible personal property stored in the Commonwealth for use or consumption in the Commonwealth is based on the cost price of each item or article. The tax on taxable services is based on the gross sales price of the services.

Under Virginia law, use taxes are imposed on the use or consumption of tangible personal property throughout the Commonwealth, or the storage of such property outside the Commonwealth for use or consumption in the Commonwealth. This tax applies to (i) tangible personal property purchased outside the Commonwealth that would have been subject to sales tax if purchased in the Commonwealth, and (ii) purchases, leases or rentals made in the Commonwealth if the sales tax was not paid at the time of purchase, lease or rental. In general, the use tax is based on the cost price of each item or article of tangible personal property used or consumed in the Commonwealth or the cost price of each item or article of tangible personal property stored outside the Commonwealth for use or consumption in the Commonwealth.

The Commonwealth requires all dealers with nexus to the Commonwealth to collect and remit applicable sales and use tax. In South Dakota v. Wayfair (No. 17-494, June 21, 2018), the U.S. Supreme Court held for the first time that states have the authority to collect sales tax directly from out-of-state sellers

having no physical presence in the taxing state. In 2019, the Virginia General Assembly enacted Chapter 815, Acts of Assembly, which became effective on July 1, 2019 and provides uniform nexus requirements for remote sellers, marketplace facilitators, and marketplace sellers. Dealers with no Virginia physical presence are required to collect and remit sales tax if they have more than \$100,000 in Virginia gross sales or complete greater than 200 separate transactions in Virginia during the current or previous calendar year.

The Virginia Code provides various exclusions and exemptions from the retail sales and the use tax. For example, the sales and use tax is not levied upon medicines, certain purchases by nonprofit entities, certain agricultural supplies and commodities, certain industrial materials and machinery, supplies used to produce publications, and certain commercial computer equipment. Sales and use taxes are not imposed on food for human consumption except under the 1% local option sales tax described above (which is not included in the tax sources for the HRTF).

Additional Motor Vehicle Fuels Tax

The Additional Motor Vehicle Fuels Tax is administered and collected by distributors in each Member Locality and paid to the Commissioner of the Department of Motor Vehicles (the “DMV”) each month. The distributor is required to collect the tax from the retail dealer by separately stating the amount of the tax and adding it to the sales price or charge. Distributors are required to remit the collected amounts to the DMV by midnight of the 20th day of the second month succeeding the month of collection. However, remittance of the tax for the month of May must be received by the DMV no later than the last business day of June. Once received by the DMV, revenues from the Additional Motor Vehicle Fuels Tax are credited by the Comptroller of Virginia to the HRTF on a monthly basis and are thereafter distributed to HRTAC as soon as practicable. HRTAC is entirely dependent on the Virginia Department of Taxation, the DMV and the Virginia Department of Accounts to collect and deposit the Additional Motor Vehicle Fuels Tax revenues in the HRTF and to transfer them to HRTAC for inclusion in the HRTAC Revenues.

The Additional Motor Vehicle Fuels Tax is imposed upon transactions in the Member Localities in addition to the statewide motor vehicle fuels tax, used by the Commonwealth for other purposes, which is established based upon 5.1% of the statewide average wholesale price of a gallon of unleaded regular gasoline for a trailing six-month base period, subject to a designated floor price of \$3.17 per gallon which was the statewide average price on February 20, 2013 [(the average price is currently below the floor, so the floor rate of 16.2 cents per gallon applies)]. Assuming an average wholesale price of approximately \$2.00 per gallon of unleaded regular gasoline, the statewide motor vehicle fuels sales tax would be at the floor rate of 16.2 cents per gallon and the Additional Motor Vehicle Fuels Tax would equal 4.2 cents per gallon. HRTAC does not receive any revenue from the statewide motor vehicle fuels tax, but instead receives the proceeds of the 2.1% Additional Motor Vehicle Fuels Tax. While the original legislation for the Additional Motor Vehicles Fuels Tax did not establish a floor for such regional tax, Chapters 854 and 856 of the 2018 General Assembly established such a wholesale price floor for deriving the Additional Motor Vehicle Fuels Tax, effective as of July 1, 2018.

Historical HRTF Revenues

The following Table I shows historical receipts from the two HRTF Revenue sources. See also “Table 1: HRTF Revenues” in [Appendix E](#).

HRTF Revenues in Fiscal Years 2018 and 2019 were approximately \$169.2 million and \$211.1, respectively, with the Additional Sales and Use Tax constituting approximately 73% of total HRTF Revenues. From July 1, 2019 through [July 31,] 2019 (unaudited), HRTF Revenues were \$10.2 million, compared to approximately \$8.8 million during such period for the previous year.

SECURITY FOR AND SOURCES OF PAYMENT OF THE SERIES 2019A NOTES

The Series 2019A Notes are limited obligations of HRTAC and are payable solely from the funds pledged by the Master Indenture for such purpose, consisting of (i) the HRTAC Revenues, (ii) certain amounts on deposit in Funds and Accounts created for the benefit of the Owners of the Series 2019A Notes under the 2019A Series Supplement, including capitalized interest funded from the proceeds of the Series 2019A Notes, and (iii) amounts requisitioned under the TIFIA Loan Agreement (described below) for eligible project costs and to be applied to the payment of principal on the Series 2019A Notes. The Series 2019A Notes are being issued as Intermediate Lien Obligations under the Master Indenture, and are payable as to principal and interest from, and secured by, a pledge of HRTAC Revenues that is subordinate to the payment of principal of and interest on Senior Bonds, including the Series 2018A Bonds, issued by HRTAC under the Master Indenture and on a parity with all other Intermediate Lien Obligations which may hereafter be issued by HRTAC under the Master Indenture.

A portion of the capitalized interest on the Series 2019A Notes to maturity has been funded from the proceeds of the Series 2019A Notes. It is expected that principal on the Series 2019A Bonds at maturity will be paid from a disbursement made to HRTAC under the TIFIA Loan Agreement, subject to the satisfaction of certain conditions [and including the execution and delivery of same].

Limited Obligations

The Series 2019A Notes are limited obligations of the Commission and payable solely as Intermediate Lien Obligations from the revenues, moneys and other property pledged by the Master Indenture for such purpose, consisting of the HRTAC Revenues. The pledged HRTAC Revenues consist of the amounts credited by the Comptroller of Virginia to the HRTF and transferred to HRTAC, including the Additional Sales and Use Tax revenues and the Additional Motor Vehicle Fuels Tax revenues generated from transactions occurring within the Member Localities, all of which are located in Hampton Roads and comprise Planning District 23 of the Commonwealth. See “HAMPTON ROADS TRANSPORTATION FUND—HRTF Revenues.” The availability of such revenues for deposit into the HRTF is subject to annual appropriation by the General Assembly, and the General Assembly may eliminate or change such taxes and fees at any time. The receipt of such funds is also conditioned upon their use for transportation-related purposes, specifically new construction projects on new or existing highways, bridges or tunnels in the Member Localities. See “HAMPTON ROADS TRANSPORTATION FUND—Subject-to-Appropriation” above.

The realization of amounts to be derived upon the enforcement of the Series 2019A Notes will depend upon the exercise and effectiveness of the remedies specified in the Master Indenture. These and other remedies may, in many respects, require judicial action of a nature that is often subject to discretion and delay. Under existing laws, the remedies specified in the Master Indenture may not be readily available or may be limited. The various legal opinions to be delivered concurrently with the delivery of the Series 2019A Notes will be qualified as to the enforceability of various legal instruments by limitations imposed by state and federal laws, rulings and decisions affecting remedies and by bankruptcy, fraudulent conveyance, reorganization and other laws affecting the enforcement of creditors’ rights generally. See “INVESTMENT CONSIDERATIONS—Limitation on Remedies” herein, and “THE MASTER INDENTURE—Events of Default and Remedies Upon Default” in Appendix A.

The Series 2019A Notes are not a debt of the Commonwealth or any political subdivision thereof (including any Member Locality or any member of the HRTPO or the HRPDC) other than the Commission, and the Series 2019A Notes do not constitute indebtedness within the meaning of any debt limitation or restriction. Neither the faith and credit nor the taxing power of the

Commonwealth or any of its political subdivisions (including any Member Locality or any member of the HRTPO or the HRPDC) is pledged to the payment of the Series 2019A Notes. The Commission has no taxing powers.

Pledges Under the Master Indenture; Intermediate Lien Obligations. The Series 2019A Notes are being issued as Intermediate Lien Obligations and are the first Series of Intermediate Lien Obligations issued by HRTAC under the Master Indenture. The Series 2019A Notes are payable as to principal and interest from, and secured by, a pledge of HRTAC Revenues that is subordinate to the payment of principal of and interest on the Senior Bonds, including the Series 2018A Bonds, issued by HRTAC under the Master Indenture.

With respect to the Series 2019A Notes, the 2019A Series Supplement establishes solely for the benefit of the Owners of the Series 2019A Notes the Series 2019 Capitalized Interest Account, the Series 2019 Interest Account, the Series 2019 Principal Account, the Series 2019 Costs of Issuance Account and the Series 2019 Project Account, which are pledged exclusively to secure the obligations of HRTAC to the Owners of the Series 2019A Notes. The Series 2019A Rebate Account is created exclusively to make certain payments, if any, to maintain the federal tax-exempt status of the Series 2019A Notes, and is not pledged to the repayment of the Series 2019A Notes.

On the date of issuance of the Series 2019A Notes, \$_____ will be deposited into the Series 2019A Capitalized Interest Subaccount to pay interest on the Series 2019A Notes to, but not including, the maturity of the Series 2019A Notes; \$_____ will be deposited into the Series 2019 Costs of Issuance Subaccount and \$_____ will be deposited into the Series 2019 Project Subaccount.

The 2019A Series Supplement also creates an irrevocable pledge and lien upon the proceeds of disbursements received by the HRTAC from the TIFIA Lender under the TIFIA Loan Agreement solely for the benefit of the Owners of the Series 2019A Notes.

As described herein, the Series 2019A Notes are also payable from, and secured by a pledge of HRTAC Revenues, subject to the prior application of such funds as described below under “___ Flow of Funds.” Interest on the Series 2019A Notes is being paid from the proceeds of the Series 2019A Notes to, but not including the maturity of the Series 2019A Notes, and the principal of the Series 2019A Notes is expected to be paid in full from draws under the TIFIA Loan Agreement. In the event that disbursements under the TIFIA Loan Agreement are not available to HRTAC in full at the maturity of the Series 2019A Notes, HRTAC will use its best efforts to find an alternative refinancing solution, which could include moneys available to HRTAC and/or the issuance of rollover bond anticipation notes and/or other obligations secured by HRTAC Revenues under the Master Indenture.

TIFIA Loan Agreement. [On _____, 2019,] HRTAC delivered to the TIFIA Lender the TIFIA Bond as a Subordinate Obligation to evidence HRTAC’s obligation to repay the TIFIA Loan. The principal amount of the TIFIA Bond increases in an amount equal to the advances made by the TIFIA Lender to HRTAC under the TIFIA Loan Agreement. HRTAC expects to make a single requisition under the TIFIA Loan in connection with the maturity of the Series 2019A Notes and apply the amount requisitioned under the TIFIA Loan Agreement for eligible project costs to the payment of principal on the Series 2019A Notes.

Subject to the satisfaction of the conditions set forth in the TIFIA Loan Agreement, some of which conditions are summarized under “TIFIA LOAN AGREEMENT – Conditions to Requisition and Disbursement Under TIFIA Loan Agreement,” the TIFIA Loan will be funded in the amount not to exceed \$_____, plus capitalized interest on the TIFIA Loan that may accumulate prior to the substantial completion

of the Project. HRTAC has not requisitioned any funds under the TIFIA Loan Agreement as of the date of this Official Statement. HRTAC issued the TIFIA Bond, under the Master Indenture and a Second Supplemental Series Indenture in connection with the issuance of the TIFIA Bond (the "TIFIA Series Supplement"), to the TIFIA Lender to evidence its repayment obligation with respect to the TIFIA Loan. The TIFIA Bond is a Subordinate Lien Obligation under the Master Indenture, subordinate to the lien and pledge securing the Senior Bonds.

As more particularly described under "TIFIA LOAN AGREEMENT," there are numerous conditions that must be satisfied by HRTAC in connection with the requisitioning of moneys under the TIFIA Loan Agreement, including certain conditions relating to third parties, such as VDOT, over which HRTAC has no control. In addition, the TIFIA Lender may refuse to honor a requisition if, among other things, an event of default under the TIFIA Loan Agreement or certain other material contracts has occurred and is continuing, or if HRTAC or certain other parties are not in compliance with federal law or their obligations under certain material contracts. See _____.

HRTAC has agreed in the [Third] Series Supplement to take all actions necessary to ensure that it can requisition sufficient moneys under the TIFIA Loan Agreement to pay the principal of the Series 2019A Notes on their maturity date.

No Mortgage, Lien or Acceleration. The Series 2019A Notes are not secured by any mortgage or lien on any transportation facilities of the Commission, VDOT, the Commonwealth, or any of the Member Localities or by a pledge of the revenues derived from any such facility. In the event of a failure to make any payment on the Series 2019A Notes when due, neither the Trustee nor the owners of the Series 2019A Bonds shall have any right to take possession of any transportation facilities or to exclude the Commission, VDOT, the Commonwealth, or any of the Member Localities from possession of them, nor shall there be any right to accelerate payment of the Series 2019A Notes.

No Toll Revenues. The Series 2019A Notes are not secured by a pledge of any toll revenues. The Master Indenture currently does not permit toll revenues to be pledged to the payment of the Bonds.

Outstanding Bonds

As of the date of this Official Statement, the aggregate outstanding principal amount of the Series 2018A Bonds is \$_____, and the aggregate outstanding principal amount of the TIFIA Bond is \$0, subject to increase as disbursements are made under the TIFIA Loan Agreement and as capitalized interest on the TIFIA Bond increases as permitted under the TIFIA Loan Agreement.

Additional Bonds

The Series 2019A Notes are the [third] series of obligations to be issued under the Master Indenture, following the issuance of the Series 2018A Bonds and the TIFIA Bond.

Authority to Issue Additional Bonds. Under the Master Indenture, the Commission may issue additional Bonds, including Senior Bonds that are senior as to the pledge of HRTAC Revenues with the Series 2019A Notes, Intermediate Lien Obligations that are parity as to the pledge of HRTAC Revenues with the Series 2019A Notes and subordinate in payment and security to the Senior Bonds, and Subordinate Obligations that are subordinate in payment and security to both the Intermediate Lien Obligations and the Senior Bonds. All Intermediate Lien Obligations (including the Series 2019A Notes) will be equally and ratably secured under the Master Indenture without preference, priority or distinction on account of the time of their authentication, delivery or maturity. However, different Series of Intermediate Lien Obligations may bear interest at different rates, have different maturity dates and payment dates, may be subject to

different mandatory or optional redemption or tender terms, and may have the benefit of credit facilities that do not support other Series of Intermediate Lien Obligations. See “THE MASTER INDENTURE—Issuance of Bonds—Parity of Bonds” in Appendix A.

Additional Bonds – Senior Bonds. The Master Indenture requires as a condition to the issuance of any additional Senior Bonds for non-refunding purposes the filing with the Trustee of an Officer’s Certificate to the effect that, during any twelve consecutive months of the eighteen months preceding the issuance of the additional Senior Bonds, the HRTAC Revenues were not less than 2.00 times the maximum annual Principal and Interest Requirements during the current or any future Fiscal Year (defined in the Master Indenture as the twelve-month period commencing on July 1 of one year and ending on June 30 of the following year) on the Senior Bonds Outstanding and the Series of Senior Bonds to be issued. See “THE MASTER INDENTURE—Issuance of Bonds—Conditions to the Issuance of Additional Series of Bonds” in Appendix A.

Additional Bonds – Intermediate and Subordinate Obligations. [In addition to Senior Bonds like the Series 2018A Bonds, HRTAC is permitted to issue Intermediate Lien Obligations and Subordinate Obligations secured by the HRTAC Revenues, the payment and security of each which shall be subordinate to the Senior Bonds and to the Senior Debt Service Fund deposits required to be made under the Master Indenture. See “THE MASTER INDENTURE—Issuance of Bonds—Intermediate Lien Obligations” and “—Subordinate Obligations” in Appendix A.]

Flow of Funds

The following summary of the Master Indenture’s flow of funds provisions does not purport to be comprehensive or definitive and is qualified by reference to the entire Master Indenture, as supplemented by the 2019A Series Supplement. The Master Indenture establishes a Revenue Fund to which HRTAC will deposit all HRTAC Revenues immediately upon receipt, [except as provided below as to certain investment earnings]. The Revenue Fund is the source of the following monthly transfers that will benefit the holders of the Bonds on a parity basis: *[subject to change after conclusion of negotiations with TIFIA]*

FIRST: To each Senior Debt Service Fund, ratably, the amount, if any, required under the Related Series Supplement so that the balance therein on the next Payment Date shall equal the amount of principal, if any, and interest due on the next Payment Date on the Related Series of Bonds; provided that HRTAC shall receive a credit against such transfer for the amount, if any, held in a Senior Debt Service Fund as capitalized interest or otherwise, together with the investment earnings thereon;

SECOND: To each Senior Debt Service Reserve Fund, ratably, the amount, if any, required so that the balance in each such Fund shall be equal to the respective Senior Debt Service Reserve Requirement;

THIRD: To each Intermediate Lien Debt Service Fund, ratably, the amount, if any, required so that the balance in each such Fund shall equal the amount of principal, if any, and interest due on the Related Intermediate Lien Obligations on the next ensuing payment date; provided that HRTAC shall receive a credit against such transfer for the amount, if any, held in an Intermediate Lien Debt Service Fund as capitalized interest or otherwise, together with the investment earnings thereon;

FOURTH: To each Intermediate Lien Debt Service Reserve Fund, ratably, the amount, if any, required so that the balance in such Fund shall be equal to the respective Intermediate Lien Debt Service Reserve Requirement;

FIFTH: To each Subordinate Debt Service Fund, ratably, the amount, if any, required so that the balance in each such Fund shall equal the amount of principal, if any, and interest due on the Related Subordinate Obligations on the next ensuing payment date; provided that HRTAC shall receive a credit against such transfer for the amount, if any, held in a Subordinate Debt Service Fund as capitalized interest or otherwise, together with the investment earnings thereon;

SIXTH: To each Subordinate Debt Service Reserve Fund, ratably, the amount, if any, so that the balance in such Fund shall be equal to the respective Subordinate Debt Service Reserve Requirement;

SEVENTH: To each Rebate Fund the amounts necessary to provide for the payment of any Rebate Amounts with respect to the Related Series of Bonds as confirmed in an Officer's Certificate;

EIGHTH: To the Operating Account of the Operating Fund, the amount of funds necessary to pay Operating Expenses during such period in accordance with the Annual Budget (as defined in the Master Indenture; see Appendix A);

NINTH: To the Operating Reserve Account of the Operating Fund, the amount, if any, so that the balance in such Account shall be equal to the Operating Reserve Requirement; and

TENTH: To the General Fund, the balance remaining in the Revenue Fund [to be updated to include TIFIA Revenue Sharing Account].

Pursuant to the 2019A Series Supplement, each monthly transfer into the 2019A Bond Debt Service Fund under the Master Indenture shall be in an amount not less than the sum of (i) one-sixth of the interest due on the Series 2019A Notes on the next ensuing Interest Payment Date, plus (ii) one-twelfth of the principal due on the Series 2019A Notes at maturity or upon mandatory redemption on the next ensuing Principal Payment Date, less (iii) accrued interest and any other interest earnings currently on deposit therein. See "THE 2019A Series Supplement—Bond Debt Service Fund" in Appendix A.

HRTAC shall apply the balance in the General Fund, including interest earnings, as follows: (i) first to cure any deficiency in the amount required to be on deposit in any Senior Debt Service Fund, any Senior Debt Service Reserve Fund, any Intermediate Lien Debt Service Fund, any Intermediate Lien Debt Service Reserve Fund, any Subordinate Debt Service Fund, any Subordinate Debt Service Reserve Fund, any Rebate Fund, or the Operating Reserve Account, in that order; and (ii) then to any lawful purpose approved by resolution of HRTAC, including without limitation, expenditures for capital improvements or administrative expenses. See "THE MASTER INDENTURE—Revenue Fund and Flow of Funds" in Appendix A.

TIFIA LOAN AGREEMENT

(to be updated) HRTAC and the TIFIA Lender entered into the TIFIA Loan Agreement effective _____, 2019. Pursuant to the TIFIA Loan Agreement, the TIFIA Lender agreed to extend a loan to HRTAC in an aggregate principal amount of \$_____ (the “TIFIA Loan”). HRTAC expects to make a single requisition under the TIFIA Loan in connection with the maturity of the Series 2019A Notes and apply the amount requisitioned under the TIFIA Loan Agreement for eligible project costs to the payment of principal on the Series 2019A Notes. The obligations of HRTAC to repay the TIFIA Loan, as well as to pay all other obligations of HRTAC under the TIFIA Loan Agreement, are referred to as the “TIFIA Obligations.” [The proceeds of the TIFIA Loan may be disbursed by HRTAC for reimbursement of certain Project costs,” which are eligible to be financed with the proceeds of the TIFIA Loan pursuant to federal law, provided that total disbursements under the TIFIA Loan cannot exceed 33% of all such eligible Project Costs and total federal assistance (including federal highway reimbursement funds) provided to the [Projects] cannot exceed 80% of all such eligible Project Costs.]

HRTAC issued the TIFIA Bond to the TIFIA Lender to evidence its repayment obligations under the TIFIA Loan. The interest rate on the TIFIA Bond is __%, computed on the basis of a 365- or 366-day

year, as applicable, for the actual number of days elapsed, except that, upon the occurrence and during the continuance of a payment default, the interest rate with respect to any overdue principal amount shall bear interest at the foregoing rate plus 2.00% *per annum*. The TIFIA Loan begins to amortize annually beginning [July 1, 20__], with a final maturity on [July 1, 20__]. A projected amortization of the TIFIA Bond is set forth under the column entitled “TIFIA Series 2019 Debt Service” under Table II – Estimated Debt Service Requirements in “ESTIMATED DEBT SERVICE REQUIREMENTS.”

The TIFIA Bond is issued as a Subordinate Lien Obligation under the Master Indenture.

Certain provisions of the TIFIA Loan Agreement relating to conditions precedent to requisitioning moneys and events of default are summarized below.

Disbursement Request

A request for a disbursement of the TIFIA Loan by HRTAC will be made to the TIFIA Lender by submission of a requisition in the form attached to the TIFIA Loan Agreement, which form contains certain representations to be made by HRTAC.

(subject to update) Certain conditions precedent to a disbursement that were satisfied in connection with the execution and delivery of the TIFIA Loan Agreement must continue to remain in place at the time of disbursement. Other than the delivery of customary certificates as to representations and warranties, no defaults and other corporate matters, the following, among others, are additional conditions to the TIFIA Lender’s obligation to fund the requisition request:

- delivery to the TIFIA Lender of updated Financial Plans and amendments and modifications, if any, to certain Project contracts;
- compliance with statutes and regulations relating to projects funded by the TIFIA Lender;
- all applicable insurance policies are in full force and effect and all permits and governmental approvals necessary to complete construction of [the Project] have been obtained;
- no event of default under the TIFIA Loan Agreement, the Master Indenture or other material contracts, or event which with the giving of notice or the passage of time or both under such documents would result in an event of default has occurred and is continuing;
- since the date HRTAC submitted the application for the TIFIA Loan to the TIFIA Lender there shall not have occurred a Material Adverse Effect;
- HRTAC has demonstrated to the TIFIA Lender’s satisfaction that it can complete the Project timely and within budget, as the construction schedule and budget may be revised from time to time with the TIFIA Lender’s consent, and has sufficient funds to complete [the Project] and no facts or circumstances have arisen that would reasonably be likely to cause such amounts not to be available as and when needed to pay such costs; and

The TIFIA Lender shall be entitled to withhold approval of the disbursement of TIFIA Loan proceeds if:

- an event of default or an event that, with the giving of notice of the passage of time or both, would constitute an event of default, under the TIFIA Loan Agreement shall have occurred and be continuing; or
- HRTAC
 - o knowingly takes any action, or omits to take any action, amounting to fraud or violation of any applicable federal or local criminal law, in connection with the transactions contemplated by the TIFIA Loan Agreement; or
 - o fails to construct [the Project] in a manner consistent with plans, specifications, engineering reports, permits or facilities plans previously submitted to and approved by the TIFIA Lender, or with good engineering practices, where such failure prevents or materially impairs the Project from fulfilling its intended purpose, or prevents or materially impairs the ability of the TIFIA Lender to monitor compliance by HRTAC with applicable federal or local law pertaining to [the Project], or with the terms and conditions of the TIFIA Loan Agreement; or
 - o fails to observe or comply with any applicable federal or local law, or any term or condition of the TIFIA Loan Agreement; or
 - o fails to deliver documentation satisfactory to the TIFIA Lender evidencing eligible Project Costs claimed for disbursement at the times and in the manner specified by the TIFIA Loan Agreement; provided, that in such case the TIFIA Lender may, in its sole discretion, partially approve a disbursement request in respect of any amounts for which adequate documentation evidencing eligible Project Costs has been provided and may, in its sole discretion, disburse in respect of such properly documented amounts.

Events of Default Under the TIFIA Loan Agreement [To Come]

HAMPTON ROADS TRANSPORTATION ACCOUNTABILITY COMMISSION

The Commission was created by the Virginia General Assembly in 2014 to be a body politic and a political subdivision of the Commonwealth with responsibility for approving the funding of projects to be financed with the HRTF Revenues. Such revenues are derived from the additional taxes levied pursuant to Chapter 766 within Planning District 23. The Member Localities comprising Planning District 23 currently include the Counties of Isle of Wight, James City, Southampton, and York, and the Cities of Chesapeake, Franklin, Hampton, Newport News, Norfolk, Poquoson, Portsmouth, Suffolk, Virginia Beach, and Williamsburg. The Commission is a separate legal entity from these Member Localities within Planning District 23. Cities and counties in the Commonwealth are independent entities; therefore, the Member Localities do not overlap. Pursuant to Chapter 545, the Commission must use the HRTF Revenues for purposes of (i) funding new construction projects on new or existing highways, bridges, and tunnels in the Member Localities, giving priority to projects expected to provide the greatest impact on reducing congestion for the greatest number of citizens residing within the Member Localities, and (ii) paying the Commission's administrative and operating expenses as provided in its annual budget (which under the HRTAC shall be limited solely to administrative expenses of the Commission and shall not include any funds for construction or acquisition of transportation facilities or the performance of any transportation service). See "HAMPTON ROADS TRANSPORTATION FUND—General" herein, and "Table 5: HRTAC Operating Budget" in Appendix E. HRTAC collaborates with HRTPO to set transportation

funding priorities on the basis of a regional consensus developed by HRTPO, but HRTAC serves primarily as a financing vehicle for regional transportation projects rather than as a planning board. To date, all of HRTAC's projects have been part of VDOT's statewide transportation system and HRTAC has entered into Standard Project Agreements with VDOT whereby HRTAC provides funds to such projects. See "DEVELOPMENT OF CAPITAL EXPENDITURE AND FUNDING PLANS."

Hampton Roads Region

With the exception of Southampton County and the City of Franklin, all of the Member Localities are located in the Hampton Roads MSA. For a description of certain demographic, economic and financial information regarding Planning District 23 and Hampton Roads, see [Appendix D](#).

Commission Members

Pursuant to the HRTAC Act, HRTAC has 23 members as follows: the chief elected official of the ten (10) cities embraced by the Commission, which in each such city is a mayor; a current elected official of each of the four (4) counties embraced by the Commission, provided that such official (a) serves on the governing body of the county and (b) has been appointed by resolution of such governing body to serve as the county's member on the Commission; three (3) members of the House of Delegates who reside in different counties or cities embraced by the Commission and who are appointed by the Speaker of the House; and two (2) members of the Senate who reside in different counties or cities embraced by the Commission, who are appointed by the Senate Committee on Rules. In addition, the Director of the Virginia Department of Rail and Public Transportation ("VDRPT"), or his/her designee; the Commissioner of Highways, or his/her designee; the Executive Director of the Virginia Port Authority, or his/her designee; and a member of the CTB who resides in a locality embraced by the Commission and who is appointed by the Governor, serve as non-voting members of HRTAC.

HRTAC Executive Director

Kevin B. Page serves as the Executive Director of HRTAC. He has served the Commission in this role for over 2 years. Mr. Page is responsible for management of the day-to-day administrative affairs of the Commission, which relate principally to the support of more than \$7.9 billion in mega highway transportation projects that are planned for Hampton Roads. Mr. Page is also responsible for coordinating the management and investment of the HRTF funds received by HRTAC. Mr. Page has over 30 years of multimodal leadership experience within the transportation industry and has served in executive roles on major infrastructure funding and construction initiatives and in forging strategic partnerships, including serving on various transportation boards and safety committees. Before joining HRTAC, he spent over 10 years in executive leadership roles over transit and rail funding and program delivery with the Virginia Department of Rail and Public Transportation, 7 years as the Transit Manager of Petersburg, Virginia's separate transit and school bus enterprise operations, and 2 years with the Greater Richmond Transit Company in Richmond, Virginia. He has led the planning, development and implementation of a wide variety of projects including large scale public-private and multistate partnerships, the safety oversight of transportation systems, corridor long environmental studies, short and long-range planning and financing, and was instrumental in the development and delivery of regional Amtrak passenger train service and the expansion of the Virginia Railway Express to serve new markets. Mr. Page earned a B.S. degree in Urban Studies and Planning from Virginia Commonwealth University, is a graduate of the Virginia Executive Institute, and his professional awards of recognition include the VDOT Peer Award, VDOT Commissioner's Award of Excellence, the Virginia Economic Developer's Association Economic Development Ally of the Year Award, HB2 Team Excellence in Teamwork Award, CSX Transportation Partnership Award, the Commonwealth Transportation Safety Board's Award for Rail Safety, and the Amtrak President's State Partner Award.

HRTAC Annual Budget

HRTAC's Fiscal Year 2020 administrative and operating expense budget totals \$5.6 million and is expected to be funded entirely from interest earnings on funds received from the HRTF. The largest expenditures in the budget are personnel and professional services costs. As required by the HRTAC Act, the annual budget is limited solely to the administrative and operating expenses of the Commission and does not include funds for construction or acquisition of transportation facilities or for the performance of any transportation service. See "HAMPTON ROADS TRANSPORTATION FUND—General" and "SECURITY FOR AND SOURCES OF PAYMENT OF THE SERIES 2019A Notes—Flow of Funds" herein, and "Table 5: HRTAC Operating Budget" in [Appendix E](#). The financial activities of the Commission are overseen by the Commission's Finance Committee and are subject to annual audit (as described below) and annual reporting to the Commonwealth's Joint Legislative Commission on Transportation Accountability.

HRTAC Financial Statements

The audited financial statements of HRTAC for the Fiscal Year ending June 30, [2019] are included in [Appendix B](#). The Commission's financial statements are prepared in accordance with generally accepted accounting principles and audited annually in accordance with government auditing standards. The Commission's independent auditor, PB Mares, LLP, has not been engaged to perform and has not performed since the date of its report included in [Appendix B](#) any procedures on the financial statements addressed in that report. Such auditor also has not performed any procedures relating to this Official Statement.

DEVELOPMENT OF CAPITAL EXPENDITURE AND FUNDING PLANS

The primary documents which guide the Commission's transportation funding priorities are the HRTPO 2040 Long-Range Transportation Plan and the Six-Year Funding Plan, both of which are described below.

HRTPO's 2040 Long-Range Transportation Plan

HRTAC sets its long-range transportation funding priorities in coordination with the conceptual, regional consensus developed through meetings of the HRTPO. The HRTPO is a metropolitan planning organization ("MPO") established in accordance with the Federal-Aid Highway Act of 1962, as amended. Federal regulations require that urbanized areas throughout the United States have MPOs to conduct a continuing, cooperative and comprehensive transportation planning process. Urbanized areas are defined as areas with a population of 200,000 or greater, known as Transportation Management Areas ("TMAs"). MPOs participate in a federal certification review of the transportation planning process for their TMAs every four years. MPOs must be certified in order to receive federal funds for transportation projects. The transportation planning process must result in plans and programs that consider all modes of transportation and support metropolitan community development and social goals. These plans and programs must lead to the development and operation of an integrated, intermodal transportation system that facilitates the efficient, economic movement of people and goods.

HRTAC participates in HRTPO's planning process by preparing and updating a fiscally constrained long-range regional transportation project funding plan for Planning District 23 which includes transportation improvements of regional significance and improvements necessary or incidental thereto. It is important to note the "constrained" aspect of HRTAC's plan for regional priority projects, which means

HRTAC has identified only those projects which can be funded from available resources (although the 2040 LRTP includes long-range and “Vision Plan” projects as detailed herein). HRTAC communicates its long-range plan to the HRTPO, and the HRTPO works to incorporate such plan into the constrained section of its broader 2040 Long-Range Transportation Plan (the “2040 LRTP”).

The 2040 LRTP is the official transportation blueprint guiding multimodal transportation investments for Hampton Roads and is used to (i) identify regional priority projects and (ii) help determine project sequencing based on project readiness and available funding. As the guiding regional transportation plan, the 2040 LRTP is designed to be a “living” document, updated through an amendment process. The 2040 LRTP was originally adopted on July 21, 2016, and most recently amended on May 17, 2018, by the HRTPO to conform to updated cost estimates and opening year information for multiple regional priority projects to be supported by HRTAC funds and to reflect updated revenue forecasts used to fiscally-constrain those projects. Total HRTAC project costs included in the 2040 LRTP are approximately \$8.5 billion, expressed in year-of-expenditure dollars to properly reflect inflation. HRTAC’s approach has been to provide funding as the project planning, engineering and readiness process warrants, and in coordination with VDOT.

The fiscally-constrained HRTAC projects in the 2040 LRTP include (i) the I-64 Peninsula Widening Project (Segments I, II and III) in Newport News, York County and James City County, (ii) the I-64/I-264 Interchange Improvements Project (Phases I and II) in Norfolk and Virginia Beach, (iii) the I-64 Southside Widening and High Rise Bridge Project (Phase I) in Chesapeake, and (iv) the expansion and widening of the I-64 Hampton Roads Bridge-Tunnel connecting Hampton and Norfolk (the “HRBT Expansion Project”). The first three projects are expected to be delivered by Fiscal Year 2022, and HRTAC has entered into Standard Project Agreements with VDOT for the construction of those projects. See “Table III: HRTAC Projects under VDOT Standard Project Agreements.” The HRBT Expansion Project is expected to be delivered by Fiscal Year 2026.

As HRTAC allocates funds to projects in the 2040 LRTP, those projects are reflected in HRTPO’s Transportation Improvement Program (“TIP”), which is a four-year program for the implementation of surface transportation projects in Hampton Roads. The TIP includes all funded transportation projects of regional significance.

The 2040 LRTP also identifies certain long-range HRTAC projects that are expected to be completed within the 2040 LRTP but whose completion dates and costs are subject to funding availability and other factors. These projects are not expected to be delivered until after Fiscal Year 2024. The long-range HRTAC projects in the 2040 LRTP include I-64 Southside Widening and High Rise Bridge Improvements (Phase II) in Chesapeake, Bowers Hill Interchange Improvements in Suffolk, and I-64/Fort Eustis Boulevard Interchange Improvements in Newport News. See “Table VI: Future HRTAC Projects in the 2040 LRTP.”

Projects not included in the 2040 LRTP, but included within a “Vision Plan” for the region are longer term and will require additional study and evaluation. They will not be completed unless additional resources become available. The projects within the “Vision Plan” include construction of an I-564/I-664 Connector (dubbed “Patriots Crossing”) to connect Norfolk with the existing Monitor Merrimac Memorial Bridge Tunnel, improvements to the I-664 Monitor-Merrimac Memorial Bridge-Tunnel connecting Suffolk with Newport News, improvements to VA 164 in Portsmouth, and construction of a VA I-64 Connector to the Patriots Crossing.

The map on the following page illustrates the regional priority projects included in the 2040 LRTP and the Vision Plan.

Hampton Roads Regional Transportation Priority Projects

“Moving Projects Forward – HRTAC Investments”

HRTAC Six-Year Funding Plan

The Commission is required by the HRTAC Act to develop and adopt the Six-Year Funding Plan (which is a rolling six-year plan) to provide for the expenditure of funds over a four- to six-year period for projects that have been planned and also programmed for actual development. The Six-Year Funding Plan is required by the HRTAC Act to align as much as possible with the Statewide Transportation Plan maintained by the CTB and described below.

HRTAC's current Six-Year Funding Plan (for Fiscal Years 2020 through 2026) was adopted in June 2019. Projects approved as part of the Six-Year Funding Plan include the I-64 Peninsula Widening, I-64/I-264 Interchange Improvements (Phases I, II and III), I-64 Southside Widening/High Rise Bridge Phase I, and the HRBT Expansion Project.

The current Six-Year Funding Plan identifies a variety of funding sources that may be utilized by the Commission, including PayGo funds, remaining proceeds of the Series 2018A Bonds, proceeds of the Series 2019A Notes and/or the TIFIA Loan, additional Bonds (including another TIFIA loan), toll revenues (including toll-backed debt), VDOT funding and other public funds. The current Six-Year Funding Plan envisions issuance of Bonds (some of which constitute TIFIA loans) and bond anticipation notes.

The Six-Year Funding Plan is designed to prioritize the funding of projects in a manner consistent with (i) the regional project sequencing set forth in the 2040 LRTP, (ii) the CTB's Statewide Transportation Plan and its prioritization process (described below) and (iii) the goal of providing the greatest impact on reducing congestion for the greatest number of citizens residing in the Member Localities.

Statewide Transportation Plan

Under state law, the CTB's Statewide Transportation Plan must incorporate the measures and goals of the approved long-range plans developed by applicable regional organizations. In addition, consistent with the Statewide Transportation Plan, the CTB is required to develop, in accordance with federal transportation requirements, and in cooperation with MPOs situated within the Commonwealth, a statewide prioritization process for the use of available highway funds in a manner that considers congestion mitigation, economic development, accessibility, safety, environmental quality, and other factors.

The statewide prioritization process for transportation projects financed by the Commonwealth was established under Chapter 726, 2014 Va. Acts of Assembly, enacted on April 6, 2014, and codified in Virginia Code Section 33.2-214.1. This project selection process, known as the SMART SCALE (System for the Management and Allocation of Resources for Transportation) (the "SMART SCALE Program"), is a competitive prioritization process administered by the Commonwealth to advise the CTB in its funding decisions. For each SMART SCALE cycle, the screening and scoring results are presented to the CTB and the public and a Six-Year Improvement Program for the Commonwealth is developed based on CTB direction and the SMART SCALE scoring results. As enacted, the prioritization process utilized by the CTB is designed to be an objective and quantifiable analysis for project selection that considers, at a minimum, congestion mitigation, economic development, accessibility, safety, and environmental quality. When evaluating and scoring projects within the geographical confines of HRTAC, the SMART SCALE Program requires the CTB to weigh congestion mitigation as the most important factor.

To-date, the SMART SCALE Program has provided approximately \$463.7 million toward HRTAC projects including the I-64 Peninsula Widening, the I-64 Southside Widening/High Rise Bridge Phase I, the I-64/I-264 Interchange Improvements (Phase II) and the HRBT Expansion Project.

The Six-Year Funding Plan assumes no additional SMART SCALE funding beyond these amounts. The HRTPO will submit HRTAC project SMART SCALE funding applications for the next allocation cycle. For each SMART SCALE cycle, basic project information must be submitted by June 1st of the calendar year, and final project applications must be submitted by August 1st.

VDOT Agreements

HRTAC has entered into Standard Project Agreements with VDOT for its pre-HRBT projects, and a Project Administration and Funding Agreement with VDOT for the HRBT Expansion Project, both of which relate to HRTAC's funding of approved projects that will be part of VDOT's statewide transportation system. To date, all of HRTAC's projects are included in the statewide transportation system. Under certain Standard Project Agreements, CTB has agreed to also contribute state funds to the construction of HRTAC projects. Under all Standard Project Agreements to date, VDOT has agreed to provide administration of project construction as reimbursed by HRTAC, and VDOT has assumed responsibility for operation and maintenance of the projects at no cost to HRTAC. HRTAC's funding obligation under each of these agreements is limited to the amounts budgeted. If VDOT determines it may incur additional, unbudgeted costs, such as to cover cost overruns, HRTAC has the option to provide additional funding, cancel the project or a portion thereof, or authorize VDOT to make modifications or reductions in scope or design to stay within the initial budget under the applicable Standard Project Agreement.

HRTAC's executed Standard Project Agreements and funding shares to date are described in Table III below. Upon issuance of the Series 2019A Notes, HRTAC will continue to contribute HRTF funds to such projects and others, and such contributions will be made either from Bond proceeds or other available funds. See "SECURITY FOR AND SOURCES OF PAYMENT FOR THE BONDS—Flow of Funds."

Collaborative Planning Process

As outlined above, the planning, programming, funding, and delivery of HRTAC projects requires input and collaboration between HRTAC, HRTPO and VDOT. HRTAC also receives administrative and technical support upon request from VDOT and VDRPT. The interplay and cooperation among the various public entities is summarized by the following diagram and bullet points.

- HRTPO's 2040 LRTP identifies priority projects in the constrained plan or vision plan as under study/development/construction.
- HRTAC develops six-year and long range plans of finance to guide in project funding for development and construction; HRTAC's plans feed into the 2040 LRTP and when HRTAC allocates funds to specific projects, they are added to HRTPO's TIP.
- The CTB selects Local Preferred Alternative, maintains Statewide Transportation Plan and the Commonwealth's Six-Year Improvement Program, allocates state funding to projects in the VDOT Six-Year Funding Program, and awards SMART SCALE funding through its competitive statewide prioritization process.
- VDOT assists in project readiness and construction through HRTAC/VDOT Standard Project Agreements.

HRTAC Debt Management Plan

Established on September 21, 2017 and as amended on March 21, 2019, the Commission's Debt Management Plan guides the implementation of its debt program for the Six-Year Funding Plan through Fiscal Year 2026. The purpose of the plan is to support the furtherance of HRTAC's construction funding program while achieving the lowest cost of capital on its borrowings. The Debt Management Plan sets forth the following goals:

- (a) Fully fund project costs through Fiscal Year 2026 identified in the current Funding Plan including the HRBT Expansion Project through completion in such year.

(b) Issue Bonds as construction progresses, starting in calendar year 2018, including Bonds to reimburse PayGo expenditures so that Bond sales can be minimized in later years with larger expenditure requirements;

(c) Establish and maintain a structure suited for subsequent Bond issuances needed for the HRTAC projects in the 2040 LRTP; and

(d) Explore the possibility of credit assistance under the federal government's Transportation Infrastructure Finance and Innovation Act ("TIFIA") through a series of one or more TIFIA loans backed by HRTAC Revenues under the Master Indenture and/or toll revenue-backed TIFIA loans, and including the use of bond anticipation notes (or "BANs") where appropriate.

During the life of the Six-Year Funding Plan, HRTAC expects to issue approximately \$1.2 billion of Senior Bonds (including the previously-issued Series 2018A Bonds), and approximately \$1.7 billion of Intermediate Lien Obligations and/or Subordinate Obligations, which may include two TIFIA loans that are issued under the Master Indenture and therefore are secured by HRTAC Revenues. Where appropriate, HRTAC may utilize bond anticipation notes in conjunction with TIFIA loans. HRTAC anticipates that any such TIFIA loans will be implemented under the provision of the TIFIA statute that allows for a waiver of TIFIA's non-subordination or "springing lien" requirement.

The Debt Management Plan incorporates a number of assumptions regarding project costs, project timing, inflation rates, interest rates, revenue growth and federal and state funding, among others. Each of these assumptions cannot be predicted and are subject to change. HRTAC's ability to incur indebtedness pursuant to its Debt Management Plan is in all instances subject to the conditions set forth in the Master Indenture and Related Supplemental Indentures, including but not limited to debt service coverage tests. See "SECURITY FOR AND SOURCES OF PAYMENT OF THE SERIES 2019A Notes" above.

The funding components and the debt issuance plan incorporated in the Debt Management Plan are described in Tables V and VI below.

INVESTMENT CONSIDERATIONS

The Series 2019A Notes are Limited Obligations

The Series 2019A Notes are not a debt of the Commonwealth or any political subdivision thereof (including any Member Locality or any member of the HRTPO or the HRPDC) other than the Commission, and the Series 2019A Notes do not constitute indebtedness within the meaning of any debt limitation or restriction. Neither the faith and credit nor the taxing power of the Commonwealth or any of its political subdivisions (including any Member Locality or any member of the HRTPO or the HRPDC) is pledged to

the payment of the Series 2019A Notes. The Series 2019A Notes are not secured by a pledge of any toll revenues or any other revenues generated by HRTAC projects.

HRTAC expects to draw the proceeds of the TIFIA Loan to pay the principal amount of the Series 2019A Notes on their maturity date. HRTAC Revenues are pledged to pay the Series 2019A Notes. In the event that disbursements under the TIFIA Loan Agreement are not available to HRTAC in full at the maturity of the Series 2019A Notes, and HRTAC Revenues are not sufficient for such purpose, HRTAC will use its best efforts to find an alternative refinancing solution, which could include moneys available to HRTAC and/or the issuance of rollover bond anticipation notes and/or other obligations secured by HRTAC Revenues under the Master Indenture.

Payment of principal of and interest on the TIFIA Bond is subordinate to the payment of principal of and interest on the Senior Bonds, including the Series 2018A Bonds, and any Intermediate Tier Obligations, including the Series 2019A Notes.

Risks of Non-Appropriation and Future Legislative or Administrative Actions

The Availability of HRTF Revenues is Subject to Appropriation. The General Assembly is responsible for setting the rates of the taxes and fees from which the HRTF Revenues are derived and for appropriating such revenues from the state budget to the HRTF. HRTAC makes no representation that the General Assembly will maintain the rates of the taxes and fees or continue to make appropriations of amounts to the HRTF. In addition, HRTAC makes no representation that the General Assembly will not repeal or materially modify the legislation creating the HRTF or imposing the taxes and fees. The General Assembly is not legally required to make the aforementioned appropriations or to refrain from repealing or modifying such legislation. Legislative considerations regarding the Commonwealth's budget priorities could materially impact HRTAC's ability to continue receiving the HRTF Revenues.

Under the Virginia Constitution, no appropriation is valid for more than two years and six months after the adjournment of the session of the General Assembly at which the appropriation was made. The General Assembly of the Commonwealth is not obligated to make any future appropriations, and the Commission makes no representation that the General Assembly will keep the HRTF in existence or that appropriations to the HRTF will be made by the General Assembly in any future fiscal year of the Commonwealth. As a practical matter there is no effective remedy if the Governor or the General Assembly fail to provide for HRTF funding in the Commonwealth's budget. See "HAMPTON ROADS TRANSPORTATION FUND—Subject-to-Appropriation" above.

Sunset Provision. Chapter 766 is a broad-based transportation initiative that provides not only for the collection and application of HRTF Revenues, but also for generating certain other additional revenues to fund transportation improvements throughout the Commonwealth. However, enactment Clause 14 of Chapter 766 declares that the provisions of Chapter 766 that generate additional revenue through state taxes or fees for transportation throughout the Commonwealth and in Planning District 23 shall expire on December 31 of any year in which the General Assembly appropriates or transfers any of such additional revenues for any non-transportation-related purpose. In other words, the appropriation of revenues generated pursuant to Chapter 766 for a purpose other than that permitted by Chapter 766, even if the particular revenue affected is not payable to the HRTF, could result in expiration of all revenue provisions of Chapter 766 if the General Assembly does not enact any savings clause or otherwise take action to override such sunset provision.

No assurance can be given that the General Assembly will not take action in the future that could activate Chapter 766's sunset provision, and no assurance can be given that, if such activation

occurs, the General Assembly will enact a savings clause or otherwise take action to override such sunset provision.

Administrative Actions. HRTAC's ability to continue to fund its projects and its ability to receive and effectively utilize HRTF Revenues depends on the continued cooperation of the CTB and VDOT. If CTB does not cause VDOT to satisfy its obligations under its Standard Project Agreements with HRTAC, if HRTAC does not continue to obtain funding under SMART SCALE or any successor statewide prioritization process for transportation projects, or if the CTB and the Commonwealth's Secretary of Transportation cause transportation projects in Hampton Roads to be constructed without HRTAC's involvement and assistance, HRTAC may not continue to effectively function as the recipient of HRTF Revenues and as a key funding source of transportation projects in Hampton Roads. If HRTAC is unable to complete needed projects, it may lose political support and thereafter lose control of HRTF Revenues, impeding HRTAC's ability to make timely payments of debt service on the Series 2019A Notes.

In addition to the foregoing, HRTAC is entirely dependent on the Virginia Department of Taxation and other state agencies to collect and deposit in the HRTF the Additional Sales and Use Tax revenues and the Additional Motor Vehicle Fuels Tax revenues and to timely transfer them to HRTAC. Failure or delay in this regard would also impede HRTAC's ability to make timely payments of debt service on the Series 2019A Notes.

Requisition From TIFIA Lender Under TIFIA Loan Agreement.

It is expected that the principal of the Series 2019A Notes will be payable at maturity from the proceeds of requisitions received by the District under the TIFIA Loan Agreement. There are numerous preconditions to the receipt of such moneys. See "TIFIA LOAN AGREEMENT." In the event that the preconditions cannot be satisfied on or before the maturity of the Series 2019A Notes, HRTAC will be required to find an alternative method of repaying the Series 2019A Notes at maturity, which could include issuing Additional Bonds under the Master Indenture. No assurance can be given that HRTAC will be able to access the credit markets in the event it cannot requisition moneys under the TIFIA Loan Agreement.

Forward-Looking Statements and Forecasts

The statements contained in this Official Statement, and in other information provided by HRTAC, that are not purely historical, including statements regarding HRTAC's expectations regarding the collection and timing of future HRTF Revenues as discussed earlier in this Official Statement, are forward-looking statements. All forward-looking statements included in this Official Statement are based on information available to HRTAC as of the date hereof, and HRTAC assumes no obligation to update any such forward-looking statements, other than as set out in the Continuing Disclosure Undertaking, the form of which is attached hereto as Appendix C.

The forward-looking statements herein are based on various assumptions, forecasts and estimates that are inherently subject to numerous risks and uncertainties, including the possible invalidity of underlying assumptions, forecasts and estimates, possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions, and actions taken or not taken by third parties and legislative, judicial and other governmental authorities and officials. In addition, these assumptions, forecasts and estimates involve judgments regarding, among other things, future economic conditions, future actions by third parties and future events and decisions, all of which are difficult, if not impossible, to predict accurately. There can be no assurance that the forward-looking statements in this Official Statement will prove to be accurate.

No representation is made or intended, nor should any representation be inferred, with respect to the likely existence of any particular future set of facts or circumstances, and prospective purchasers of the Series 2019A Notes are cautioned not to place undue reliance upon any projections contained in this Official Statement. If actual results are less favorable than the results projected or if the assumptions used in preparing the projections prove to be incorrect, HRTAC's ability to make timely payment of the principal of and interest on the Series 2019A Notes may be materially and adversely affected.

Enforceability of Rights and Remedies, including Bankruptcy Ramifications

Effects of Bankruptcy on Rights and Remedies. The rights and remedies available to the owners of the Series 2019A Notes may be subject to the provisions of the United States Bankruptcy Code (the "Bankruptcy Code"), to other bankruptcy, insolvency, reorganization, moratorium or similar laws affecting creditor's rights generally and equitable principles that may limit enforcement of such remedies. Under existing constitutional and statutory law and judicial decisions, including specifically the Bankruptcy Code, the remedies provided in the Master Indenture may not be readily available or may be limited. No assurances can be given that a court or regulatory agency would enforce the rights or types of remedies available under the Master Indenture, including any rights and remedies with respect to the pledge of HRTF Revenues.

The various legal opinions to be delivered concurrently with the delivery of the Series 2019A Notes, including the opinion of Bond Counsel, will be qualified as to the enforceability of these rights and remedies, for example, by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally and by principles of equity.

Bankruptcy Filing by HRTAC. Under the Bankruptcy Code and current Virginia law, HRTAC may not file for bankruptcy protection under Chapter 9 of the Bankruptcy Code. There can be no assurance, however, that the Bankruptcy Code or Virginia law will not be amended in the future to permit HRTAC to file for bankruptcy protection, and such a filing could, under certain circumstances, subject all or a portion of HRTF Revenues to the jurisdiction of the bankruptcy court.

Judicial Discretion. Upon a default under the Master Indenture, the remedies available to the Trustee may depend upon judicial actions that may be subject to substantial discretion and delay. Some of these remedies may in fact turn out not to be enforceable at all. The rights of the owners of the Series 2019A Notes and the enforceability of HRTAC's obligations will be subject to the exercise of judicial discretion under a variety of circumstances. The enforceability of governmental obligations is also subject to constitutional, statutory and public policy limitations and to other considerations that do not limit enforcement of obligations of private parties.

Market Liquidity

The Series 2019A Notes constitute a new issue. Although the Underwriters currently intend to make a market for the Series 2019A Notes, the Underwriters are not obligated to do so, and they may discontinue any such market-making at any time without prior notice. No assurance can be given as to the development or liquidity of any market for the Series 2019A Notes. If an active public market does not develop, the market price and liquidity of the Series 2019A Notes may be adversely affected.

Economic Conditions Affecting the HRTF

The availability of HRTF Revenues from the HRTF is dependent on a number of economic factors. The revenues received from the Additional Sales and Use Tax and the Additional Motor Vehicle Fuels Tax tend to fluctuate significantly based on economic variables, including, but not limited to, the condition of

the economies of the Member Localities in which such taxes are collected, the Commonwealth and the United States, economic growth or recessions, population growth, income and employment levels, levels of tourism, weather conditions, fuel prices, road conditions, and the availability of alternate modes of transportation. There can be no assurance that negative impacts attributable to certain of such factors affecting these revenues will not materially affect the availability of revenues in the HRTF and impede the ability of HRTAC to receive transfers from the HRTF sufficient to make timely payments on the Series 2019A Notes. See [Appendix D](#).

Impact of Federal Budget Restraints and Federal Tax Policy

Hampton Roads has been directly affected by federal budget restraints and sequestration, given the large impact of the military and government contracts on the Hampton Roads economy. It is uncertain whether such budget restraints will be reduced or increased, or whether other industries will provide adequate economic growth to make up for any reduction in spending resulting from federal budget restraints. See “Economic Profile” in [Appendix D](#).

To the extent that federal funds for transportation projects cease to be provided to the Commonwealth or its political subdivisions, or that the federal government reduces funding to, restricts or eliminates the TIFIA credit assistance program, HRTAC will have difficulty carrying out its funding plans. If HRTAC is unable to complete needed projects, it may lose political support and thereafter lose control of HRTF Revenues, impeding HRTAC’s ability to make timely payments of debt service on the Series 2019A Notes.

Restraints under tax reform, such as limitations on the federal deduction for state and local tax payments, or limitations on the home mortgage interest deduction, could affect consumer behavior and policy priorities at the state and local level, having an adverse effect on the HRTF that cannot presently be quantified.

Hurricanes, Flooding and Sea-Level Rise

Planning District 23 is located in the Mid-Atlantic region of the east coast of the United States. The Mid-Atlantic region is an area that has in the past been periodically susceptible to damaging storms, storm surge, and flooding. The risk of hurricanes, tropical storms or other major weather events affecting the Member Localities and interrupting commerce and military activities within Hampton Roads is a material risk that could negatively affect the regional economy and the revenues available through the HRTF to pay debt service on the Series 2019A Notes. Further, storm and flooding-related risks are likely to intensify over time if scientific projections about climate change and sea-level rise are correct.

Reduced Fuel Prices and Fuel Usage May Reduce HRTF Revenues

Improved automobile fuel economy and the increased adoption of electric and hybrid vehicles have had, and are expected to continue to have, a material adverse effect on fuel tax revenues throughout the United States. In addition, reductions or fluctuations in fuel prices have had, and are expected to continue to have, a significant effect on the level of tax revenues that can be expected in any period from the Additional Motor Vehicle Fuels Tax.

Increased E-Commerce Activity May Reduce Retail Sales and Use Tax Revenues

Internet sales of physical products by businesses located in the Commonwealth, and Internet sales of physical products delivered to the Commonwealth are generally subject to the Additional Sales and Use Tax. However, many of these transactions may avoid taxation either through error or deliberate non-

reporting and this potentially reduces the amount of Additional Sales and Use Tax revenues. As a result, additional incremental growth in retail sales on the Internet, along with the failure or inability to collect retail sales and use taxes on such Internet purchases, might result in reductions in HRTF Revenues. It should be noted that in its 2019 session, the Virginia General Assembly enacted Chapter 815, Acts of Assembly, which became effective on July 1, 2019 and provides uniform nexus requirements for remote sellers, marketplace facilitators, and marketplace sellers. Dealers with no Virginia physical presence are required to collect and remit sales tax if they have more than \$100,000 in Virginia gross sales or complete greater than 200 separate transactions in Virginia during the current or previous calendar year.

General Assembly May Enact Exemptions to and Holidays from Sales and Use Tax

The Additional Sales and Use Tax applies to the same transactions and items that are subject to the statewide sales and use tax levied by the Commonwealth. In the past, the General Assembly has made changes to the transactions and items subject to the statewide retail sales and use tax. For example, in 1990, the General Assembly enacted legislation to exempt from the statewide retail sales and use tax all nonprescription drugs and proprietary medicines purchased for the cure, mitigation, treatment, or prevention of disease in human beings. There can be no assurance that further exemptions will not be granted.

In addition, the General Assembly has established certain sales tax holidays. A “sales tax holiday” is a temporary period during which purchases of certain items are exempt from the sales and use taxes. Following legislation enacted by the 2007 session of the General Assembly, the Commonwealth now has three annual sales tax holidays. During a seven-day period in May of each year, purchases of items designated by the Virginia Department of Taxation as hurricane preparedness equipment, including portable generators, are exempt from the statewide sales tax. Portable generators must be priced at \$1,000 or less, and other eligible items must be priced at \$60 or less for each item. During a three-day period in August of each year, purchases of certain school supplies, clothing and footwear are exempt from the statewide sales tax. Each eligible school supply item must be priced at \$20 or less, and each eligible article of clothing and footwear must be priced at \$100 or less. During a four-day period in October of each year, purchases of products meeting the Energy Star and WaterSense qualifications, such as certain energy-efficient appliances, are exempt from the statewide sales tax. Eligible products must be priced at \$2,500 or less for each item, and be purchased for noncommercial home or personal use.

Each such exemption and holiday affects the application of the Additional Sales and Use Tax that benefits the HRTF. In the future, the General Assembly could further change the transactions and items upon which either the general or additional tax is imposed or add or delete sales tax holidays. The sales and use tax revenues available to the HRTF could increase or decrease depending on the nature of the change.

Increased Sales and Use Tax Rates May Cause Decline in HRTF Revenues

The Additional Sales and Use Tax, combined with the statewide retail sales and use tax of 4.3% and the local option retail sales and use tax of 1.0%, results in an aggregate of 6% in sales and use tax burden on consumption in the Member Localities. The Additional Motor Vehicle Fuels Tax, combined with the statewide motor vehicle fuels tax, places a significant burden on gas consumption in the Member Localities that is greater than in many areas of the Commonwealth. As a result, Hampton Roads has a higher tax burden on consumption than any other part of Virginia besides the Washington, D.C. suburbs of Northern Virginia. This tax burden, together with any future increases in tax rates, may affect consumer spending decisions and could adversely impact sales transactions in the Member Localities, thereby reducing HRTAC Revenues.

Tax Revenues Could be Eroded by Changes to Planning District 23

The sources of taxable transactions generating revenues for the HRTF from the Additional Sales and Use Tax and the Additional Motor Vehicle Fuels Tax are limited geographically to Planning District 23. The mix of localities within Planning District 23, which currently include Isle of Wight, James City, Southampton, York, Chesapeake, Franklin, Hampton, Newport News, Norfolk, Poquoson, Portsmouth, Suffolk, Virginia Beach and Williamsburg, could be altered by administrative action of DHCD. Any such change could have a material adverse effect on the composition of the tax base for the Additional Sales and Use Tax and the Additional Motor Vehicle Fuels Tax, which could erode the revenues available to pay debt service on the Series 2019A Notes.

No Right to Accelerate Debt Service

The Master Indenture does not permit the Trustee or Owners, upon the occurrence of an Event of Default under the Master Indenture or for any other reason, to accelerate the maturity of any Bonds, including the Series 2019A Notes, or the payment of principal of and interest due thereon. Owners will be able to collect principal and interest that become due after an Event of Default only from the HRTAC Revenues and any other funds pledged under the Master Indenture and only when such principal and interest are scheduled to be paid.

No Mortgage

Payment of the principal of and interest on the Series 2019A Notes is not secured by any deed of trust, mortgage or other lien on any of the Projects or any portion thereof or any property within the Member Localities.

Limitation on Remedies

The remedies available to the Owners upon a default under the Master Indenture are in many respects dependent upon judicial action, which is often subject to discretion and delay under existing constitutional and statutory law and judicial decisions, including specifically Title 11 of the Bankruptcy Code. Although political subdivisions of the Commonwealth, including the Commission, are not currently authorized to seek relief under the provisions of Chapter 9 of the Federal Bankruptcy Code, the various legal opinions to be delivered concurrently with delivery of the Series 2019A Notes will be qualified as to enforceability of the various legal instruments by limitations imposed by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of credits generally, now or hereafter in effect; to usual equity principles which shall limit the specific enforcement under laws of the Commonwealth as to certain remedies; to the exercise by the United States of America of the powers delegated to it by the United States Constitution; and to the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the Commonwealth and its governmental bodies, in the interest of serving an important public purpose.

Loss of Premium Upon Early Redemption

Purchasers of the Series 2019A Notes at a price in excess of their principal amount should consider the fact that the Series 2019A Notes are subject to redemption prior to maturity at a redemption price equal to their principal amount plus accrued interest under certain circumstances. See “THE SERIES 2019A Notes—Redemption Provisions.”

No Redemption of Bonds in the Event of Taxability

The Series 2019A Notes are not subject to redemption prior to maturity upon the occurrence of an event which has the effect of rendering interest on the Series 2019A Notes includable in the gross income of the owners of the Series 2019A Notes for purposes of federal income taxation. No provision is made in the Master Indenture for any increase or other adjustment in the rate of interest payable on the Series 2019A Notes in the event of such an occurrence.

CERTAIN LEGAL MATTERS

Certain legal matters relating to the authorization and validity of the Series 2019A Notes will be subject to the approving opinion of Kaufman & Canoles, a Professional Corporation, Richmond, Virginia, Bond Counsel, which will be furnished at the expense of the Commission upon delivery of the Series 2019A Notes, in substantially the form set forth as Appendix F (the “Bond Opinion”). The Bond Opinion will be limited to matters relating to authorization and validity of the Series 2019A Notes and to the tax status of interest thereon as described in the section “TAX MATTERS.” Bond Counsel has not been engaged to investigate the financial resources of the Commission or its ability to provide for payment of principal of, interest, or premium, if any, on the Series 2019A Notes, and the Bond Opinion will make no statement as to such matters or as to the accuracy or completeness of this Official Statement or any other information that may have been relied on by anyone in making the decision to purchase Bonds.

Certain legal matters will be passed upon for HRTAC by Willcox & Savage, P.C., Norfolk, Virginia, its general counsel, and Kaufman & Canoles, a Professional Corporation, Norfolk, Virginia, as disclosure counsel, and for the Underwriters by their counsel, Butler Snow LLP, Richmond, Virginia.

TAX MATTERS

Opinion of Bond Counsel

In the opinion of Bond Counsel, under current law, interest on the Series 2019A Notes (a) is not included in gross income for Federal income tax purposes, and (b) is not an item of tax preference for purposes of the Federal alternative minimum tax. Interest on the Series 2019A Notes is exempt from income taxation by the Commonwealth. No other opinion is expressed by Bond Counsel regarding the tax consequences of the ownership of or the receipt or accrual of interest on the Series 2019A Notes.

The Bond Opinion will be given in reliance upon certifications by representatives of the Commission as to certain facts relevant to both the opinion and requirements of the Internal Revenue Code of 1986, as amended (the “Tax Code”), and applicable regulations thereunder. The Bond Opinion is subject to the condition that there is compliance subsequent to the issuance of the Series 2019A Notes with all requirements of the Tax Code that must be satisfied in order for interest thereon to remain excludable from gross income for Federal income tax purposes. The Commission has covenanted to comply with the current provisions of the Tax Code regarding, among other matters, the use, expenditure and investment of the proceeds of the Series 2019A Notes and the timely payment to the United States of any arbitrage rebate amounts with respect to the Series 2019A Notes. Failure by the Commission to comply with such covenants, among other things, could cause interest on the Series 2019A Notes to be included in gross income for Federal income tax purposes retroactively to their date of issue.

Original Issue Premium

Series 2019A Notes purchased, whether upon issuance or otherwise, for an amount (excluding any amount attributable to accrued interest) in excess of their principal amount will be treated for federal income

tax purposes as having amortizable bond premium. A holder's basis in such a Series 2019A Bond must be reduced by the amount of premium which accrues while such Series 2019A Notes is held by the holder. No deduction for such amount will be allowed, but it generally will offset interest on the Series 2019A Notes while so held. Purchasers of such Series 2019A Notes should consult their own tax advisors as to the calculation, accrual and treatment of amortizable bond premium and the state and local tax consequences of holding such Series 2019A Notes.

Original Issue Discount

The initial public offering prices of each maturity of the Series 2019A Notes will not be less than their stated principal amount. Therefore, interest on the Series 2019A Notes will not include any accrued original issue discount.

Other Tax Matters

In addition to the matters addressed above, prospective purchasers of the Series 2019A Notes should be aware that the ownership of tax-exempt obligations may result in collateral Federal income tax consequences to certain taxpayers, including without limitation financial institutions, property and casualty insurance companies, S corporations, foreign corporations subject to the branch profits tax, recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations. Prospective purchasers of the Series 2019A Notes should consult their tax advisors as to the applicability and impact of such consequences.

Prospective purchasers of the Series 2019A Notes should consult their own tax advisors as to the status of interest on the Series 2019A Notes under the tax laws of any state other than the Commonwealth.

The Internal Revenue Service (the "Service") has a program to audit state and local government obligations to determine, as applicable, whether the interest thereon is includible in gross income for federal income tax purposes. If the Service does audit the Series 2019A Notes, under current Service procedures, the Service will treat the Commission as the taxpayer and the owners of the Series 2019A Notes will have only limited rights, if any, to participate.

The Bond Opinion represents Bond Counsel's legal judgment based in part upon the representations and covenants referenced therein and its review of existing law, but are not a guarantee of results or binding on the Service or the courts. Bond Counsel assumes no duty to update or supplement its opinion to reflect any facts or circumstances that may come to Bond Counsel's attention after the date of its opinion or to reflect any changes in law or the interpretation thereof that may occur or become effective after such date.

Future Events and Legislative and Regulatory Actions

There are many events that could affect the value and liquidity or marketability of the Series 2019A Notes after their issuance, including but not limited to public knowledge of an audit of the Series 2019A Notes by the Service, a general change in interest rates for comparable securities, a change in federal or state income tax rates, legislative or regulatory proposals affecting state and local government securities and changes in judicial interpretation of existing law. Legislation affecting tax-exempt obligations is regularly considered by the U.S. Congress and various state legislatures. Such legislation may effect changes in federal or state income tax rates and the application of federal or state income tax laws (including the substitution of another type of tax), or may repeal or reduce the benefit of the excludability of interest on the tax-exempt obligations from gross income for federal or state income tax purposes. For example, the tax reform act that was enacted by the U.S. Congress in December, 2017, and signed into law by the President on December 22, 2017, and effective after December 31, 2017, changes both corporate and

individual tax rates and eliminates advance refunding bonds. The U.S. Treasury Department and the IRS are continuously drafting regulations to interpret and apply the provisions of the Tax Code and court proceedings may be filed the outcome of which could modify the federal or state tax treatment of tax-exempt obligations. There can be no assurance that legislation proposed or enacted after the date of issue of the Series 2019A Notes, regulatory interpretation of the Tax Code or actions by a court involving either the Series 2019A Notes or other tax-exempt obligations will not have an adverse effect on the Series 2019A Notes' federal or state tax status, marketability or market price or on the economic value of the tax-exempt status of the interest on the Series 2019A Notes. Neither the Bond Opinion nor this Official Statement purports to address the likelihood or effect of any such future events or legislative and regulatory actions, and purchasers of the Series 2019A Notes should seek advice concerning such matters as they deem prudent in connection with their purchase of Series 2019A Notes.

LITIGATION

There is no litigation of any kind now pending or, to the best of its information, knowledge and belief, threatened against the Commission to restrain or enjoin the issuance or delivery of the Series 2019A Notes or the collection and application of HRTAC Revenues under the Master Indenture, or in any manner contesting or affecting the validity of the Series 2019A Notes, any proceeding of HRTAC taken with respect to their issuance, authentication or sale, or any appropriation of funds to pay debt service on the Series 2019A Notes.

RATINGS

Moody's Investor Service ("Moody's"), _____, and S&P Global Ratings ("S&P"), 55 Water Street, New York, New York 10041, have given the Series 2019A Notes the ratings of "____" and "____," respectively, both with a stable outlook. The Commission requested that the Series 2019A Notes be rated and furnished certain information to Moody's and S&P, including certain information that may not be included in this Official Statement.

Reference should be made to the individual rating agency for a more complete description of the meaning of the rating assigned by such rating agency. These ratings are not a recommendation to buy, sell or hold the Series 2019A Notes. The ratings are subject to review and change or withdrawal at any time if, in the judgment of the respective rating agency, circumstances so warrant. There is no assurance that any such ratings will continue for any period of time or that any such rating will not be revised or withdrawn. A downward revision or withdrawal of a rating may have an adverse effect on the market price of the Series 2019A Notes.

FINANCIAL ADVISOR

The Commission has retained PFM Financial Advisors LLC, Orlando, Florida, as financial advisor (the "Financial Advisor") in connection with the issuance of the Series 2019A Notes. Although the Financial Advisor assisted in the review of this Official Statement, the Financial Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information contained in this Official Statement. The Financial Advisor is a financial advisory, investment management and consulting organization and is not engaged in the business of underwriting municipal securities.

The Bond Purchase Agreement provides that the Underwriters will purchase all of the Series 2019A Notes if any are purchased. The Underwriters may offer and sell the Series 2019A Notes to certain dealers (including dealers depositing the Series 2019A Notes into investment trusts) and others at prices different from the public offering prices stated on the cover page of this Official Statement. The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

JPMS, one of the Underwriters of the Series 2019A Bonds, has entered into negotiated dealer agreements (each, a “Dealer Agreement”) with each of Charles Schwab & Co., Inc. (“CS&Co.”), and LPL Financial LLC (“LPL”) for the retail distribution of certain securities offerings at the original issue prices. Pursuant to each Dealer Agreement, each of CS&Co. and LPL may purchase the Series 2019A Bonds from JPMS at the original issue price less a negotiated portion of the selling concession applicable to any Series 2019A Bonds that such firm sells.

Under this distribution agreement, Citigroup Global Markets Inc. may distribute municipal securities to retail investors at the original issue price through Fidelity. As part of this arrangement, Citigroup Global Markets Inc. will compensate Fidelity for its selling efforts with respect to the Series 2019A Bonds.

Pursuant to the WFSLLC Distribution Agreement, WFBNA pays a portion of WFSLLC’s expenses based on its municipal securities transactions. WFBNA, WFSLLC, and WFA are each wholly-owned subsidiaries of Wells Fargo & Company.

CONTINUING DISCLOSURE

To assist the underwriters in complying with the provisions of Securities and Exchange Commission Rule 15c2-12, as amended (the “Rule”), promulgated by the Securities and Exchange Commission, HRTAC will execute a Continuing Disclosure Undertaking (the “Disclosure Undertaking”) at closing pursuant to which the Commission will agree to provide certain annual financial information and material event notices required by the Rule. Such information will be filed through the Electronic Municipal Market Access System (“EMMA”) maintained by the Municipal Securities Rulemaking Board and may be accessed through the Internet at emma.mrsb.org. As described in Appendix C, the Disclosure Undertaking requires the Commission to provide only limited information at specific times, and the information provided may not be all the information necessary to value the Series 2019A Notes at any particular time. The Commission may from time to time disclose certain information and data in addition to that required by the Disclosure Undertaking. If the Commission chooses to provide any additional information, the Commission will have no obligation to continue to update such information or to include it in any future disclosure filing.

Failure by the Commission to comply with the Disclosure Undertaking is not an event of default under the Series 2019A Notes or the Master Indenture. The sole remedy for a default under the Disclosure Undertaking is to bring an action for specific performance of the Commission’s covenants thereunder, and no assurance can be provided as to the outcome of any such proceeding.

[Subject to update as to compliance.]

(a) All of the HRTAC Revenues; and

(b) All other property of any kind mortgaged, pledged or hypothecated to provide for the payment of or to secure the Bonds by HRTAC or by anyone on its behalf and with its written consent at any time as and for additional security under the Master Indenture and the Series Supplements in favor of the Trustee, which is authorized to receive all such property at any time and to hold and apply it subject to the terms of the Master Indenture and the Series Supplements.

In order to provide for the payment of the principal of and the premium, if any, and interest on each Series of Bonds issued hereunder, and to secure the performance of all of the obligations of HRTAC with respect to such Series, the Master Indenture, and the Related Series Supplement, subject to the terms thereof, HRTAC pledges and grants to the Trustee with respect to such Series (and to such Series only) the money and investments held in the Related Project Fund (if any), Related Debt Service Fund, and Related Debt Service Reserve Fund (if any).

Bond Credit Facility. Any Bond Credit Facility that is given to secure some, but not all, of the Bonds, together with money drawn or paid under it, will be held by the Trustee solely as security for such Bonds of the Series to which such Bond Credit Facility is Related. Neither such Bond Credit Facility nor any money drawn or paid under

it will secure the payment of any other Series of the Bonds. The status of the Bond Credit Facility as a Senior Bond, an Intermediate Lien Obligation, a Subordinate Obligation or otherwise will be provided for in the Related Series Supplement.

Issuance of Bonds

In General. HRTAC may issue Bonds, subject to the terms and conditions contained in the Master Indenture, for any purpose permitted to be financed from the proceeds of Bonds under the HRTAC Act or other law, including without limitation the construction and acquisition of any Project and the refunding of any Bonds previously issued and Outstanding. Subject to the restrictions described in the previous paragraph, HRTAC reserves the right in its sole discretion and without the consent of the Trustee or any Owner of any Bond to issue from time to time Bonds for any lawful purpose authorized by the HRTAC Act.

Parity of Bonds. The Master Indenture constitutes a continuing irrevocable pledge of the HRTAC Revenues and other revenues, money and property of HRTAC pledged as described in the subsection “Establishment of Trust” above to secure payment of the principal of and premium, if any, and interest on all Bonds which may, from time to time, be executed, authenticated and delivered under the Master Indenture. Except as otherwise described herein, all Bonds shall in all respects be equally and ratably secured under the Master Indenture without preference, priority or distinction on account of the time of their authentication, delivery or maturity, so that all such Bonds at any time outstanding under the Master Indenture will have the same right, lien and preference under the Master Indenture with respect to the pledge described in the subsection “Establishment of Trust” above with like effect as if they had all been executed, authenticated and delivered simultaneously. Nothing in the Master Indenture will be construed, however, as (i) requiring that any Bonds bear interest at the same rate or in the same manner as any other Bonds, have the same or an earlier or later maturity, have the same Principal or Interest Payment Dates as other Bonds, be subject to mandatory or optional redemption before maturity on the same basis as any other Bonds, or precluding the creation of separate reserve funds or obtaining separate surety bonds, insurance policies or other Bond Credit Facilities or DSRF Credit Facilities for any Series of Bonds or portions thereof, (ii) prohibiting HRTAC from entering into financial arrangements, including any Bond Credit Facility or DSRF Credit Facility, designed to assure that funds will be available for the payment of certain Bonds at their maturity or tender for purchase, or (iii) prohibiting HRTAC from pledging funds or assets of HRTAC other than those pledged under the Master Indenture or any Supplemental Indenture for the benefit of any Bonds. Intermediate Lien Obligations shall in all respects be junior and subordinate to the Senior Bonds, but senior to the Subordinate Obligations. (f) If the Bonds of the Series then to be issued are to be issued to refund Bonds issued and outstanding under the Master Indenture ("Refunding Bonds") evidence satisfactory to the Trustee that (i) the refunding produces present value debt service savings, and (ii) HRTAC has made provision for the payment or redemption of all of the Bonds to be refunded as required by the Master Indenture and the Related Series Supplement and for the payment of the estimated expenses of HRTAC and the Trustee incident to the refunding, including, if applicable, the fees of the Verification Agent and the escrow agent for the Related Escrow Fund;

(h) An Officer's Certificate, dated the date of delivery of the Bonds of the Series then to be issued, to the effect that to the best of the knowledge of the signatory, upon and immediately following such delivery, no Event of Default under the Master Indenture or any Series Supplement with respect to any Series of Bonds Outstanding will have occurred and be continuing;

(i) A written order and authorization to the Trustee on behalf of HRTAC, signed by an HRTAC Representative, to authenticate and deliver the Bonds of the Series then to be issued to or upon the order of the purchaser or purchasers therein identified upon payment to the Trustee of the purchase price (including accrued interest, if any) of such Series of Bonds; and

- (j) Any additional document or instrument specified in the Related Series Supplement.

Modification of Certain Definitions.

(a) In the case of the following described types of Bonds, the definition of the term “Principal and Interest Requirements” for the purposes of preparing and delivering the Officer’s Certificate regarding the coverage of HRTAC Revenues described above shall be modified as follows:

(1) Optional Tender Bonds. (i) If any of the Outstanding Bonds or additional Bonds of the Series then to be issued constitute Optional Tender Bonds, then the options of the Owners of such Bonds to tender the same for payment prior to their stated maturity or maturities shall be disregarded and Principal and Interest Requirements shall be calculated based on Assumed Debt Service, (ii) if such Bonds also constitute Variable Rate Bonds, HRTAC shall also make the adjustments described in the next paragraph, and (iii) any obligation HRTAC may have, other than its obligation on such additional Bonds (which need not be uniform as to all Owners thereof), to reimburse any Person for its having extended a Bond Credit Facility shall be disregarded and Principal and Interest Requirements shall be calculated based on Assumed Debt Service.

(2) Variable Rate Bonds.

(i) Tax-Exempt. If any of the Outstanding Bonds or Bonds of the Series then to be issued constitute Variable Rate Bonds the interest on which is or will be excluded from gross income for federal income tax purposes, then the interest rate used in the above-described computations shall be assumed to equal the average of the SIFMA Swap Index for the five years preceding such date of calculation, or such other rate as shall be specified in a Related Series Supplement or in an Officer’s Certificate in connection with the issuance of any additional Series of Bonds or any calculation of the Reserve Requirement.

(ii) Taxable. If any of the Outstanding Bonds or Bonds of the Series then to be issued constitute Variable Rate Bonds the interest on which is or will be included in gross income for federal income tax purposes, then the interest rate used in the above-described computations shall be assumed to equal the average of the One Month USD LIBOR Rate for the five years preceding such date of calculation, or such other rate as shall be specified in a Related Series Supplement or in an Officer’s Certificate in connection with the issuance of any additional Series of Bonds or any calculation of the Reserve Requirement.

(3) Swap Related Bonds. If any of the Outstanding Bonds or Bonds of the Series then to be issued constitute Swap Related Bonds, then the Interest Requirements on such Swap Related Bonds during any Hedge Period and, for so long as the Swap Provider has not defaulted on its payment obligations under the related Hedge Agreement, shall be calculated by adding (i) the amount of interest payable by HRTAC on such Swap Related Bonds pursuant to their terms, subject to paragraphs (a)(1) and (2) as applicable, and (ii) the amount of Hedge Payments payable by HRTAC pursuant to the Hedge Agreement and subtracting (iii) the amount of Hedge Receipts payable by the Swap Provider to HRTAC pursuant to the Hedge Agreement; provided, however, that if the Swap Provider is in default under the related Hedge Agreement, the Interest Requirements on such Swap Related Bonds shall be the interest calculated as if such Hedge Agreement had not been executed. In determining the amount of Hedge Payments or Hedge Receipts that are not fixed throughout the Hedge Period (i.e., which are variable), payable or receivable for any future period, such Hedge Payments or Hedge Receipts for any period of calculation (the “Determination Period”) shall be computed by assuming that the variables comprising the calculation applicable to the Determination Period are equal to the higher of (1) such variables in effect as of the date of calculation and (2) the average of the actual variables that were in effect (weighted according to the length of the period during which each such variable was in effect) for the most recent 12-month period immediately preceding the date of calculation for which such information is available (or shorter period if such information is not available for a 12-month period).

(b) The conversion of Bonds constituting Variable Rate Bonds to bear interest at fixed rate or rates or vice-versa, in accordance with their terms, shall not constitute a new issuance of Bonds under the Master Indenture.

(c) With respect to any Bonds bearing interest that is subject to a federal interest subsidy the proceeds of which are not otherwise designated as HRTAC Revenues, the interest rate on such Bonds shall be assumed to be the rate net of such interest subsidy.

Intermediate Lien Obligations. Nothing in the Master Indenture shall prohibit or prevent HRTAC from authorizing and issuing Intermediate Lien Obligations for any lawful purpose payable from HRTAC Revenues subject and subordinate to the payment of any Senior Bonds and to the deposits required to be made from HRTAC Revenues to the Senior Debt Service Funds and the Senior Debt Service Reserve Funds, or any other Fund or Account established to secure any Senior Bonds, or from securing any Intermediate Lien Obligations and their payment by a lien and pledge of HRTAC Revenues junior and inferior to the lien on and pledge thereof for the payment and security of the Senior Bonds.

Subordinate Obligations. Nothing in the Master Indenture shall prohibit or prevent HRTAC from authorizing and issuing Subordinate Obligations for any lawful purpose payable from HRTAC Revenues subject and subordinate to the payment of any Senior Bonds and Intermediate Lien Obligations and to the deposits required to be made from HRTAC Revenues to Senior and Intermediate Lien Debt Service Funds and Senior and Intermediate Lien Debt Service Reserve Funds, or any other Fund or Account established to secure any Senior Bonds or Intermediate Lien Obligations, or from securing any Subordinate Obligations and their payment by a lien and pledge of HRTAC Revenues junior and inferior to the lien on and pledge thereof for the payment and security of the Senior Bonds and the Intermediate Lien Obligations.

(a) HRTAC may establish with the Trustee or an escrow agent satisfactory to the Trustee in connection with the issuance of any Series of Refunding Bonds, an Escrow Fund to provide for the application and investment of the portion of the proceeds of such Series to be used to refund the refunded Bonds. Such Escrow Fund shall be established under or in accordance with the Related Series Supplement.

(b) HRTAC may establish with the Trustee in connection with the incurrence of any Reimbursement Obligation, a Reimbursement Account in any Related Debt Service Fund. Amounts held for the credit of any such Reimbursement Account shall be paid out by the Trustee as necessary to enable HRTAC to meet its obligations constituting Reimbursement Obligations.

Revenue Fund and Flow of Funds

Revenue Fund. HRTAC will hold the Revenue Fund as a separate Fund. The Revenue Fund itself is not pledged to secure any of the Bonds. HRTAC will deposit into the Revenue Fund all HRTAC Revenues, including any HRTF Revenues transferred from the HRTF, immediately upon receipt.

At least once each month, not later than the last Business Day of each month, HRTAC shall make transfers from the Revenue Fund in the amounts and in the order of priority set forth below:

FIRST: To each Senior Debt Service Fund ratably, the amount, if any, required under the Related Series Supplement so that the balance therein on the next Payment Date shall equal the amount of principal, if any, and interest due on the next Payment Date on the Related Series of Bonds; provided that HRTAC shall receive a credit against such transfer for the amount, if any, held in a Senior Debt Service Fund as capitalized interest or otherwise, together with the investment earnings thereon;

SECOND: To each Senior Debt Service Reserve Fund, ratably, the amount, if any, required so that the balance in each such Fund shall be equal to the respective Senior Debt Service Reserve Requirement;

THIRD: To each Intermediate Lien Debt Service Fund, ratably, the amount, if any, required so that the balance in each such Fund shall equal the amount of principal, if any, and interest due on the Related Intermediate Lien Obligations on the next ensuing payment date; provided that HRTAC shall receive a credit against such transfer for the amount, if any, held in an Intermediate Lien Debt Service Fund as capitalized interest or otherwise, together with the investment earnings thereon;

FOURTH: To each Intermediate Lien Debt Service Reserve Fund, ratably, the amount, if any, so that the balance in such Fund shall be equal to the respective Intermediate Lien Debt Service Reserve Requirement;

FIFTH: To each Subordinate Debt Service Fund, ratably, the amount, if any, required so that the balance in each such Fund shall equal the amount of principal, if any, and interest due on the Related Subordinate Obligations on the next ensuing payment date; provided that HRTAC shall receive a credit against such transfer for the amount, if any, held in a Subordinate Debt Service Fund as capitalized interest or otherwise, together with the investment earnings thereon;

SIXTH: To each Subordinate Debt Service Reserve Fund, ratably, the amount, if any, so that the balance in such Fund shall be equal to the respective Subordinate Debt Service Reserve Requirement;

SEVENTH: To each Rebate Fund the amounts necessary to provide for the payment of any Rebate Amounts with respect to the Related Series of Bonds as confirmed in an Officer's Certificate;

EIGHTH: To the Operating Account of the Operating Fund, the amount of funds necessary to pay Operating Expenses during such period in accordance with the Annual Budget;

NINTH: To the Operating Reserve Account of the Operating Fund, the amount, if any, so that the balance in such Account shall be equal to the Operating Reserve Requirement; and

TENTH: To the General Fund, the balance remaining in the Revenue Fund.

In the case of Bonds of a Series secured by a Bond Credit Facility, amounts on deposit in the Revenue Fund may be transferred to the Related Debt Service Fund, or the Related Reimbursement Account thereof, or elsewhere as provided in the Related Series Supplement to reimburse the Bond Credit Provider for amounts drawn under the Bond Credit Facility to pay the principal of and premium, if any, and interest on such Bonds.

Operating Fund. HRTAC will hold the Operating Fund and the Accounts therein, as a separate Fund for the purpose of paying Operating Expenses. Neither the Operating Fund nor any amount therein is pledged to secure the Bonds. HRTAC shall pay Operating Expenses from the Operating Account as they become due and in accordance with the purposes and amounts provided in the Annual Budget. If at any time there is a deficiency in the Operating Account, HRTAC shall transfer funds from the Operating Reserve Account to cover such deficiency. In determining the balance on deposit in the Operating Account for any purpose of the Master Indenture, there shall be deducted the amount of any pending payments or transfers from the Operating Account. HRTAC may cause amounts in the Operating Fund in excess of those required by the Annual Budget to be transferred to the General Fund.

Debt Service Funds. The Trustee shall promptly deposit the following amounts in each Debt Service Fund:

- (a) The amount, if any, of the proceeds of the Related Series of Bonds required by the Related Series Supplement to be deposited in the Debt Service Fund with respect to accrued and/or capitalized interest;
- (b) All amounts received from the Revenue Fund as described above;
- (c) Any amounts required to be transferred to the Debt Service Fund from a Debt Service Reserve Fund as provided under the Master Indenture; and
- (d) Any other amounts required to be paid to the Debt Service Fund or otherwise made available for deposit therein by HRTAC, including amounts made available pursuant to the Related Series Supplement.

The Trustee shall pay out of each Debt Service Fund ratably to the Trustee or, if applicable, the Paying Agent for the Related Series of Bonds (i) on each Interest Payment Date, the amount required for the payment of interest on such Bonds then due, (ii) on any redemption date, the amount required for the payment of accrued interest on such Bonds to be redeemed, unless the payment of such accrued interest shall be otherwise provided for, and such amounts shall be applied by the Trustee or the Paying Agent, as applicable, to such payment, and (iii) the accrued interest included in the Purchase Price of any such Bonds of the Related Series purchased for retirement pursuant to the Master Indenture.

The Trustee shall pay out of each Debt Service Fund for the Related Series of Bonds on each Principal Payment Date and redemption date for such Bonds, the amounts then required for the payment of such principal or redemption price, and such amounts shall be applied by the Trustee to such payments either itself or through the Paying Agent for such Bonds.

Whenever the amounts in a Debt Service Fund is sufficient to redeem all of the Outstanding Bonds of the Related Series and to pay interest accrued to the redemption date, the Commission will cause the Trustee to redeem all such Related Bonds on the applicable redemption date specified by the Commission. Any amounts remaining in the Related Debt Service Fund after payment in full of the principal or redemption price and interest on the Related Bonds (or provision for payment thereof) and the fees, charges and expenses related to such transaction, shall be transferred to the Revenue Fund.

Debt Service Reserve Funds. Except as specifically described below, the amount in each Debt Service Reserve Fund shall be used solely to cure deficiencies in the amount on deposit in the Related Debt Service Fund and

only with respect to the Related Series of Bonds. If there are insufficient funds in the Related Bond Service Fund to pay the principal of and interest on a particular Series of Bonds when due, then the Trustee shall transfer the amount of deficiency from the amount, if any, on deposit in the Related Debt Service Reserve Fund to such Debt Service Fund.

Any interest earned from the investment of money in a Debt Service Reserve Fund shall be transferred upon receipt to the Revenue Fund and/or to the Related Rebate Fund to pay any Rebate Amounts in accordance with the Series Supplements and Tax Regulatory Agreements (as confirmed in an Officer's Certificate) to the extent that such transfer will not cause the balance in the Debt Service Reserve Fund to be less than its Reserve Requirement.

On each Reserve Determination Date, the Trustee shall determine if the balance in each of the Debt Service Reserve Funds is at least equal to the Reserve Requirement for the Related Series of Bonds. In making each such determination, investments in each Debt Service Reserve Fund shall be valued as described in the subsection "Permitted Investments and Valuation of Funds" below or as otherwise provided in the Related Series Supplement. If on any Reserve Determination Date the amount in any Debt Service Reserve Fund is less than its Reserve Requirement, the Trustee shall immediately notify HRTAC of such fact and the amount of the deficiency.

Any interest earned from the investment of money in a Debt Service Reserve Fund shall be transferred upon receipt to the Related Debt Service Fund and/or to the Related Rebate Fund to pay any Rebate Amounts in accordance with the applicable Series Supplements, Tax Regulatory Agreements and Officer's Certificates to the extent that such transfer will not cause the balance in the Debt Service Reserve Fund to be less than its Reserve Requirement. If on any Reserve Determination Date there exists a surplus in a Debt Service Reserve Fund, the Trustee shall transfer such surplus to the Related Debt Service Fund and/or to the Related Rebate Fund to pay any Rebate Amounts in accordance with the applicable Series Supplements, Tax Regulatory Agreements and Officer's Certificate; provided, however, that if on any Reserve Determination Date there exists or will exist a surplus in a Debt Service Reserve Fund as the result of the payment at maturity, redemption or defeasance under the Master Indenture of a portion of the Bonds of the Related Series on or as of such Reserve Determination Date, then the Trustee is authorized to transfer the surplus (including to an Escrow Fund for any such Bonds to be redeemed or defeased) as specified in (i) a Series Supplement (as confirmed in an Officer's Certificate) or (ii) an Officer's Certificate.

In lieu of maintaining and depositing money or securities in a Debt Service Reserve Fund, HRTAC may deposit with the Trustee a DSRF Credit Facility in an amount equal to all or a portion of the applicable Reserve Requirement. Any DSRF Credit Facility will permit the Trustee to draw or obtain under it for deposit in the Debt Service Reserve Fund amounts that, when combined with the other amounts in such Fund, are not less than the applicable Reserve Requirement.

The Trustee will make a drawing on or otherwise obtain funds under any DSRF Credit Facility before its expiration or termination (i) whenever money is required for the purposes for which Debt Service Reserve Fund money may be applied and (ii) unless such DSRF Credit Facility has been extended or a qualified replacement for it delivered to the Trustee, in the event HRTAC has not deposited immediately available funds equal to the applicable Reserve Requirement at least two Business Days preceding the expiration or termination of such DSRF Credit Facility.

If HRTAC provides the Trustee with a DSRF Credit Facility as provided above, the Trustee will transfer the corresponding amount of funds then on deposit in the applicable Debt Service Reserve Fund to HRTAC, provided HRTAC delivers to the Trustee (i) an Opinion of Bond Counsel that such transfer of funds will not adversely affect the excludability from gross income for purposes of federal income taxation of interest on any Bonds the interest on which was excludable on the date of their issuance and (ii) HRTAC covenants to comply with any directions or restrictions contained in such opinion concerning the use of such funds.

General Fund. HRTAC will hold the General Fund and, except as otherwise provided below, neither such Fund nor any moneys or investments therein shall be pledged to secure the Bonds.

HRTAC shall apply the balance in the General Fund, including interest earnings, first to cure any deficiency in the amount required to be on deposit in any Senior Debt Service Fund, any Senior Debt Service Reserve Fund, any Intermediate Lien Debt Service Fund, any Intermediate Lien Debt Service Reserve Fund, any Subordinate Debt Service Fund, any Subordinate Debt Service Reserve Fund, any Rebate Fund, or the Operating Reserve Account, in

that order; and then to any lawful purpose approved by resolution of HRTAC, including without limitation, expenditures for capital improvements with respect to any Project or payment of any Operating Expenses.

Operation of Certain Series-Specific Funds

Cost of Issuance Funds. There shall be deposited in each Cost of Issuance Fund the portion of the proceeds of the Related Series of Bonds and such other amounts as may be specified in the Related Series Supplement. HRTAC will use the amounts in each Cost of Issuance Fund to pay costs of issuance incurred in connection with the issuance of the Related Series of Bonds.

Project Funds. There will be deposited into each Project Fund such portion of the proceeds of the Related Series of Bonds and other amounts as may be specified in the Related Series Supplement. HRTAC shall use the amounts in each Project Fund to finance or refinance the Projects in accordance with the requirements of the Related Series Supplement and Tax Regulatory Agreement.

Rebate Funds. There shall be transferred to each Rebate Fund amounts to be used to pay Rebate Amounts with respect to the Related Series of Bonds to the extent, and from the sources, specified in a Related Series Supplement, a Related Tax Regulatory Agreement or an Officer's Certificate. Whenever amounts on deposit in a Rebate Fund shall be required to pay Rebate Amounts and any other obligations under Section 148 of the Tax Code in connection with a Related Series of Bonds, HRTAC shall direct the Trustee to transfer such amounts to or on behalf of HRTAC for such purpose. HRTAC may direct the Trustee to transfer any amounts on deposit in a Rebate Fund that are not needed for such purpose to the Revenue Fund and/or another Fund or Account established hereunder as may be authorized or directed in a Related Series Supplement, a Related Tax Regulatory Agreement or an Officer's Certificate.

Permitted Investments and Valuation of Funds

Permitted Investments. Subject to the provisions of any Supplemental Indenture, any amounts held in any Fund or Account established by the Master Indenture or any Supplemental Indenture may be separately invested and reinvested by the Trustee, at the request of and as directed in writing by an HRTAC Representative, in any investments that are at the time (i) legal investments for public funds of the type to be invested under Virginia law, including without limitation the Investment of Public Funds Act, Chapter 45 of Title 2.2 of the Virginia Code or any successor provision of law and the Government Non-Arbitrage Investment Act, Chapter 47 of Title 2.2 of the Virginia Code or any successor provision of law, (ii) authorized by HRTAC's Statement of Investment Policy then in effect, and (iii) structured to permit adequate liquidity to permit the purpose of such Fund or Account to be satisfied. Notwithstanding anything to the contrary contained herein, HRTAC may invest the amounts on deposit in the General Fund to the same extent as provided in Section 33.2-1525 of the Virginia Code for excess funds in the Transportation Trust Fund.

Subject to the provision of any Supplemental Indenture, all investments shall be held by or under the control of the Trustee or HRTAC, as the case may be, and while so held shall be deemed a part of the Fund or Account in which the amounts were originally held. The Trustee and HRTAC shall sell and reduce to cash a sufficient amount of investments whenever the case balance in any Fund or Account is insufficient for its purposes.

Valuation of Investments. Unless otherwise provided in a Supplemental Indenture, HRTAC or the Trustee shall value the investments in each Fund and Account established under the Master Indenture or any Supplemental Indenture and held by it or at its direction as of the last Business Day of each month; provided that, notwithstanding the foregoing, a Debt Service Reserve Fund shall be valued only on Reserve Determination Dates.

Unless otherwise provided in a Supplemental Indenture, each such investment shall be valued (i) at amortized cost if the weighted average life of all investments held in the same Fund or Account is five years or less or (ii) at its fair market value or the amortized cost thereof, whichever is lower if the weighted average life of all investments held in the same Fund or Account exceeds five years. A DSRF Credit Facility shall be valued at the amount that the Trustee is authorized to draw thereon to pay debt service on the Series of Bonds secured thereby.

Discharge and Defeasance

Discharge. If the following conditions exist:

(a) The principal of any and all of the Series of Bonds and the interest due or to become due thereon together with any redemption premium required by redemption of any of the Bonds prior to maturity shall be paid, or is caused to be paid, or is provided for as described under the heading “Defeasance” below, at the times and in the manner to which reference is made in the Bonds, according to the true intent and meaning thereof, or the Outstanding Bonds shall have been paid and discharged in accordance with the Master Indenture, and

(b) All of the covenants, agreements, obligations, terms and conditions of HRTAC under the Master Indenture shall have been kept, performed and observed and there shall have been paid to the Trustee, the Bond Registrar and the Paying Agents all sums of money due or to become due to them in accordance with the terms and provisions of the Master Indenture,

then the right, title and interest of the Trustee in the trust estate granted pursuant the Master Indenture will thereupon cease and the Trustee, on the request of and at the expense of HRTAC, shall release the Master Indenture and the trust estate and shall execute such documents to evidence such release as may be reasonably required by HRTAC and shall turn over to HRTAC, or to such other Person as may be entitled to receive the same, all balances remaining in any Funds and Accounts established hereunder except for amounts required to pay the Bonds.

Provision for Payment of Particular Bonds. If HRTAC shall pay or provide for the payment of all or part of the indebtedness on particular Bonds in any one or more of the following ways:

(a) by paying or causing to be paid the principal of and premium, if any, and interest on such Bonds, as and when the same shall become due and payable;

(b) by delivering such Bonds to the Trustee for cancellation; or

(c) by depositing with the Trustee (or an escrow agent acceptable to the Trustee), in trust, cash and/or Defeasance Obligations in such amount as will, together with the income or increment to accrue on such Defeasance Obligations (the “Defeasance Amount”), be fully sufficient to pay or redeem (when redeemable) and discharge the indebtedness on such Bonds at or before their respective maturity dates, without consideration of any reinvestment of the Defeasance Amount, as a Verification Agent will verify to the Trustee’s satisfaction;

and if HRTAC shall also pay or provide for the payment of all other sums payable hereunder by HRTAC with respect to such Bonds, and, if such Bonds are to be redeemed before their maturity, notice of such redemption shall have been given as provided in the Master indenture (or the corresponding provisions of the Related Series Supplements) or provisions satisfactory to the Trustee shall have been made for the giving of such notice, such Bonds shall cease to be entitled to any lien, benefit or security under the Master Indenture except as described below.

HRTAC may at any time surrender to the Trustee for cancellation any Bonds previously authenticated and delivered that HRTAC may have acquired in any manner whatsoever, and such Bonds, upon such surrender and cancellation, shall be deemed to be paid and retired as described above.

Upon such defeasance all rights of HRTAC, including its right to provide for optional redemption of such Bonds on dates other than planned pursuant to such defeasance, shall cease unless specifically retained by filing a written notification thereof with the Trustee on or prior to the date the Defeasance Amount is deposited with the Trustee or escrow agent.

When a Transportation Bond is deemed to be paid as described above, it shall no longer be secured by or entitled to the benefits of the Master Indenture, except for the purposes of any such payment (to the exclusion of all other Owners) from the Defeasance Amount and except for the provisions of payment and redemption provisions of the Master Indenture.

Events of Default and Remedies Upon Default

Events of Default. The occurrence and continuation of one or more of the following events shall constitute an Event of Default with respect to the Bonds:

- (a) default in the payment of any installment of interest in respect of the any Series of Bonds as the same shall become due and payable; or
- (b) default in the payment of the principal of or premium, if any, in respect of any Series of Bonds as the same shall become due and payable either at maturity, upon redemption, or otherwise; or
- (c) default in the payment of any Amortization Requirement in respect of any Bond that is a Term Bond as the same shall become due and payable; or
- (d) failure on the part of HRTAC duly to observe or perform any other of the covenants or agreements on the part of HRTAC contained in the Master Indenture, a Series Supplement, a Tax Regulatory Agreement or any Bond (a “Covenant Event of Default”), subject to the provisions described in the subsection “Notice of Certain Defaults; Opportunity to Cure Such Defaults” below; or
- (e) appointment by a court of competent jurisdiction of a receiver for all or any substantial part of the HRTAC Revenues and the other Funds and Accounts pledged pursuant to the Master Indenture, or the filing by HRTAC of any petition for reorganization of HRTAC or rearrangement or readjustment of the obligations of HRTAC under the provisions of any applicable Bankruptcy Law.

Notwithstanding any other provision of the Master Indenture, failure to pay the principal or any Amortization Requirement of or interest on any Intermediate Lien Obligation or Subordinate Obligation will not constitute an Event of Default with respect to any of the Senior Bonds, and failure to pay the principal or any Amortization Requirement of or interest on any Subordinate Obligation will not constitute an Event of Default with respect to any of the Intermediate Lien Obligations.

An Event of Default with respect to one Series of Bonds shall not cause an Event of Default with respect to any Series of Bonds unless such event or condition independently constitutes an Event of Default with such other Series of Bonds.

HRTAC may, pursuant to a Series Supplement, provide for a particular Series of Bonds different or additional Events of Default and remedies upon the occurrence thereof including, but not limited to, Events of Default upon the occurrence of events specified in any agreement entered into in connection with the delivery of a Bond Credit Facility; provided, however, no such Series Supplement shall provide for any acceleration of the full principal amount of any Bonds.

Remedies Upon Default. If an Event of Default occurs and is continuing, there shall be no right of acceleration with respect to any Bonds but the Trustee may, and upon the written request to the Trustee by the Majority Owners shall, subject to the indemnity requirements of the Master Indenture, protect and enforce its rights and the rights of the Owners of such Bonds by such suits, actions or proceedings to enforce payment of and receive any and all amounts due from the Commission hereunder, together with any and all costs and expenses of proceedings and collections, and to collect (but solely from HRTAC Revenues available for such purpose) in any manner provided by law, the moneys adjudged or decreed to be payable.

Without limiting the generality of the foregoing, the Commission shall not enter into any agreement, including, without limitation, a Credit Facility, continuing covenants agreement or similar direct purchase agreement, which purports to create any rights of acceleration of any Bonds; provided, however, the following shall not be considered acceleration for purposes of this paragraph: (i) termination payments under any Hedge Agreement; and (ii) term-outs of Reimbursement Obligations under Bond Credit Facilities that occur as a result of (A) mandatory tender for purchase of the Bonds or (B) revised amortization requirements and/or increased interest rates following an optional or mandatory tender for purchase of the Bonds.

Control of Remedies. Notwithstanding anything in the Master Indenture or the Supplemental Indentures to the contrary, upon the occurrence and continuation of an Event of Default, the Majority Owners will control and direct all actions of the Trustee in exercising such of the rights and powers conferred by the Master Indenture on the Trustee or the Owners.

So long as any Senior Bonds are Outstanding, no owner or holder of any Intermediate Lien Obligation or any Subordinate Obligation may exercise any remedy under the Master Indenture or any Supplemental Indenture, and so long as any Intermediate Lien Obligations are Outstanding, no owner or holder of any Subordinate Obligation may exercise any remedy under the Master Indenture or any Supplemental Indenture.

Restriction on Owners' Actions. No Owner will have any right to institute any suit, action or proceeding in equity or at law for the enforcement of the Master Indenture or any remedy under the Master Indenture or any Supplemental Indenture or the Bonds, unless (i) an Event of Default has occurred and is continuing of which the Trustee has been notified as provided in the Master Indenture, or of which it is deemed to have notice thereunder; (ii) the Majority Owners have made written request of the Trustee to institute the suit, action, proceeding or other remedy, after the right to exercise the powers or rights of action, as the case may be, has accrued, and have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers granted in the Master Indenture or to institute the action, suit or proceeding in its or their name; (iii) there has been offered to the Trustee security and indemnity reasonably satisfactory to it against the costs, expenses and liabilities to be incurred as provided in the Master Indenture; and (iv) the Trustee has not complied with the request within a reasonable time. Such notification, request and offer of indemnity are declared, at the option of the Trustee, to be conditions precedent to the execution of the trusts of the Master Indenture or for any other remedy under the Master Indenture. It is intended that no one or more Owners will have any right to affect, disturb or prejudice the security of the Master Indenture, or to enforce any right under the Master Indenture or the Bonds, except in the manner provided for in the Master Indenture, and that all proceedings at law or in equity will be instituted, had and maintained in the manner provided in the Master Indenture and for the benefit of all Owners. Nothing in the Master Indenture will affect or impair the right of the Owners generally to enforce payment of the Bonds in accordance with their terms.

Power of Trustee to Enforce. All rights of action under the Master Indenture or under any of the Bonds secured by it that are enforceable by the Trustee may be enforced without the possession of any of the Bonds, or their production at the trial or other related proceedings. Any suit, action or proceedings instituted by the Trustee may be brought in its own name, as trustee, for the equal and ratable benefit of the Owners subject to the provisions of the Master Indenture.

Waiver of Events of Default; Effect of Waiver. The Trustee will waive any Event of Default and its consequences at the written request of the Majority Owners. If any Event of Default with respect to the Bonds has been waived as provided in the Master Indenture, the Trustee will promptly give written notice of the waiver to HRTAC and by first class mail, postage prepaid, to all Owners if the Owners had previously been given notice of the Event of Default. No waiver, rescission and annulment will extend to or affect any subsequent Event of Default or impair any right, power or remedy available under the Master Indenture.

Application of Money. Any amounts received by the Trustee following an Event of Default will, after payment of the costs and expenses of the proceedings resulting in the collection of the money, the expenses, liabilities and advances incurred or made by the Trustee and the fees (whether ordinary or extraordinary) of the Trustee and expenses of HRTAC in carrying out the provisions of the Master Indenture, be deposited in an appropriate Account established and held by the Trustee and shall be applied as follows:

FIRST: To the payment of the persons entitled to it of all installments of interest then due on the Senior Bonds, in order of the maturity of the installments of such interest and, if the money available is not sufficient to pay in full any particular installment, then ratably, according to the amounts due on such installment, to the persons entitled to it, without any discrimination or privilege;

SECOND: To the payment of the persons entitled to it of the unpaid principal or Amortization Requirements of on any of the Senior Bonds which have become due (other than Senior Bonds matured or called for redemption for the payment of which money is held pursuant to the provisions of the Master Indenture), in the order of their due dates and, if the amount available is not sufficient to pay in full such

Senior Bonds due on any particular date, then ratably, according to the amount of principal due on such date, to the persons entitled to it without any discrimination or privilege;

THIRD: To the payment of the persons entitled to it of all installments of interest then due on the Intermediate Lien Obligations, in order of the maturity of the installments of such interest and, if the money available is not sufficient to pay in full any particular installment, then ratably, according to the amounts due on such installment, to the persons entitled to it, without any discrimination or privilege;

FOURTH: To the payment of the persons entitled to it of the unpaid principal or Amortization Requirements of any of the Intermediate Lien Obligations that have become due (other than Intermediate Lien Obligations matured or called for redemption for the payment of which money is held pursuant to the provisions of the Master Indenture), in the order of their due dates and, if the amount available is not sufficient to pay in full such Intermediate Lien Obligations due on any particular date, then ratably, according to the amount of principal due on such date, to the persons entitled to it without any discrimination or privilege;

FIFTH: To the payment of the persons entitled to it of all installments of interest then due on the Subordinate Obligations, in order of the maturity of the installments of such interest and, if the money available is not sufficient to pay in full any particular installment, then ratably, according to the amounts due on such installment, to the persons entitled to it, without any discrimination or privilege; and

SIXTH: To the payment of the persons entitled to it of the unpaid principal or Amortization Requirements of any of the Subordinate Obligations that have become due (other than Subordinate Obligations matured or called for redemption for the payment of which money is held pursuant to the provisions of the Master Indenture), in the order of their due dates and, if the amount available is not sufficient to pay in full such Subordinate Obligations due on any particular date, then ratably, according to the amount of principal due on such date, to the persons entitled to it without any discrimination or privilege.

Whenever money is to be applied as described above, it will be applied at such times, and from time to time, as the Trustee determines, having due regard to the amount of money available for application and the likelihood of additional money becoming available for application in the future. Whenever the Trustee applies such money, it will fix the date on which payment is to be made, and interest on the amount of principal to be paid on such date will cease to accrue. The Trustee will give, in such form as it may deem appropriate, notice to the Owners of the fixing of such payment date.

Notice of Certain Defaults; Opportunity to Cure Such Defaults. Notwithstanding anything to the contrary in the Master Indenture, no Covenant Event of Default will occur until actual notice of the default is given to HRTAC by the Trustee or by the Owners of not less than 25% in aggregate principal amount of all Outstanding Bonds, and HRTAC has had (i) 30 days after receipt of the notice with respect to any default in the payment of money or (ii) 90 days after receipt of the notice of any other default to correct the default or to cause the default to be corrected; provided, however, that if the default can be corrected, but cannot within the applicable period, it will not constitute an Event of Default if corrective action is instituted by HRTAC within the applicable period and diligently pursued (as determined by the Trustee) until the default is corrected.

Rights of Bond Credit Provider. Notwithstanding anything contained in the Master Indenture to the contrary, until HRTAC has reimbursed a Bond Credit Provider for amounts paid under a Bond Credit Facility to pay the interest on or the principal of any Bonds on any Payment Date, (i) such Bonds shall be deemed to be Outstanding and such Bond Credit Provider shall succeed to the rights and interests of the Owners to the extent of the amounts paid under the Bond Credit Facility until such amounts have been reimbursed and (ii) upon presentation to the Trustee, such Bond shall be registered in the name of the Bond Credit Provider or its nominee.

Amendments and Supplemental Indentures

HRTAC and the Trustee may, without the consent of, or notice to, any of the Owners of the Bonds, enter into such Supplemental Indenture or Supplemental Indentures as shall not be inconsistent with the terms and provisions of the Master Indenture or any Supplemental Indenture for any one or more of the following purposes:

- (a) To cure or correct any ambiguity, formal defect, omission or inconsistent provision in the Master Indenture or in a Supplemental Indenture;

- (m) To make any other changes that (i) will have no adverse effect upon the ratings currently assigned to the Bonds by any Rating Agency, as expressed in a Rating Confirmation or (ii) shall not prejudice in any

material respect the rights of the Owners of such Bonds then Outstanding, as expressed in a written determination or finding by HRTAC (which shall be stated in the Supplemental Indenture, and may be based upon an Opinion of Bond Counsel or the written opinion of HRTAC's financial advisor); and

(n) To restate in one document the Master Indenture and all Supplemental Indentures, which restatement shall then become the Master Indenture for all purposes, effective as of the date of the Master Indenture with respect to matters set forth therein and as of the date of any Supplemental Indenture included in the restatement as to matters set forth in any such Supplemental Indenture. Supplemental Indentures and the Bonds issued thereunder prior to a restatement shall be deemed to relate to the restated Master Indenture without any further action or amendment.

Exclusive of Supplemental Indentures covered above and subject to the terms and provisions contained above, the Majority Owners shall have the right from time to time, notwithstanding any other provision of the Master Indenture, to consent to and approve the execution by HRTAC and the Trustee of such other Supplemental Indenture or Supplemental Indentures as HRTAC shall deem necessary or desirable to modify, alter, amend, add to or rescind, in any particular, any of the terms or provisions contained in the Master Indenture or in any Supplemental Indenture; provided, however, that without the consent and approval of the Owners of all of the affected Senior Bonds, Intermediate Lien Obligations or Subordinate Obligations, as applicable, then Outstanding nothing in the Master Indenture shall permit, or be construed as permitting (i) an extension of the maturity of the principal of or the interest on any such Senior Bond, Intermediate Lien Obligation or Subordinate Obligation, (ii) a reduction in the principal amount of any such Senior Bond, Intermediate Lien Obligation or Subordinate Obligation or the rate of interest on it, (iii) a privilege or priority of any such Senior Bond over any other Senior Bond, any such Intermediate Lien Obligation over any other Intermediate Lien Obligation, or any such Subordinate Obligation over any other Subordinate Obligation, or (iv) a reduction in the aggregate principal amount of Senior Bonds, Intermediate Lien Obligations or Subordinate Obligations required for consent to such Supplemental Indenture.

If at any time HRTAC shall request the Trustee to enter into any such Supplemental Indenture for any of the purposes of expressed above, the Trustee shall, upon being satisfactorily indemnified with respect to expenses, cause notice of the proposed execution of the Supplemental Indenture to be mailed to each Owner of Bonds then Outstanding by registered or certified mail to the address of each such Owner as it appears on the registration books for such Bonds; provided, however, that failure to give such notice by mailing, or any defect in it, shall not affect the validity of any proceedings regarding such Supplemental Indenture. Such notice shall briefly state the nature of the proposed Supplemental Indenture and shall state that copies of it are on file at the Trustee's designated corporate trust office for inspection by all Owners. If, within six months or such longer period as shall be prescribed by HRTAC following the giving of such notice, the Majority Owners shall have consented to and approved its execution, no Owner of any such Bond shall have any right to object to any of the terms and provisions contained in it, or its operation, or in any manner to question the propriety of its execution, or to enjoin or restrain the Trustee or HRTAC from executing such Supplemental Indenture or from taking any action under its provisions. Upon the execution of any such Supplemental Indenture permitted as described above, the Master Indenture shall be deemed to be modified and amended in accordance therewith.

Bonds owned or held by or for the account of HRTAC or any Person controlling, controlled by or under common control with HRTAC shall not be deemed Outstanding for the purpose of consent or any calculation of Outstanding Bonds for purposes of entering into Supplemental Indentures. At the time of any such calculation, HRTAC shall furnish the Trustee an Officer's Certificate describing all such Bonds so to be excluded.

Anything contained in the Master Indenture to the contrary notwithstanding, HRTAC and the Trustee may enter into any Supplemental Indenture upon receipt of the consent of the Owners of all Bonds then Outstanding.

THE 2019A Series Supplement

Authorization and Details of 2019A Notes

The 2019A Series Supplement authorizes the issuance pursuant to the Master Indenture of the Series 2019A Notes. The details as to principal, interest, and redemption terms are set forth in the 2019A Series Supplement and are consistent with the provisions of the Series 2019A Notes as described in the Official Statement.

Establishment of Funds

The 2019A Series Supplement creates the following funds to be held by the Trustee:

1. the 2019A Cost of Issuance Fund;
2. the 2019A Project Fund;
3. the 2019A Bond Debt Service Fund, in which there is established the 2019A Capitalized Interest [Sub]Account; and
4. the 2019A Rebate Fund.

On the date of issuance of the Series 2019A Notes, the Trustee shall apply the amounts received from the underwriters of the Series 2019A Notes in payment therefor to the 2019A Cost of Issuance Fund, the 2019A Capitalized Interest [Sub]Account, and the 2019A Project Fund as provided in the 2019A Series Supplement.

The money and investments held in the 2019A Project Fund and in the 2019A Bond Debt Service Fund are pledged to secure the Series 2019A Notes.

Cost of Issuance Fund

HRTAC shall apply the amounts in the 2019A Cost of Issuance Fund to pay the issuance and financing costs of the Series 2019A Notes. Any amount deposited in the 2019A Cost of Issuance Fund that is not applied in accordance with the Master Indenture to pay the costs of issuance of the Series 2019A Notes shall be transferred by HRTAC to the Project Fund and applied as set forth below.

Project Fund

The Trustee will apply the amounts in the 2019A Project Fund to the payment or reimbursement of the costs of certain projects as directed by HRTAC. Disbursements from the 2019A Project Fund shall be made by the Trustee to HRTAC or as directed by HRTAC upon receipt by the Trustee of a requisition signed by an HRTAC Representative and containing all information called for by the 2019A Series Supplement.

Bond Debt Service Fund

Each monthly transfer into the 2019A Bond Debt Service Fund under the Master Indenture shall be in an amount not less than the sum of (i) one-sixth of the interest due on the Series 2019A Notes on the next ensuing Interest Payment Date, plus (ii) one-twelfth of the principal due on the Series 2019A Notes at maturity or upon mandatory redemption on the next ensuing Principal Payment Date, less (iii) accrued interest and any other interest earnings currently on deposit therein.

Rebate Fund

The Trustee shall invest and apply amounts on deposit in the 2019A Rebate Fund as directed by Officer's Certificates provided pursuant to and in accordance with the Master Indenture.

Tax Regulatory Agreement

HRTAC agrees that it will not directly or indirectly use or permit the use of the proceeds of the Series 2019A Notes except in accordance with the 2019A Tax Regulatory Agreement. HRTAC agrees that it will not take any action, or omit to take any action, if any such action or omission would adversely affect the excludability from gross income of interest on the Series 2019A Notes under Section 103 of the Tax Code. HRTAC agrees that it will not directly or indirectly use or permit the use of any proceeds of the Series 2019A Notes or any other funds of HRTAC or take or omit to take any action that would cause the Series 2019A Notes to be "arbitrage bonds" under Section

148(a) of the Tax Code. To these ends, HRTAC will comply with all requirements of Sections 141 through 150 of the Tax Code, including Section 148(f)(2) and (3) of the Tax Code, to the extent applicable to the Series 2019A Notes.

The Trustee agrees to comply with all written instructions of an HRTAC Representative given in accordance with the 2019A Tax Regulatory Agreement, but the Trustee shall not be required to ascertain whether the instructions comply with the 2019A Tax Regulatory Agreement. The Trustee shall be entitled to receive and may request from time to time from HRTAC written instructions from a nationally-recognized bond counsel acceptable to the Trustee regarding the interpretation of Sections 141 through 150 of the Tax Code, and the Trustee agrees that it will comply with such instructions (upon which the Trustee and HRTAC may conclusively rely) so as to enable HRTAC to perform its covenants under the Master Indenture and the 2019A Series Supplement.

Notwithstanding any provisions of the 2019A Series Supplement, if HRTAC shall provide to the Trustee an opinion of nationally-recognized bond counsel addressed and acceptable to HRTAC and the Trustee to the effect that any action required under the 2019A Series Supplement by incorporation or otherwise is not required or is no longer require to maintain the excludability from gross income of the interest on the Series 2019A Notes under Section 103 of the Tax Code, HRTAC and the Trustee may rely conclusively on such opinion in complying with the provisions of the Master Indenture and the 2019A Series Supplement.

Hampton Roads Transportation Accountability Commission
Chesapeake, Virginia

Hampton Roads Transportation Accountability Commission
\$_____
Hampton Roads Transportation Fund
_____**Lien Bond Anticipation Notes, Series 2019A**

Ladies and Gentlemen:

We have examined the applicable law and certified copies of proceedings and documents relating to the issuance and sale by the Hampton Roads Transportation Accountability Commission (the “Commission”), of its \$_____ Hampton Roads Transportation Fund _____ Lien Bond Anticipation Notes, Series 2019A (the “Series 2019A Notes”). Reference is made to the form of the Series 2019A Notes for information concerning their details, including payment and redemption provisions, and the proceedings pursuant to which they are issued, including a Master Indenture of Trust dated as of February 1, 2018 (the “Master Indenture”), as supplemented by a [Third] Supplemental Series Indenture of Trust dated as of _____ 1, 2019 (the “2019A Series Supplement” and, collectively, the “Indenture”). All capitalized terms used but not defined herein have the same meaning as defined in the Indenture.

Without undertaking to verify the same by independent investigation, we have relied on certifications by representatives of the Commission as to certain facts relevant to both our opinion and requirements of the Internal Revenue Code of 1986, as amended (the “Code”). The Commission has covenanted to comply with the current provisions of the Code regarding, among other matters, the use, expenditure and investment of the proceeds of the Series 2019A Notes and the timely payment to the United States of any arbitrage rebate amounts with respect to the Series 2019A Notes, all as set forth in the proceedings and documents relating to the issuance of the Series 2019A Notes (the “Covenants”). In rendering the following opinions, we have assumed the genuineness of all signatures, the authenticity of all documents tendered to us as originals and the conformity to original documents of all documents submitted to us as certified copies.

Based on the foregoing, we are of the opinion that:

1. The Series 2019A Notes have been authorized and issued in accordance with the Constitution and statutes of the Commonwealth of Virginia and constitute valid and binding limited obligations of the Commission payable solely from the revenues pledged by the Commission for such purpose under the Indenture. The Series 2019A Notes and the interest thereon do not constitute a pledge of the faith and credit of the Commonwealth of Virginia or of any political subdivision thereof, including the Commission or any of its Member Localities.

2. The Indenture has been duly authorized, executed and delivered and constitutes a valid and enforceable obligation of the Commission enforceable in accordance with its terms, and the 2019A Series Supplement complies in all respects with the requirements of the Master Indenture.

3. The rights of the holders of the Series 2019A Notes and the enforceability of such rights, including the enforcement of the obligations of the Commission under the Indenture, may be limited or otherwise affected by (a) bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and other laws affecting the rights of creditors generally and (b) principles of equity, whether considered at law or in equity.

4. Under current law, interest on the Series 2019A Notes (a) is not included in gross income for Federal income tax purposes, and (b) is not an item of tax preference for purposes of the Federal alternative minimum tax. The opinion in the preceding sentence is subject to the condition that there is compliance subsequent to the issuance of the Series 2019A Notes with all requirements of the Code that must be satisfied in order that interest thereon not be included in gross income for Federal income tax purposes. Failure by the Commission to comply with the Covenants, among other things, could cause interest on the Series 2019A Notes to be included in gross income for Federal income tax purposes retroactively to their date of issue. We express no opinion regarding other Federal tax consequences of the ownership of or receipt or accrual of interest on the Series 2019A Notes.

5. Under current law, interest on the Series 2019A Notes is exempt from income taxation by the Commonwealth of Virginia.

Our services as bond counsel to the Commission have been limited to delivering the foregoing opinion based on our review of such proceedings and documents as we deem necessary to approve the validity of the Series 2019A Notes and the tax-exempt status of the interest thereon. We express no opinion herein as to the financial resources of the Commission, its ability to provide for payment of the Series 2019A Notes or the accuracy or completeness of any information, including the Commission's Preliminary Official Statement dated January 18, 2018, and its Official Statement dated January 30, 2018, that may have been relied upon by anyone in making the decision to purchase Bonds.

The opinions expressed herein are for your benefit and the benefit of your successors and assigns and may not, without our prior written consent, be distributed to or relied upon by any other person. Our opinions are expressed as of the date hereof, and we do not assume any obligation to update or supplement our opinions to reflect any fact or circumstance subsequently arising or any change in law subsequently occurring. Our opinions expressed herein are limited to the matters expressly stated, and no opinion is implied or may be inferred beyond such matters.

Very truly yours,

INFORMATION REGARDING THE DEPOSITORY TRUST COMPANY AND ITS BOOK-ENTRY SYSTEM

INFORMATION REGARDING THE DEPOSITORY TRUST COMPANY AND ITS BOOK-ENTRY SYSTEM

The description which follows of the procedures and recordkeeping with respect to beneficial ownership interests in the Bonds, payments of principal of and premium, if any and interest on the Bonds to The Depository Trust Company, New York, New York (“DTC”), its nominee, Participants or Beneficial Owners (each as hereinafter defined), confirmation and transfer of beneficial ownership interests in the Bonds and other bond-related transactions by and between DTC, Participants and Beneficial Owners is based solely on information furnished by DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (the “Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has an S&P rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (the “Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners, however, are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct or Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holding on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Commission or the Registrar as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Commission or the Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Commission or the Registrar subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Commission or the Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the Commission or the Registrar. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates will be printed and delivered.

The Commission may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Commission believes to be reliable, but the Commission takes no responsibility for the accuracy thereof.

Neither the Commission nor the Registrar has any responsibility or obligation to the Direct or Indirect Participants or the Beneficial Owners with respect to (a) the accuracy of any records maintained by DTC or any Direct or Indirect Participant; (b) the payment by any Direct or Indirect Participant of any amount due to any Beneficial Owner in respect of the principal of and interest on the Bonds; (c) the delivery or timeliness of delivery by any Direct or Indirect Participant of any notice to any Beneficial Owner that is required or permitted under the terms of the Master Indenture to be given to Bondholders; or (d) any other action taken by DTC, or its nominee, Cede & Co., as Bondholder, including the effectiveness of any action taken pursuant to an Omnibus Proxy.

So long as Cede & Co. is the registered owner of the Bonds, as nominee of DTC, references in this Official Statement to the Owners of the Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners, and Cede & Co. will be treated as the only holder of Bonds for all purposes under the Master Indenture.

The Commission may enter into amendments to the agreement with DTC or successor agreements with a successor securities depository, relating to the book-entry system to be maintained with respect to the Bonds without the consent of Beneficial Owners or Bondholders.

The certificate and the Eligible Project Costs Documentation are intended to document Eligible Project Costs in connection with the reimbursement of such Eligible Project Costs or for the purpose of paying or redeeming, in whole or part, only those Project BANs in respect of which the proceeds were used to pay such documented Eligible Project Costs. The TIFIA Lender shall review each such certificate for compliance with TIFIA disbursement requirements. Within fourteen (14) Business Days following the receipt of the Eligible Project Costs Documentation and the accompanying certificate, the TIFIA Lender shall deliver a notice to the Borrower confirming the Eligible Project Costs set forth in the certificate that have been approved, or notifying the Borrower as to which Eligible Project Costs have not been approved, and confirming the cumulative amount of Eligible Project Costs approved as of the notice date. Such approved amounts of Eligible Project Costs will be disbursed at such time as the Borrower submits a Requisition in respect of such approved amounts in accordance with clauses (a) and (b) above. The Borrower shall not submit a Requisition that seeks reimbursement of any Eligible Project Costs for which the related Eligible Project Costs Documentation was not delivered to the TIFIA Lender and the Servicer (if any) at least one (1) month prior to the date such Requisition is submitted.

(g) Notwithstanding anything to the contrary set forth in this Agreement (including this Section 4, Section 13 (*Conditions Precedent*) or **Exhibit D** (*Requisition Procedures*)), in no event shall the TIFIA Lender have any obligation to make any disbursement of proceeds of the TIFIA Loan to the Borrower if the TIFIA Lender’s ability to make such disbursement is impaired as a result of a partial or total shutdown of the operations of any federal department or agency (including the USDOT or any of its agencies), or any contractor of any such department or agency, due to a lapse in appropriations by Congress.

Section 5. Term. The term of the TIFIA Loan shall extend from the Effective Date to the Final Maturity Date or to such earlier date as all amounts due or to become due to the TIFIA Lender hereunder have been irrevocably paid in full in cash.

Section 6. Interest Rate. The interest rate with respect to the Outstanding TIFIA Loan Balance (the “**TIFIA Interest Rate**”) shall be [____] percent ([____]%) per annum. Interest

will be computed on the Outstanding TIFIA Loan Balance (as well as on any past due interest) from time-to-time on the basis of a 365-day or 366-day year, as appropriate, for the actual number of days elapsed and will be compounded semi-annually; provided, however, in the event of a Payment Default, the Borrower shall pay interest on the Outstanding TIFIA Loan Balance and on any accrued but unpaid interest thereon from (and including) its due date to (but excluding) the date of actual payment at the Default Rate. Upon the occurrence of any other Event of Default, the interest rate on the Outstanding TIFIA Loan Balance and on any accrued but unpaid interest thereon shall be the Default Rate and shall continue to bear interest at such rate until such Event of Default has been cured or the Outstanding TIFIA Loan Balance has been irrevocably paid in full in cash.

Section 7. Outstanding TIFIA Loan Balance; Revisions to Exhibit G and Loan Amortization Schedule.

(a) The Outstanding TIFIA Loan Balance will be (i) increased on each occasion on which the TIFIA Lender disburses loan proceeds hereunder, by the amount of such disbursement of loan proceeds; (ii) increased on each occasion on which interest on the TIFIA Loan is capitalized pursuant to the provisions of Section 9(b) (*Capitalized Interest Period*), by the amount of interest so capitalized; and (iii) decreased upon each payment or prepayment of the Outstanding TIFIA Loan Balance, by the amount of principal so paid. The TIFIA Lender may in its discretion at any time and from time-to-time, or when so requested by the Borrower, advise the Borrower by written notice of the amount of the Outstanding TIFIA Loan Balance as of the date of such notice, and its determination of such amount in any such notice shall be deemed conclusive absent manifest error.

(b) The TIFIA Lender is hereby authorized to modify the Loan Amortization Schedule included in **Exhibit G** from time-to-time, in accordance with the principles set forth in **Exhibit M**, to reflect (i) any change to the Outstanding TIFIA Loan Balance, (ii) any change to the date and amount of any principal or interest due and payable or to become due and payable by the Borrower under this Agreement, and (iii) such other information as the TIFIA Lender may determine is necessary for administering the TIFIA Loan and this Agreement. Any calculations described above shall be rounded up to the nearest whole cent. Any partial prepayments of the Outstanding TIFIA Loan Balance pursuant to Section 10 (*Prepayment*) shall be applied in accordance with Section 10(c) (*General Prepayment Instructions*). Absent manifest error, the TIFIA Lender's determination of such matters as set forth on **Exhibit G** shall be conclusive evidence thereof; provided, however, that neither the failure to make any such recordation nor any error in such recordation shall affect in any manner the Borrower's obligations hereunder or under any other TIFIA Loan Document. The TIFIA Lender shall provide the Borrower with a copy of **Exhibit G** as revised, but no failure to provide or delay in providing the Borrower with such copy shall affect any of the obligations of the Borrower under this Agreement or the other TIFIA Loan Documents.

Section 8. Security and Priority; Flow of Funds.

(a) As security for the TIFIA Loan, the Borrower shall pledge, assign and grant, or shall cause to be pledged, assigned and granted, to the Trustee for the benefit of the TIFIA Lender, Liens on the Trust Estate in accordance with the provisions of the Indenture

Documents. The TIFIA Loan shall be secured by the Liens on the Trust Estate and shall be subordinate to the Lien on the Trust Estate pledged to secure the Senior Obligations and the Intermediate Lien Obligations, and shall be *pari passu* to the Lien on the Trust Estate pledged to secure the Subordinate Obligations.

(b) Except to the extent otherwise provided in clause (a) of this Section 8 (*Security and Priority; Flow of Funds*), the Trust Estate will be free and clear of any pledge, Lien, charge or encumbrance thereon or with respect thereto prior to, or of equal rank with, the pledge of the Borrower created under the Indenture Documents, and all organizational, regulatory or other necessary action on the part of the Borrower with respect to the foregoing has been duly and validly taken.

(c) The Borrower shall not use Pledged Revenues to make any payments or satisfy any obligations other than in accordance with the provisions of this Section 8 (*Security and Priority; Flow of Funds*) and the Indenture Documents and shall not apply any portion of the Pledged Revenues in contravention of this Agreement or the Indenture Documents.

(d) The Indenture provides that all Pledged Revenues shall be deposited in the Revenue Fund and applied in the following order of priority, as more fully described, and in accordance with the requirements specified in Section 8.1(b) of the Indenture:

(i) *First*, to each Senior Debt Service Fund ratably, the amount, if any, required under the Supplement Indenture pertaining to such Fund so that the balance therein on the next Semi-Annual Payment Date shall equal the amount of principal, if any, and interest due on the next Semi-Annual Payment Date on the applicable series of Bonds; provided that Borrower shall receive a credit against such transfer for the amount, if any, held in a Senior Debt Service Fund as capitalized interest or otherwise, together with the investment earnings thereon;

(ii) *Second*, to each Senior Debt Service Reserve Fund, ratably, the amount, if any, required so that the balance in each such Fund shall be equal to the respective Senior Debt Service Reserve Requirement;

(iii) *Third*, to each Intermediate Lien Debt Service Fund, ratably, the amount, if any, required so that the balance in each such Fund shall equal the amount of principal, if any, and interest due on the related Intermediate Lien Obligations on the next ensuing payment date; provided that Borrower shall receive a credit against such transfer for the amount, if any, held in an Intermediate Lien Debt Service Fund as capitalized interest or otherwise, together with the investment earnings thereon;

(iv) *Fourth*, to each Intermediate Lien Debt Service Reserve Fund, ratably, the amount, if any, so that the balance in such Fund shall be equal to the respective Intermediate Lien Debt Service Reserve Requirement;

(v) *Fifth*, to each Subordinate Debt Service Fund, ratably, the amount, if any, required so that the balance in each such Fund shall equal the amount of principal, if any, and interest due on the Related Subordinate Obligations on the next ensuing payment date; provided that Borrower shall receive a credit against such transfer for the

amount, if any, held in a Subordinate Debt Service Fund as capitalized interest or otherwise, together with the investment earnings thereon;

(vi) *Sixth*, to each Subordinate Debt Service Reserve Fund, ratably, the amount, if any, so that the balance in such Fund shall be equal to the respective Subordinate Debt Service Reserve Requirement;

(vii) *Seventh*, to each Rebate Fund the amounts necessary to provide for the payment of any Rebate Amounts with respect to the related series of Bonds as confirmed in a certificate signed by a Borrower Authorized Representative and filed with the Trustee, upon which the Trustee may conclusively rely;

(viii) *Eighth*, to the Operating Account of the Operating Fund, the amount of funds necessary to pay Operating Expenses during such period in accordance with the Annual Budget (as defined in the Indenture);

(ix) *Ninth*, to the Operating Reserve Account of the Operating Fund, the amount, if any, so that the balance in such Account shall be equal to the Operating Reserve Requirement;

(x) *Tenth*, to fund any Hedging Termination Obligation in connection with a Qualified Hedge;

(xi) *Eleventh*, upon the occurrence and during the continuation of a Revenue Sharing Trigger Event, an amount equal to Excess Revenues for such month, for deposit into the Revenue Sharing Account⁸; and

(xii) *Twelfth*, to the General Fund, the balance remaining in the Revenue Fund.

Section 9. Payment of Principal and Interest.

(a) Payment Dates. The Borrower agrees to pay the principal of and interest on the TIFIA Loan by making payments in accordance with the provisions of this Agreement and the Indenture Documents on each Semi-Annual Payment Date, beginning on the Debt Service Payment Commencement Date, and on each other date on which payment thereof is required to be made hereunder (including the Final Maturity Date and any date on which payment is due by reason of the acceleration of the maturity of the TIFIA Loan or otherwise); provided that if any such date is not a Business Day, payment shall be made on the next Business Day following such date. Any payment of the TIFIA Bond shall be treated as a payment of the TIFIA Loan and any prepayment of principal of the TIFIA Loan shall be treated as redemption of the TIFIA Bond.

(b) Capitalized Interest Period. No payment of the principal of or interest on the TIFIA Loan is required to be made during the Capitalized Interest Period. On each Semi-Annual Payment Date occurring during the Capitalized Interest Period, interest accrued on the

⁸Transfers required in section (x) and (xi) will have to be incorporated into the Master Indenture.

TIFIA Loan in the six (6) month period ending immediately prior to such date shall be capitalized and added to the Outstanding TIFIA Loan Balance. Within thirty (30) days after the end of the Capitalized Interest Period, the TIFIA Lender shall give written notice to the Borrower stating the Outstanding TIFIA Loan Balance as of the close of business on the last day of the Capitalized Interest Period, which statement thereof shall be deemed conclusive absent manifest error; provided, however, that no failure to give or delay in giving such notice shall affect any of the obligations of the Borrower hereunder or under any of the other TIFIA Loan Documents.

(c) Payment of TIFIA Debt Service.

(i) On each Semi-Annual Payment Date occurring on or after the Debt Service Payment Commencement Date, the Borrower shall pay TIFIA Debt Service in the amounts set forth in respect of such Semi-Annual Payment Date on **Exhibit G**, as the same may be revised as provided in Section 7 (*Outstanding TIFIA Loan Balance; Revisions to Exhibit G and Loan Amortization Schedule*), which payments shall be made in accordance with Section 9(d) (*Manner of Payment*).

(d) Manner of Payment. Payments under this Agreement and the TIFIA Bond shall be made by wire transfer on or before each Semi-Annual Payment Date in immediately available funds in accordance with payment instructions provided by the TIFIA Lender pursuant to Section 37 (*Notices; Payment Instructions*), as modified in writing from time-to-time by the TIFIA Lender. The Borrower may make any such payment or portion thereof (or direct the Trustee to make such payment) with funds then on deposit in the TIFIA Debt Service Fund.

(e) Final Maturity Date. Notwithstanding anything herein to the contrary, the Outstanding TIFIA Loan Balance and any accrued interest thereon shall be due and payable in full on the Final Maturity Date (or on any earlier date on which the maturity of the TIFIA Loan shall be accelerated pursuant to the provisions of Section 20 (*Events of Default and Remedies*)).

(f) TIFIA Bond; Adjustments to Loan Amortization Schedule. As evidence of the Borrower's obligation to repay the TIFIA Loan, the Borrower shall issue and deliver to the TIFIA Lender, on or prior to the Effective Date, the TIFIA Bond substantially in the form of **Exhibit A**, having a maximum principal amount (excluding capitalized interest) of \$[insert maximum principal amount of TIFIA loan] (subject to increase or decrease as herein provided) and bearing interest at the rate set forth in Section 6 (*Interest Rate*).

Section 10. Prepayment.

(a) Mandatory Prepayments. The Borrower shall prepay the TIFIA Loan in whole or in part, without penalty or premium:

(i) Following the occurrence of a Revenue Sharing Trigger Event, on each Semi-Annual Payment Date occurring while the Revenue Sharing Trigger Event remains in effect, any amounts on deposit in the Revenue Sharing Account. Prepayment of the TIFIA Loan will be made, on a pro rata basis with any other TIFIA Loans then outstanding, in each case, based on the then outstanding amount of such TIFIA Loans.

(ii) Upon any voluntary prepayment (other than Additional Obligations that comply with the requirements of subsection (a) in the definition thereof issued for the purpose of refinancing any outstanding Bonds) of any Bonds (other than any TIFIA Loan), pro rata with such voluntary prepayment.

The Borrower shall provide written notice to the TIFIA Lender at least two (2) Business Days prior to the date on which it makes any mandatory prepayment; provided that the Borrower's failure to deliver such notice shall not diminish, impair or otherwise affect the Borrower's obligation to make any such mandatory prepayment as and when the circumstances requiring such mandatory prepayment have occurred. Each prepayment pursuant to this Section 10(a) (*Mandatory Prepayments*) shall be effected pursuant to Section [3.2] of the [TIFIA Supplemental] Indenture (as applicable) and accompanied by a certificate signed by the Borrower's Authorized Representative identifying the provision of this Agreement pursuant to which such prepayment is being made and containing a calculation in reasonable detail of the amount of such prepayment.

(b) Optional Prepayments. The Borrower may prepay the TIFIA Loan in whole or in part (and, if in part, the amounts thereof to be prepaid shall be determined by the Borrower; provided, however, that such prepayments shall be in principal amounts of \$1,000,000 or any integral multiple of \$1.00 in excess thereof), at any time or from time-to-time, without penalty or premium, by paying to the TIFIA Lender such principal amount of the TIFIA Loan to be prepaid, together with the unpaid interest accrued on the amount of principal so prepaid to the date of such prepayment. Each prepayment of the TIFIA Loan shall be made on such date and in such principal amount as shall be specified by the Borrower in a written notice delivered to the TIFIA Lender. In the case of any optional prepayment, such written notice shall be delivered to the TIFIA Lender not less than ten (10) days or more than thirty (30) days prior to the date set for prepayment, unless otherwise agreed by the TIFIA Lender. At any time between delivery of such written notice and the applicable optional prepayment, the Borrower may, without penalty or premium, rescind its announced optional prepayment by further written notice to the TIFIA Lender. Anything in this Section 10(b) (*Optional Prepayments*) to the contrary notwithstanding, the failure by the Borrower to make any optional prepayment shall not constitute a breach or default under this Agreement.

(c) General Prepayment Instructions. Upon the TIFIA Lender's receipt of confirmation that payment in full of the entire Outstanding TIFIA Loan Balance and any unpaid interest and fees with respect thereto has occurred as a result of a mandatory or optional prepayment, the TIFIA Lender shall surrender the TIFIA Bond to the Borrower or its representative at the principal office of the TIFIA Lender. If the Borrower prepays only part of the unpaid balance of principal of such TIFIA Bond, the TIFIA Lender may make a notation on **Exhibit G** indicating the amount of principal of and interest on such TIFIA Bond then being prepaid. Absent manifest error, the TIFIA Lender's determination of such matters as set forth on **Exhibit G** shall be conclusive evidence thereof; provided, however, that neither the failure to make any such recordation nor any error in such recordation shall affect in any manner the Borrower's obligations hereunder or under any other TIFIA Loan Document. All such partial prepayments of principal shall be applied to reduce future payments due on the TIFIA Bond in accordance with Section 7(b) (*Outstanding TIFIA Loan Balance; Revisions to Exhibit G and Loan Amortization Schedule*). If said monies shall not have been so paid on the prepayment

date, such principal amount of such TIFIA Bond shall continue to bear interest until payment thereof at the rate provided for in Section 6 (*Interest Rate*).

Section 11. [Reserved].

Section 12. Compliance with Laws. The Borrower shall, and shall require VDOT, which shall in turn require the Construction Contractors at all tiers for the Project, to comply in all material respects with all applicable federal and state laws. In each Standard Project Agreement, VDOT has represented to the Borrower that VDOT will ensure that all work performed relating to a Project, which is evidenced in the Principal Project Contract between VDOT and the applicable Construction Contractor pertaining to such Project, will be completed in accordance with any and all applicable federal, state, and local laws and regulations. The list of federal laws attached as **Exhibit E** is illustrative of the type of requirements generally applicable to transportation projects and is not intended to be exhaustive. The FHWA Division Office has oversight responsibility for the Project, including ensuring compliance in all material respects with all applicable provisions of federal law. The FHWA Division Office and VDOT may agree that VDOT will be responsible for certain Project oversight activities, as may be evidenced in the FHWA Project of Division Interest Stewardship & Oversight Plans. The Borrower acknowledges receipt of the FHWA Project of Division Interest Stewardship & Oversight Plans and hereby agrees that any costs incurred in connection with the Project prior to receipt of all necessary authorizations from the USDOT in respect of such costs (which may include approvals of prior incurred costs) are incurred solely at the Borrower's risk and expense, will not constitute Eligible Project Costs, and no TIFIA Loan proceeds will be disbursed in respect thereof.

Section 13. Conditions Precedent.

(a) Conditions Precedent to Effectiveness. Notwithstanding anything in this Agreement to the contrary, this Agreement shall not become effective until each of the following conditions precedent shall have been satisfied or waived in writing by the TIFIA Lender:

shall have occurred and be continuing, (B) no material event of default (howsoever described or designated) of any Principal Project Party under any Principal Project Contract shall have occurred and be continuing, and (C) no event or condition that, with the giving of notice, the passage of time, or both, would constitute an event of default (howsoever described or designated) of the Borrower under any other Related Document, in each case, shall have occurred and be continuing.

(vi) The representations and warranties of the Borrower set forth in this Agreement (including Section 14 (*Representations and Warranties of Borrower*)) and in each other Related Document shall be true, correct, and complete as of each date on which any disbursement of the TIFIA Loan is made, except to the extent such representations and warranties expressly relate to an earlier date (in which case, such representations and warranties shall be true and correct as of such earlier date).

(vii) No Material Adverse Effect, or any event or condition that could reasonably be expected to result in a Material Adverse Effect, shall have occurred and be continuing since the date the Borrower submitted the Application to the TIFIA Lender.

(viii) The Borrower shall have delivered to the TIFIA Lender a Requisition that complies with the provisions of Section 4 (*Disbursement Conditions*), and the TIFIA Lender shall have approved (or be deemed to have approved in accordance with Section 4(b) (*Disbursement Conditions*)) such Requisition.

(ix) The Borrower shall have paid in full all invoices received from the TIFIA Lender as of the date of disbursement of the TIFIA Loan, for the reasonable fees and expenses of the TIFIA Lender's counsel and financial advisors and any auditors or other consultants employed by the TIFIA Lender for the purposes hereof (such reasonableness to be determined in accordance with Part 31 of the Federal Acquisition Regulation).

(x) To the extent not previously delivered to the TIFIA Lender, the Borrower shall request and upon receipt provide all certified, completed and fully executed copies of each performance security instrument delivered to or by VDOT pursuant to any Principal Project Contract as of the date of disbursement of the TIFIA Loan, each of which performance security instruments shall be (A) in compliance with the requirements for such performance security pursuant to the applicable Principal Project Contract, and (B) in full force and effect.

Section 14. Representations and Warranties of Borrower. The Borrower hereby represents and warrants that, as of the Effective Date and, as to each of the representations and warranties below other than those contained in Section 14(b) (*Officer's Authorization*) and Section 14(k) (*Credit Ratings*), as of each date on which any disbursement of the TIFIA Loan is requested or made:

(a) Organization; Power and Authority. The Borrower is a body politic and a political subdivision duly organized, validly existing and in good standing under the laws of the State, has full legal right, power and authority to enter into the Related Documents then in

existence, to execute and deliver the TIFIA Bond, and to carry out and consummate all transactions contemplated hereby and thereby and has duly authorized the execution, delivery and performance of the Related Documents.

(b) Officers' Authorization. As of the Effective Date, the officers of the Borrower executing (or that previously executed) the Related Documents, and any certifications or instruments related thereto, to which the Borrower is a party are (or were at the time of such execution) duly and properly in office and fully authorized to execute the same.

(c) Due Execution; Enforceability. Each of the Related Documents in effect as of any date on which this representation and warranty is made, and to which the Borrower is a party, has been duly authorized, executed and delivered by the Borrower and constitutes the legal, valid and binding agreement of the Borrower enforceable in accordance with its terms, except as such enforceability (i) may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the rights of creditors generally, and (ii) is subject to general principles of equity (regardless of whether enforceability is considered in equity or at law).

(d) Non-Contravention. The execution and delivery of the Related Documents to which the Borrower is a party, the consummation of the transactions contemplated in the Related Documents and the fulfillment of or compliance with the terms and conditions of the Related Documents will not (i) conflict with the Borrower's Organizational Documents, (ii) conflict in any material respect with, or constitute a violation, breach or default (whether immediately or after notice or the passage of time or both) by the Borrower of or under, any applicable law, administrative rule or regulation, any applicable court or administrative decree or order, or any indenture, mortgage, deed of trust, loan agreement, lease, contract or other agreement or instrument to which the Borrower is a party or by which it or its properties or assets are otherwise subject or bound, or (iii) result in the creation or imposition of any Lien, charge or encumbrance of any nature whatsoever upon any of the property or assets of the Borrower, except for Liens imposed pursuant to the TIFIA Loan Documents.

(e) Consents and Approvals. No consent or approval of any trustee, holder of any indebtedness of the Borrower or any other Person, and no consent, permission, authorization, order or license of, or filing or registration with, any Governmental Authority is necessary in connection with (i) the execution and delivery by the Borrower of the Related Documents, except as have been obtained or made and as are in full force and effect, or (ii) (A) the consummation of any transaction contemplated by the Related Documents or (B) the fulfillment of or compliance by the Borrower with the terms and conditions of the Related Documents, except as have been obtained or made and as are in full force and effect or as are ministerial in nature and can reasonably be expected to be obtained or made in the ordinary course on commercially reasonable terms and conditions when needed.

(f) Litigation. As of the Effective Date, there is no action, suit, proceeding or, to the knowledge of the Borrower, any inquiry or investigation, in any case before or by any court or other Governmental Authority pending or, to the knowledge of the Borrower, threatened against or affecting the Project or the ability of the Borrower to execute, deliver and perform its obligations under the Related Documents. As of the Effective Date and as of each other date on

which the representations and warranties herein are made or confirmed, there is no action, suit, proceeding or, to the knowledge of the Borrower, any inquiry or investigation before or by any court or other Governmental Authority pending, or to the knowledge of the Borrower, threatened against or affecting the Project, the Borrower or the assets, properties or operations of the Borrower, that in any case could reasonably be expected to result in a Material Adverse Effect. To the Borrower's knowledge, there are no actions of the type described above pending, threatened against, or affecting any of the Principal Project Parties except for matters arising after the Effective Date that could not reasonably be expected to (i) result in a Material Adverse Effect or (ii) adversely affect the Borrower's ability to receive Pledged Revenues in amounts sufficient to meet the financial projections contained in the Base Case Financial Model (or any Revised Financial Model, to the extent any Revised Financial Model has been approved by the TIFIA Lender). The Borrower is not in default (and no event has occurred and is continuing that, with the giving of notice or the passage of time or both, could constitute a default) with respect to any Governmental Approval, which default could reasonably be expected to result in a Material Adverse Effect.

(g) Security Interests. The Indenture Documents and Section 33.2-1920, as amended, Code of Virginia of 1950, establish, in favor of the Trustee for the benefit of the TIFIA Lender, the valid and binding Liens on the Trust Estate that they purport to create, irrespective of whether any Person has notice of the pledge and without the need for any physical delivery, recordation, filing, or further act. Such Liens are in full force and effect and are not subordinate or junior to any other Liens in respect of the Trust Estate except for the Liens associated with Senior Obligations and Intermediate Lien Obligations, and not *pari passu* with any obligations other than the Subordinate Obligations. The Borrower has duly and lawfully taken all actions required under this Agreement, the Indenture Documents, and applicable laws for the pledge of the Trust Estate pursuant to and in accordance with the Indenture Documents. The Borrower is not in breach of any covenants set forth in Section 16(a) (*Securing Liens*) or in the Indenture Documents with respect to the matters described in such section or documents. As of the Effective Date and as of each other date this representation and warranty is made, (i) all documents and instruments have been recorded or filed for record in such manner and in such places as are required and all other action as is necessary or desirable has been taken to establish a legal, valid, binding, and enforceable Lien on the Trust Estate in favor of the Trustee (for the benefit of the Secured Parties) to the extent contemplated by the Indenture Documents, and (ii) all taxes and filing fees that are due and payable in connection with the execution, delivery or recordation of any Indenture Documents or any instruments, certificates or financing statements in connection with the foregoing, have been paid. Neither the attachment, perfection, validity, enforceability or priority of the security interest in the Trust Estate granted pursuant to the Indenture Documents is governed by Article 9 of the UCC.

(h) No Debarment. The Borrower has fully complied with its verification obligations under 2 C.F.R. § 180.320 and confirms, based on such verification, that, to its knowledge, neither the Borrower nor any of its principals (as defined in 2 C.F.R. § 180.995) is debarred, suspended or voluntarily excluded from participation in Government contracts, procurement or non-procurement matters or delinquent on a Government debt as more fully set forth in the certificate delivered pursuant to Section 13(a)(iv) (*Conditions Precedent to Effectiveness*).

(i) Accuracy of Representations and Warranties. The representations, warranties and certifications of the Borrower set forth in this Agreement and the other Related Documents are true, correct, and complete, except to the extent such representations and warranties expressly relate to an earlier date (in which case, such representations and warranties shall be true, correct, and complete as of such earlier date).

(j) Transportation Improvement Program. The Project has been included in (i) the metropolitan transportation improvement program adopted by the Hampton Roads Transportation Planning Organization, (ii) the State transportation plan, and (iii) the State transportation improvement program approved by the USDOT or its designated agency, in each case to the extent required by 23 U.S.C. §§ 134 and 135 and 23 U.S.C. § 602(a)(3), as applicable. The financial plan for each such program or plan reflects the amount of the TIFIA Loan and all other federal funds to be used for the Project as sources of funding for the Project.

(k) Credit Ratings. The TIFIA Bond and the Existing Indebtedness outstanding as of the Effective Date have received a public credit rating of not less than “A-” or “A3” (or such equivalents for short-term obligations) from at least two (2) Nationally Recognized Rating Agencies, and written evidence of each such public rating has been provided to the TIFIA Lender prior to the Effective Date, and neither public rating has been reduced, withdrawn or suspended as of the Effective Date.

(l) No Defaults. No Default or Event of Default, and no event of default (howsoever described or designated) of the Borrower under any Related Document has occurred and is continuing.

(m) Governmental Approvals. All Governmental Approvals required as of the Effective Date and any subsequent date on which this representation is made (or deemed made) for the undertaking and completion of the Project, and for the operation and management thereof, have been obtained or effected and are in full force and effect and there is no basis for, nor proceeding that is pending or threatened that could reasonably be expected to result in, the revocation of any such Governmental Approval.

(n) Principal Project Contracts. Each Principal Project Contract in effect as of any date on which this representation and warranty is made is in full force and effect and all conditions precedent to the obligations of the respective parties under each Principal Project Contract have been satisfied. The Borrower has delivered to the TIFIA Lender a fully executed, complete, and correct copy of each such Principal Project Contract required to be delivered to, or requested by, the TIFIA Lender pursuant to Section 16(b) (*Copies of Documents*) (including, in each case, all exhibits, schedules and other attachments) that is in effect, including any amendments or modifications thereto and any related credit support instruments or side letters. No event has occurred that gives the Borrower (as applicable) or, to the Borrower’s knowledge, any Principal Project Party, the right to terminate any Principal Project Contract. The Borrower is not in breach of, or in default under, any Principal Project Contract (as applicable), and, to the knowledge of the Borrower, no Principal Project Party is in breach of, or in default under, any material term of any Principal Project Contract (as applicable).

(o) Information. The information furnished by the Borrower to the TIFIA Lender, when taken as a whole, does not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements contained therein not misleading as of the date made or furnished; provided that no representation or warranty is made with regard to projections or other forward-looking statements provided by or on behalf of the Borrower (including the Base Case Financial Model, any Revised Financial Model, and the assumptions therein) except that the assumptions in the Base Case Financial Model and any Revised Financial Model were reasonable in all material respects when made.

(p) OFAC; Anti-Corruption Laws.

(i) None of the Borrower nor, to the knowledge of the Borrower, any Principal Project Party is a Sanctioned Person.

(ii) None of the Borrower nor, to the knowledge of the Borrower, any Principal Project Party is in violation of or, since the date that is five (5) years prior to the Effective Date, has violated: (A) any applicable Anti-Money Laundering Laws; (B) any applicable Sanctions; (C) any applicable Anti-Corruption Laws; or (D) any applicable anti-drug trafficking, anti-terrorism, or anti-corruption laws, civil or criminal; or

(iii) There are no pending or, to the knowledge of the Borrower, threatened claims or investigations by any Governmental Authority against, or any internal investigations conducted by, the Borrower or any Principal Project Party, with respect to any possible or alleged violations of any Sanctions, Anti-Money Laundering Laws, Anti-Corruption Laws, or any anti-drug trafficking or anti-terrorism laws.

(iv) No use of proceeds of the TIFIA Loan or other transaction contemplated by this Agreement or any other Related Document will violate any applicable Sanctions, Anti-Money Laundering Laws, or Anti-Corruption Laws, or any applicable anti-drug trafficking or anti-terrorism laws.

(q) Trust Estate. The TIFIA Debt Service payments are limited obligations of the Borrower, payable solely from the Trust Estate held under the Indenture, which is funded solely from the HRTAC Revenues paid by the State to the Borrower pursuant to the HRTAC Act. The obligation of the Borrower to make TIFIA Debt Service payments does not constitute an indebtedness of the State or any political subdivision thereof other than the Borrower within the meaning or application of any constitutional provision or limitation. The obligation of the Borrower to make TIFIA Debt Service payments does not constitute a pledge of the faith, credit or taxing power of the State or any political subdivision thereof within the meaning or application of any constitutional provision or limitation. The Borrower has no taxing power.

(r) Compliance with Law. The Borrower is in compliance in all material respects with, and has conducted (or caused to be conducted) its business and government functions and the business and operations of the Project in compliance in all material respects with, all applicable laws (other than Environmental Laws, which are addressed in Section 14(s) (*Environmental Matters*)), including those set forth on **Exhibit E**, to the extent applicable. To the Borrower's knowledge, each Principal Project Party is, and has caused its respective

contractors and subcontractors to be, in compliance in all material respects with all applicable laws, including those set forth on **Exhibit E**, to the extent applicable. No notices of violation of any applicable law have been issued, entered or received by the Borrower (as applicable) or, to the Borrower's knowledge and solely in respect of the Project or any Principal Project Contract, any Principal Project Party, other than, in each case, notices of violations that are immaterial.

(s) Environmental Matters. To the Borrower's knowledge, each Principal Project Party is in compliance with all laws applicable to the Project relating to (i) air emissions, (ii) discharges to surface water or ground water, (iii) noise emissions, (iv) solid or liquid waste disposal, (v) the use, generation, storage, transportation or disposal of toxic or hazardous substances or wastes, (vi) biological resources (such as threatened and endangered species), and (vii) other environmental, health or safety matters, including all laws applicable to the Project referenced in the notice "Federal Environmental Statutes, Regulations, and Executive Orders Applicable to the Development and Review of Transportation Infrastructure Projects," 79 Fed. Reg. 22756 (April 23, 2014) (or any successor Federal Register notice of similar import), which document is available at <http://www.transportation.gov/policy/transportation-policy/environment/laws> ("**Environmental Laws**"). All Governmental Approvals for the Project relating to Environmental Laws have been, or, when required, will be, obtained and are (or, as applicable, will be) in full force and effect. The Borrower is not aware of any written communication or notice, whether from a Governmental Authority, employee, citizens group, or any other Person, that alleges that a Principal Project Party is not in full compliance with all Environmental Laws and Governmental Approvals relating thereto in connection with the Project and, to the Borrower's knowledge, there are no circumstances that may prevent or interfere with full compliance in the future by a Principal Project Party with any such Environmental Law or Governmental Approval. The Borrower has provided to the TIFIA Lender all material assessments, reports, results of investigations or audits, and other material information in the possession of or reasonably available to the Borrower regarding the Project's compliance with (A) Environmental Laws, and (B) Governmental Approvals relating to Environmental Laws that are required for the Project.

(t) Sufficient Rights and Utilities. As evidenced in each Principal Project Contract, VDOT, as the State entity responsible for building, maintaining, and operating the interstate, primary, and secondary state highway systems in the State, possesses either valid legal and beneficial title to, leasehold title in, or other valid legal rights with respect to the real property relating to the Project, in each case as is necessary and sufficient for the construction, operation, maintenance and repair of the Project. The Principal Project Contracts then in effect and the Governmental Approvals that have been obtained and are then in full force and effect create rights in VDOT sufficient to enable VDOT to own, construct, operate, maintain and repair the Project and to perform its obligations under the Principal Project Contracts to which it is a party. All utility services, means of transportation, facilities and other materials necessary for the construction and operation of the Project (including, as necessary, gas, electrical, water and sewage services and facilities) are, or will be when needed, available to the Project and arrangements in respect thereof have been made on commercially reasonable terms.

(u) Insurance. To the best of Borrower's knowledge and after due inquiry, VDOT is in compliance with all insurance obligations under, and maintains, or causes to be

maintained, at all times and with responsible insurers, all insurance as required by, each of the Principal Project Contracts.

(v) Title. The Borrower has valid legal and beneficial title to, or a valid leasehold interest in, the personal property and other assets and revenues thereof (including the Pledged Revenues and the Trust Estate) on which it purports to grant Liens pursuant to the Indenture Documents, in each case free and clear of any Lien of any kind, except for Liens on the Senior Obligations and Intermediate Lien Obligations.

(w) No Liens. Except for Liens on the Senior Obligations and Intermediate Lien Obligations, the Borrower has not created, and is not under any obligation to create, and has not entered into any transaction or agreement that would result in the imposition of, any Lien on the Trust Estate, the Project, the Pledged Revenues, or the properties or assets in relation to the Project.

(x) Intellectual Property. To the Borrower's knowledge, VDOT owns, or has adequate licenses or other valid rights to use, all patents, trademarks, service marks, trade names, copyrights, franchises, formulas, licenses and other rights with respect thereto and has obtained assignment of all licenses and other rights of whatsoever nature, in each case necessary for the Project and the operation of its business. To the Borrower's knowledge, there exists no conflict with the rights or title of any third party with respect to the intellectual property described in the preceding sentence. Excluding the use of commercially available "off-the-shelf" software, to the Borrower's knowledge, no product, process, method, substance, part or other material produced or employed or presently contemplated to be produced by or employed by the Project infringes or will infringe any patent, trademark, service mark, trade name, copyright, franchise, formula, license or other intellectual property right of any third party.

(y) Investment Company Act. The Borrower is not, and after applying the proceeds of the TIFIA Loan will not be, required to register as an "investment company" within the meaning of the Investment Company Act of 1940, as amended, and is not "controlled" by a company required to register as an "investment company" under the Investment Company Act of 1940, as amended.

(z) Financial Statements. Each income statement, balance sheet, and statement of operations and cash flows (collectively, "**Financial Statements**") delivered to the TIFIA Lender pursuant to Section 22(c) (*Financial Statements*) has been prepared in accordance with GASB and presents fairly, in all material respects, the financial condition of the Borrower as of the respective dates of the balance sheets included therein and the results of operations of the Borrower for the respective periods covered by the statements of income included therein. Except as reflected in such Financial Statements, there are no liabilities or obligations of the Borrower of any nature whatsoever for the period to which such Financial Statements relate that are required to be disclosed in accordance with GASB.

(aa) Taxes. The Borrower is not required to file tax returns with any Governmental Authority.

(bb) ERISA. Neither the Borrower nor any ERISA Affiliate maintains or otherwise has any liability in respect of any plan or other arrangement that is subject to ERISA or Section 412 of the Code.

(cc) Sufficient Funds. The aggregate of (i) all funds that are undrawn but fully and completely committed under the Indenture Documents and this Agreement and (ii) all funds available under any other unused funding that is committed and available, will be sufficient to pay all Total Project Costs necessary to achieve Substantial Completion.

(dd) Sovereign Immunity. The Borrower either has no immunity from the jurisdiction of any court of competent jurisdiction or from any legal process therein which could be asserted in any action to enforce the obligations of the Borrower under any of the Related Documents to which it is a party or the transactions contemplated hereby or thereby, including the obligations of the Borrower hereunder and thereunder, or, to the extent that the Borrower has such immunity, the Borrower has waived such immunity pursuant to Section 16(n) (*Immunity*).

(ee) Patriot Act. The Borrower is not required to establish an anti-money laundering compliance program pursuant to the Patriot Act.

(ff) Compliance with Federal Requirements. With respect to the Project, the Borrower has complied and, to the Borrower's knowledge, VDOT has complied with all applicable requirements of NEPA, the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. § 4601 *et seq.*), and Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*).

Section 15. Representations and Warranties of TIFIA Lender. The TIFIA Lender represents and warrants that:

(a) Power and Authority. The TIFIA Lender has all requisite power and authority to make the TIFIA Loan and to perform all transactions contemplated by the Related Documents to which it is a party.

(b) Due Execution; Enforceability. The Related Documents to which it is a party have been duly authorized, executed and delivered by the TIFIA Lender, and are legally valid and binding agreements of the TIFIA Lender, enforceable in accordance with their terms.

(c) Officers' Authorization. The officers of the TIFIA Lender executing each of the Related Documents to which the TIFIA Lender is a party are duly and properly in office and fully authorized to execute the same on behalf of the TIFIA Lender.

Section 16. Affirmative Covenants. The Borrower covenants and agrees as follows until the date the TIFIA Bond and the obligations of the Borrower under this Agreement (other than contingent indemnity obligations) are irrevocably paid in full in cash and the TIFIA Lender no longer has any commitment to make disbursements to the Borrower, unless the TIFIA Lender waives compliance in writing:

(a) Securing Liens. The Borrower shall at any and all times, so far as it may be authorized by law, pass, make, do, execute, acknowledge and deliver, all and every such

further resolutions, acts, deeds, conveyances, assignments, transfers and assurances as may be necessary or desirable in connection with assuring, conveying, granting, assigning, securing and confirming the Liens in and to the Trust Estate (whether now existing or hereafter arising) granted to the Trustee for the benefit of the TIFIA Lender pursuant to the Indenture Documents, or intended so to be granted pursuant to the Indenture Documents, or which the Borrower may become bound to grant, and the Borrower shall at all times maintain the Trust Estate free and clear of any pledge, Lien, charge or encumbrance thereon or with respect thereto that has priority over, or equal rank with, the Liens created by the Indenture Documents, other than as permitted by this Agreement, and all organizational, regulatory or other necessary action on the part of the Borrower to that end shall be duly and validly taken at all times. The Borrower shall at all times, to the extent permitted by law, defend, preserve and protect the Liens on the Trust Estate granted pursuant to the Indenture Documents and all the rights of the Trustee for the benefit of the TIFIA Lender under the Indenture Documents against all claims and demands of all Persons whomsoever, subject to the Liens securing the Senior Obligations and Intermediate Lien Obligations.

(b) Copies of Documents. The Borrower shall furnish to the TIFIA Lender a copy of any draft documents and final offering documents (including any Indenture Documents) and cash flow projections prepared in connection with the incurrence of any Permitted Debt (including the Project BANs) or other indebtedness subject to approval by the TIFIA Lender pursuant to Section 17(a) (*Indebtedness*), in each case prior to the incurrence of any such Permitted Debt or such other indebtedness, as well as copies of any continuing disclosure documents, prepared by or on behalf of the Borrower in connection with the incurrence of such Permitted Debt or such other indebtedness, in each case promptly following the preparation or filing thereof. Except as otherwise agreed by the TIFIA Lender in writing, the Borrower will provide to the TIFIA Lender (i) copies of any draft documents relating to the incurrence of Permitted Debt (other than equipment leases and trade accounts included in such definition) at least thirty (30) days prior to the effective date thereof and (ii) copies of fully executed or final versions of such documentation within ten (10) days following execution or completion thereof.

(c) Use of Proceeds. The Borrower shall use the proceeds of the TIFIA Loan for purposes permitted by applicable law and as otherwise permitted under this Agreement and the other Related Documents.

(d) Verification Requirements. The Borrower shall comply with the verification requirements set forth in 2 C.F.R. §§ 180.300 and 180.320 and the requirements of 2 C.F.R. § 180.305.

(e) Compliance with Standard Project Agreement. The Borrower shall ensure that VDOT has complied with its obligations under each Standard Project Agreement and shall pursue all available remedies pursuant thereto to ensure VDOT's continued compliance therewith, including:

(i) Completion of the Project is in accordance with the respective Construction Schedule;

(ii) VDOT and each Construction Contractor is in compliance with the verification requirements set forth in 2 C.F.R. §§ 180.300 and 180.320 and the requirements of 2 C.F.R. § 180.305;

(iii) VDOT's operation and maintenance of the Project;

(iv) All Government Approvals necessary for the development, construction, operation, and maintenance of the Project have been issued and are in full force and effect; and

(v) Each Construction Contractor has maintained surety bonds and insurance coverage and amounts as required by the applicable Principal Project Contract.

(f) Notice.

(i) The Borrower shall, within five (5) Business Days after the Borrower learns of the occurrence, give the TIFIA Lender notice of any of the following events or receipt of any of the following notices, as applicable, setting forth details of such event:

(A) Substantial Completion: the occurrence of Substantial Completion, such notice to be provided in the form set forth in **Exhibit L**;

(B) Events of Default: any Event of Default or any event that, with the giving of notice or the passage of time or both, would constitute an Event of Default;

(C) Litigation: (1) the filing of any litigation, suit or action, or the commencement of any proceeding, against the Borrower before any arbitrator, Governmental Authority, alternative dispute resolution body, or other neutral third-party, or the receipt by the Borrower in writing of any threat of litigation, suit, action, or proceeding, or of any written claim against the Borrower or VDOT with respect to the Project that, in each case, could reasonably be expected to have a Material Adverse Effect, and any material changes in the status of such litigation, suit, action or claim, [and] (2) any judgments against the Borrower with award amounts in excess of \$[1,000,000], either individually or in the aggregate;

(D) Delayed Governmental Approvals: any failure to receive or delay in receiving any Governmental Approval or making any required filing, notice, recordation or other demonstration to or with a Governmental Authority, in each case to the extent such failure or delay will or could reasonably be expected to result in a delay to any major milestone date (including the Projected Substantial Completion Date) set forth in the Construction Schedule, together with a written explanation of the reasons for such failure or delay and the Borrower's plans to remedy or mitigate the effects of such failure or delay;

(E) Environmental Notices: any material notice of violation under any Environmental Law related to the Project or any material changes to the NEPA Determination;

(F) Amendments: except as otherwise agreed by the TIFIA Lender in writing, copies of (1) any proposed amendments to any Principal Project Contract or other Related Document at least thirty (30) days prior to the effective date thereof and (2) fully executed amendments within ten (10) days following execution thereof;

(G) Principal Project Contract Defaults: any material breach or default or event of default on the part of the Borrower, VDOT, or any other party under any Principal Project Contract;

(H) Uncontrollable Force: the occurrence of any Uncontrollable Force that could reasonably be expected to result in a Material Adverse Effect;

(I) Project Changes: any (A) change to the Total Project Costs forecasts in excess of [five] percent ([5]%) of total forecasted Total Project Costs] or (B) material change to the Construction Schedule;

(J) Ratings Changes: any change in the rating assigned to any Bonds by any Nationally Recognized Rating Agency that has provided a public rating on such indebtedness, the Borrower, or the Pledged Revenues;

(K) 2 C.F.R. Notices: (1) that any of the information set forth in the certificate provided pursuant to Section 13(a)(iv) (*Conditions Precedent to Effectiveness*) was incorrect at the time the certificate was delivered or there has been a change in status of the Borrower or any of its principals with respect to the criteria set forth in 2 C.F.R. § 180.335; (2) any other notification required pursuant to 2 C.F.R. § 180.350; and (3) any violation of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the TIFIA Loan as described in 2 C.F.R. § 200.113, and the Borrower shall require VDOT, the Construction Contractors, and each of their subcontractors for the Project to provide it notice of any such violation;

(L) Appropriations: if the appropriation of the HTRF Revenues to the HRTF (1) was not included in each biennial budget or any supplemental budget that is presented to the General Assembly, and/or (2) if the General Assembly failed to appropriate for the next State fiscal biennium; and

(M) Other Adverse Events: the occurrence of any other event or condition, including any notice of breach from a contract counterparty, that could reasonably be expected to result in a Material Adverse Effect.

(ii) The Borrower shall provide the TIFIA Lender with any further information reasonably requested by the TIFIA Lender from time to time concerning the matters described in Section 16(f)(i) (*Notice*).

(g) Remedial Action. Within thirty (30) calendar days after the Borrower learns of the occurrence of an event specified in Section 16(f)(i) (*Notice*) (other than in Section 16(f)(i)(A) (*Substantial Completion*), (Section 16(f)(i)(F) (*Amendments*), or Section 16(f)(i)(J) (*Ratings Changes*) (in the case of a ratings upgrade)), the Borrower's Authorized Representative shall provide a statement to the TIFIA Lender setting forth the actions the Borrower proposes to take with respect thereto.

(h) Maintain Legal Structure. The Borrower shall maintain its existence as a body politic and a political subdivision under the laws of the State.

(i) Annual Rating. The Borrower shall, commencing in 2020, no later than the last Business Day of June of each year during the term of the TIFIA Bond, at no cost to the TIFIA Lender, provide to the TIFIA Lender a public rating on the TIFIA Bond and any other Bonds outstanding by a Nationally Recognized Rating Agency, together with the rating report or letter delivered by such Nationally Recognized Rating Agency in connection with each such rating, in each case prepared no earlier than June 1 of such year.

(j) Project Funds; Permitted Investments.

(i) To the extent that a Debt Service Reserve Fund and Debt Service Reserve Requirement is established at any lien level with respect to a Series (as defined in the Indenture) of Bonds, the Borrower shall maintain such Debt Service Reserve Fund in an amount equal to such Debt Service Reserve Requirement in accordance with the provisions of this Agreement and the applicable Indenture Documents. Amounts in the Debt Service Reserve Fund shall be made available to ensure the timely payment of the principal, interest, and premium, if any, on the Bonds to which it relates.

(ii) To the extent not provided in Section 16(j)(i) (*Project Funds; Permitted Investments*), the Borrower shall cause the other Reserve Accounts to be funded in such amounts and under such conditions as are required by this Agreement and the Indenture Documents.

(iii) Amounts on deposit in the Project Funds shall be held uninvested or invested in Permitted Investments. Permitted Investments must mature or be redeemable at the election of the holder as follows: (A) with respect to Permitted Investments maintained in the TIFIA Debt Service Reserve Fund, not later than the next Semi-Annual Payment Date, (B) with respect to Permitted Investments maintained in the TIFIA Debt Service Fund or in any debt service account in respect of Senior Obligations corresponding to amounts needed for the payment of interest, not later than the next Semi-Annual Payment Date, (C) with respect to Permitted Investments maintained in the TIFIA Debt Service Fund or in any debt service account for Senior Obligations corresponding to amounts needed for the repayment of principal, the next Payment Date for repayment of principal in respect of such debt, and (D) with respect to any other

Project Funds, on or prior to the date on which the funds invested in such Permitted Investments are reasonably expected to be needed for any payment from the applicable Project Fund.

(iv) The Borrower may replace all or a portion of the required balance of any Reserve Account, in accordance with the terms of the applicable Indenture Documents, with a Credit Facility provided by a financial institution with an Acceptable Credit Rating. If at any time an issuer of an Acceptable Letter of Credit securing a Reserve Account ceases to be a Qualified Issuer, the Borrower shall cause such letter of credit to be replaced by a new Acceptable Letter of Credit within ten (10) calendar days of the date on which the current issuer ceased to be a Qualified Issuer, or the Trustee shall be permitted to immediately draw the full amount of such letter of credit and deposit the proceeds of such drawing into the applicable Reserve Account. Any new Acceptable Letter of Credit shall have the same terms and conditions (including expiration date and face amount) as the letter of credit being replaced, or such other terms and conditions as may be satisfactory to the TIFIA Lender. If any letter of credit securing a Reserve Account is scheduled to expire prior to the Final Maturity Date, the Borrower shall replace such letter of credit with a new Acceptable Letter of Credit at least ten (10) Business Days prior to the stated expiry date of the existing letter of credit and such new Acceptable Letter of Credit shall be in an amount equal to at least the amount of expiring letter of credit. If the Borrower fails to provide such new Acceptable Letter of Credit by the date required above, the Trustee shall be permitted to immediately draw the full undrawn amount of the existing letter of credit and deposit the proceeds of such drawing into the applicable Reserve Account.

(k) Material Obligations; Liens. The Borrower shall pay its material obligations promptly and in accordance with their terms and pay and discharge promptly all taxes, assessments and governmental charges or levies imposed upon it or the Borrower's income or profits or in respect of its property, before the same shall become delinquent or in default; provided, however, that such payment and discharge shall not be required with respect to any such tax, assessment, charge, levy, claim or Lien so long as the validity or amount thereof shall be contested by the Borrower in good faith by appropriate proceedings and so long as the Borrower shall have set aside adequate reserves with respect thereto in accordance with and to the extent required by GASB, applied on a consistent basis.

(l) Hedging.

(i) As a condition to the issuance of any Senior Obligations or Intermediate Lien Obligations that bear interest at a Variable Interest Rate, the Borrower shall enter into a Qualified Hedge with respect to such Senior Obligations or Intermediate Lien Obligations and shall maintain such Qualified Hedge in place until the earlier to occur of (i) the maturity date of any such Senior Obligations or Intermediate Lien Obligations and (ii) the Final Maturity Date. Each Qualified Hedge must have an aggregate stated notional amount of not less than (A) during the Construction Period, at least ninety percent (90%) and not more than one hundred ten percent (110%) of the aggregate principal amount of the Variable Interest Rate Obligations to which such Qualified Hedge applies projected to be outstanding during such time period and (B) at

all other times, at least ninety-eight percent (98%) and not more than one hundred two percent (102%) of the aggregate principal amount of the Variable Interest Rate Obligations to which such Qualified Hedge applies projected to be outstanding until the maturity of such Variable Interest Rate Obligations to which such Qualified Hedge applies. Any such Qualified Hedge shall have a payment profile that is reasonably consistent with the expected draw and repayment schedule of the applicable Variable Interest Rate Obligations subject to such Qualified Hedge. Such Qualified Hedge shall have a stated maturity or termination date not earlier than the earlier to occur of (x) the Final Maturity Date and (y) the final maturity date of the Variable Interest Rate Obligations subject to such Qualified Hedge.

(ii) Each Qualified Hedge shall provide for a fixed interest rate resulting in fixed payment amounts payable by the Borrower to the Qualified Hedge Provider. The Borrower's obligations to pay Hedging Obligations and Hedging Termination Obligations shall be from the sources and in the priority specified in the Indenture Documents.¹⁰ The Borrower shall ensure that, as of the day following the termination date of any Qualified Hedge that for any reason terminates before the final maturity date of the Variable Interest Rate Obligations subject to such Qualified Hedge, (A) a Subsequent Qualified Hedge (as defined below) is in full force and effect or (B) the Variable Interest Rate Obligations have been converted to a fixed rate, in each case in accordance with this Agreement and the Indenture Documents.

(iii) Any Hedging Transaction entered into subsequent hereto (a **"Subsequent Qualified Hedge"**) shall (A) be a Qualified Hedge, (B) commence no later than the termination date of the Qualified Hedge that is terminating and (C) terminate no earlier than the earlier to occur of (1) the Final Maturity Date and (2) the final maturity date of the Variable Interest Rate Obligations subject to such Subsequent Qualified Hedge.

(iv) The Borrower shall not commence seeking any bids from any Qualified Hedge Provider for a Subsequent Qualified Hedge unless, at least thirty (30) days prior thereto, the Borrower has delivered to the TIFIA Lender evidence satisfactory to the TIFIA Lender and certified by the Borrower's Authorized Representative that the process to be utilized by the Borrower for selecting such Subsequent Qualified Hedge is a competitive process designed to obtain a fair market price and to avoid conflicts of interest. At the time the Subsequent Qualified Hedge is priced, the Borrower shall provide to the TIFIA Lender a certificate from a qualified third party acceptable to the TIFIA Lender to the effect that either the underlying LIBOR based fixed rate or the price of acquiring such Subsequent Qualified Hedge is a fair price based on the interest rate market at the time such Qualified Hedge is priced.

(v) The Trustee shall be granted a security interest in each Qualified Hedge and payments due under each Qualified Hedge in order to secure the Borrower's obligations under the TIFIA Loan Documents. The Hedging Agreements shall provide

¹⁰To discuss with Bond Counsel.

that all payments due thereunder to the Borrower shall be made directly to the Trustee for deposit and disbursement in accordance with the Indenture Documents.

(vi) The Borrower shall neither terminate (other than Permitted Hedging Terminations), transfer, nor consent to any transfer (other than to a Qualified Hedge Provider) of any existing Qualified Hedge without the TIFIA Lender's prior written consent as long as the Borrower is required to maintain a Qualified Hedge pursuant to this Agreement.

(vii) If at any time a Hedging Bank no longer satisfies the requirements for a Qualified Hedge Provider, the Borrower shall, within thirty (30) days (or such lesser number of days required by the applicable Hedging Agreement, including any credit support annex thereto) of the date on which such Hedging Bank failed to qualify as a Qualified Hedge Provider, either (A) cash collateralize the mark-to-market value of the Hedging Termination Obligations (in accordance with the credit support annex or similar requirements of the applicable Hedging Agreement) or provide a guarantee for such amount from an entity with an Acceptable Credit Rating, or (B) cause such disqualified Hedging Bank to be replaced by a Qualified Hedge Provider, whether by means of a transfer of the disqualified Hedging Bank's Hedging Agreement to a Qualified Hedge Provider or by means of a termination of such disqualified Hedging Bank's Hedging Agreement and replacement thereof by a Hedging Agreement with a Qualified Hedge Provider on terms and conditions that satisfy the requirements of this Section 16(l) (*Hedging*); provided that if the disqualified Hedging Bank's highest credit rating from any Nationally Recognized Rating Agency is less than "A-", "A3" or the equivalent, clause (A) shall not apply and the Borrower shall be required to cause such disqualified Hedging Bank to be replaced by a Qualified Hedge Provider pursuant to clause (B).

(m) SAM Registration. The Borrower shall (i) maintain its active registration status with the federal System for Award Management (www.SAM.gov) (or any successor system or registry) and (ii) within sixty (60) days prior to each anniversary of the Effective Date, provide to the TIFIA Lender evidence of such active registration status with no active exclusions reflected in such registration, in each case until the Final Maturity Date or to such earlier date as all amounts due or to become due to the TIFIA Lender hereunder have been irrevocably paid in full in cash.

(n) Immunity. To the fullest extent permitted by applicable law, the Borrower agrees that it will not assert any immunity (and hereby waives any such immunity) it may have as a governmental entity from lawsuits, other actions and claims, and any judgments with respect to the enforcement of any of the obligations of the Borrower under this Agreement or any other TIFIA Loan Document.

(o) Patriot Act. If the anti-money laundering compliance program provisions of the Patriot Act become applicable to the Borrower, then the Borrower will provide written

notice to the TIFIA Lender of the same and will promptly establish an anti-money laundering compliance program that complies with all requirements of the Patriot Act.¹¹

(p) Cargo Preference Act. Pursuant to 46 C.F.R. Part 381, the Borrower hereby agrees as follows, and shall insert the following clauses in contracts entered into by the Borrower pursuant to which equipment, materials or commodities may be transported by ocean vessel in carrying out the Project:

(i) At least fifty percent (50%) of any equipment, materials or commodities procured, contracted for or otherwise obtained with TIFIA Loan proceeds, and which may be transported by ocean vessel, shall be transported on privately owned United States-flag commercial vessels, if available.

(ii) Within twenty (20) days following the date of loading for shipments originating within the United States or within thirty (30) Business Days following the date of loading for shipments originating outside the United States, a legible copy of a rated, 'on-board' commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (i) above shall be furnished to both the TIFIA Lender and to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590.

(q) Lobbying. The Borrower shall comply with all applicable certification, declaration and/or disclosure requirements under 49 C.F.R. Part 20.

Section 17. Negative Covenants. The Borrower covenants and agrees as follows until the date the TIFIA Bond and the obligations of the Borrower under this Agreement (other than contingent indemnity obligations) are irrevocably paid in full in cash, unless the TIFIA Lender waives compliance in writing:

(a) Indebtedness.

(i) Except for Additional Obligations, the Borrower shall not, without the prior written consent of the TIFIA Lender, issue or incur indebtedness of any kind; provided that (1) the Borrower shall not incur any indebtedness of any kind payable from, secured or supported by the Trust Estate, including Additional Obligations, following the occurrence, and during the continuation, of an Event of Default, and (2) the Borrower shall not issue any additional Subordinate Obligations without the TIFIA Lender's consent.

(ii) The Borrower shall not issue Subordinate Obligations which bear interest at a Variable Interest Rate.

(iii) Prior to the incurrence of Additional Obligations, the Borrower shall provide to the TIFIA Lender a certificate signed by the Borrower's Authorized Representative, demonstrating to the TIFIA Lender's satisfaction that such proposed indebtedness is authorized pursuant to this Section 17(a) (*Indebtedness*) and satisfies the

¹¹Subject to modification in accordance with the representation in 14(ee) (*Patriot Act*).

applicable requirements under the definitions of “Permitted Debt” and “Additional Obligations,” as applicable.

(iv) To the extent any Variable Interest Rate Obligations consists of Put Bonds, the Borrower must maintain a Credit Facility that will pay any amounts payable by the Borrower in respect of such Put Bonds.

(b) No Lien Extinguishment or Adverse Amendments. The Borrower shall not, without the prior written consent of the TIFIA Lender, either (i) extinguish, impair, or transfer the Liens on the Trust Estate granted pursuant to the Indenture, (ii) amend, modify, replace, or supplement any Related Document in a manner that could adversely affect the TIFIA Lender (in the TIFIA Lender’s determination) in connection with the TIFIA Loan, (iii) waive or permit a waiver of any provision of any Related Document in a manner that could adversely affect the TIFIA Lender (in the TIFIA Lender’s determination) in connection with the TIFIA Loan, or (iv) terminate, assign, amend or modify, or waive timely performance by any party of material covenants under any Principal Project Contract except for termination, assignment, amendment, modification or waiver that could not reasonably be expected to have a Material Adverse Effect (in the TIFIA Lender’s determination). Additionally, the Borrower shall not agree (i) to any amendment to a Standard Project Agreement, including a change to the Construction Schedule attached thereto, or (ii) to the use of the Project by VDOT other than for the purposes described in the Standard Project Agreement. Except as otherwise agreed by the TIFIA Lender in writing, the Borrower will provide to the TIFIA Lender (x) copies of any proposed amendments, modifications, replacements of, or supplements to any Related Document at least thirty (30) days prior to the effective date thereof, and (y) complete, correct and fully executed copies of any amendment, modification or supplement to any Related Document within five (5) Business Days after execution thereof.

(c) No Prohibited Liens. Except as permitted herein, the Borrower shall not create, incur, assume or permit to exist any Lien on the Trust Estate, the Pledged Revenues, or the Borrower’s respective rights therein.

(d) No Prohibited Sale, Lease or Assignment. The Borrower shall not sell, lease, or assign its rights and obligations under any Related Document, unless such sale, lease or assignment (A) could not reasonably be expected to result in a Material Adverse Effect, and (B) is made by the Borrower in the ordinary course of business.

(e) Organizational Documents; Fiscal Year. The Borrower shall not at any time (i) amend or modify its Organizational Documents (other than any amendment or modification that is of a ministerial nature and that is not adverse to the interests of any Secured Party under the Indenture or in the Trust Estate) without the prior written consent of the TIFIA Lender, or (ii) adopt any fiscal year other than the Borrower Fiscal Year, except with thirty (30) days’ prior written notice to the TIFIA Lender.

(f) Transactions with other Governmental Authorities. Except for the transactions expressly contemplated in the TIFIA Loan Documents, the Borrower shall not engage in any other transactions in connection with the Project with any other Governmental Authority (including any other Governmental Authority of or in the State), the terms and

provisions of which are materially adverse to the Borrower or the Project or that could reasonably be expected to result in a Material Adverse Effect.

(g) No Payment with Federal Funds. The Borrower shall not pay any portion of TIFIA Debt Service nor any other amount to the TIFIA Lender or the Government pursuant to the TIFIA Loan Documents with funds received directly or indirectly from the Government.

(h) Change in Legal Structure; Mergers and Acquisitions. The Borrower shall not, and shall not agree to reorganize, consolidate with, or merge into another Person unless (A) such Person is a successor public authority created by State law that succeeds to the assets of the Borrower and assumes the obligations of the Borrower hereunder and under the Related Documents to which the Borrower is a party, including payment of the TIFIA Bond and (B) such merger, consolidation, or reorganization does not adversely affect or impair to any extent or in any manner (1) the Pledged Revenues or other elements of the Trust Estate, or (2) the availability of the Pledged Revenues for the payment and security of the obligations of the Borrower under this Agreement; and (B) the Borrower provides to the TIFIA Lender, no later than sixty (60) days prior to the date of reorganization, consolidation or merger, prior written notice of such reorganization, consolidation or merger and the agreements and documents authorizing the reorganization, consolidation or merger, satisfactory in form and substance to the TIFIA Lender. The documents authorizing any reorganization, consolidation or merger shall contain a provision, satisfactory in form and substance to the TIFIA Lender, that, following such reorganization, consolidation or merger, the successor will assume, by operation of law or otherwise, the due and punctual performance and observance of all of the representations, warranties, covenants, agreements and conditions of this Agreement and the other Related Documents to which the Borrower is a party. In addition, the Borrower shall provide all information concerning such reorganization, consolidation or merger as shall have been reasonably requested by the TIFIA Lender.

(i) No Defeasance of TIFIA Bond. The Borrower shall not defease the TIFIA Bond pursuant to the Indenture and the TIFIA Supplemental Indenture without the prior written consent of the TIFIA Lender.

(j) OFAC Compliance. The Borrower:

(i) shall not violate (A) any applicable Anti-Money Laundering Laws, (B) any applicable Sanctions, (C) Anti-Corruption Laws or (D) any applicable anti-drug trafficking or anti-terrorism laws, civil or criminal;

(ii) shall not use the proceeds of the TIFIA Loan for purposes other than those permitted by applicable law and as otherwise permitted under this Agreement and the other Related Documents;

(iii) shall procure that each of its directors, officers, employees, and agents, shall not, directly or indirectly, use the proceeds of the TIFIA Loan or lend to, make any payment to, contribute or otherwise make available any funds to any Affiliate, joint venture partner or other Person (A) in furtherance of an offer, payment, promise to pay, or authorization of the payment or giving of money, or anything else of value, to any

Person in violation of any applicable Anti-Corruption Laws, (B) in any manner that would result in the violation of any applicable Anti-Money Laundering Laws, (C) for the purpose of funding, financing or facilitating any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country, or (D) in any other manner that would result in the violation of any Sanctions by any Person (including the Executive Director, the TIFIA Lender or any Principal Project Party); or

(iv) shall not make a payment, directly or indirectly, to any Principal Project Party that has violated any of the laws referenced in Section 17(j)(i) (*OFAC Compliance*) or that is a Sanctioned Person.

(k) Hedging. Other than interest rate hedging transactions expressly permitted hereunder, the Borrower shall not enter into any swap or hedging transaction, including inflation indexed swap transactions, “cap” or “collar” transactions, futures, or any other hedging transaction without the prior written consent of the TIFIA Lender.

Section 18. Indemnification. The Borrower shall indemnify the TIFIA Lender and any official, employee, agent, advisor, or representative of the TIFIA Lender (each such Person being herein referred to as an “**Indemnatee**”) against, and hold each Indemnatee harmless from, any and all losses, claims, damages, liabilities, fines, penalties, costs and expenses (including the fees, charges and disbursements of any counsel for any Indemnatee and the costs of environmental remediation), whether known, unknown, contingent or otherwise, incurred by or asserted against any Indemnatee arising out of, in connection with, or as a result of (a) the execution, delivery and performance of this Agreement or any of the other Related Documents, (b) the TIFIA Loan or the use of the proceeds thereof, or (c) the violation of any law, rule, regulation, order, decree, judgment or administrative decision relating to the environment, the preservation or reclamation of natural resources, the management, release or threatened release of any hazardous material or to health and safety matters; in each case arising out of or in direct relation to the Project; provided that such indemnity shall not, as to any Indemnatee, be available to the extent that such losses, claims, damages, liabilities, fines, penalties, costs or related expenses are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Indemnatee. In case any action or proceeding is brought against an Indemnatee by reason of any claim with respect to which such Indemnatee is entitled to indemnification hereunder, the Borrower shall be entitled, at its expense, to participate in the defense thereof; provided that such Indemnatee has the right to retain its own counsel, at the Borrower’s expense, and such participation by the Borrower in the defense thereof shall not release the Borrower of any liability that it may have to such Indemnatee. Any Indemnatee against whom any indemnity claim contemplated in this Section 18 (*Indemnification*) is made shall be entitled, after consultation with the Borrower and upon consultation with legal counsel wherein such Indemnatee is advised that such indemnity claim is meritorious, to compromise or settle any such indemnity claim. Any such compromise or settlement shall be binding upon the Borrower for purposes of this Section 18 (*Indemnification*). Nothing herein shall be construed as a waiver of any legal immunity that may be available to any Indemnatee. To the extent permitted by applicable law, neither the Borrower nor the TIFIA Lender shall assert, and each of the Borrower and the TIFIA Lender hereby waives, any claim against any Indemnatee or the Borrower, respectively, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual

damages) arising out of, in connection with, or as a result of, this Agreement, any of the other Related Documents, the other transactions contemplated hereby and thereby, the TIFIA Loan or the use of the proceeds thereof, provided that nothing in this sentence shall limit the Borrower's indemnity obligations to the extent such damages are included in any third party claim in connection with which an Indemnitee is entitled to indemnification hereunder. All amounts due to any Indemnitee under this Section 18 (*Indemnification*) shall be payable promptly upon demand therefor. The obligations of the Borrower under this Section 18 (*Indemnification*) shall survive the payment or prepayment in full or transfer of the TIFIA Bond, the enforcement of any provision of this Agreement or the other Related Documents, any amendments, waivers (other than amendments or waivers in writing with respect to this Section 18 (*Indemnification*)) or consents in respect hereof or thereof, any Event of Default, and any workout, restructuring or similar arrangement of the obligations of the Borrower hereunder or thereunder.

Section 19. Sale of TIFIA Loan. The TIFIA Lender shall not sell the TIFIA Loan at any time prior to the Substantial Completion Date. After such date, the TIFIA Lender may sell the TIFIA Loan to another entity or reoffer the TIFIA Loan into the capital markets only in accordance with the provisions of this Section 19 (*Sale of TIFIA Loan*). Such sale or reoffering shall be on such terms as the TIFIA Lender shall deem advisable. However, in making such sale or reoffering the TIFIA Lender shall not change the terms and conditions of the TIFIA Loan without the prior written consent of the Borrower in accordance with Section 30 (*Amendments and Waivers*). The TIFIA Lender shall provide, at least sixty (60) days prior to any sale or reoffering of the TIFIA Loan, written notice to the Borrower of the TIFIA Lender's intention to consummate such a sale or reoffering; provided, however, that no such notice shall be required during the continuation of any Event of Default. The provision of any notice pursuant to this Section 19 (*Sale of TIFIA Loan*) shall not (x) obligate the TIFIA Lender to sell nor (y) provide the Borrower with any rights or remedies in the event the TIFIA Lender, for any reason, does not sell the TIFIA Loan.

Section 20. Events of Default and Remedies.

(a) An “**Event of Default**” shall exist under this Agreement if any of the following occurs:

(i) Payment Default. The Borrower shall fail to pay any of the principal amount of or interest on the TIFIA Loan (including TIFIA Debt Service required to have been paid pursuant to the provisions of Section 9 (*Payment of Principal and Interest*), and any mandatory prepayment required pursuant to the provisions of Section 10(a) (*Mandatory Prepayments*)), when and as the payment thereof shall be required under this Agreement or the TIFIA Bond or on the Final Maturity Date (each such failure, a “**Payment Default**”).

(ii) Covenant Default. The Borrower shall fail to observe or perform any covenant, agreement or obligation of the Borrower under this Agreement, the TIFIA Bond or any other TIFIA Loan Document (other than in the case of any Payment Default or any Development Default), and such failure shall not be cured within thirty (30) days after the earlier to occur of (A) receipt by the Borrower from the TIFIA Lender of written notice thereof, or (B) the Borrower's knowledge of such failure; provided, however, that

if such failure is capable of cure but cannot reasonably be cured within such thirty (30) day cure period, then no Event of Default shall be deemed to have occurred or be continuing under this Section 20(a)(ii)(A) (*Covenant Default*), and such thirty (30) day cure period shall be extended by up to one hundred fifty (150) additional days, if and so long as (x) within such thirty (30) day cure period the Borrower shall commence actions reasonably designed to cure such failure and shall diligently pursue such actions until such failure is cured, and (y) such failure is cured within one hundred eighty (180) days of the date specified in either (A) or (A) above, as applicable.

(iii) Development Default. A Development Default shall occur, in which case the TIFIA Lender may (A) suspend the disbursement of TIFIA Loan proceeds under this Agreement and (B) pursue such other remedies as provided in this Section 20 (*Events of Default and Remedies*). If so requested by the TIFIA Lender in connection with a Development Default, the Borrower shall immediately repay any unexpended TIFIA Loan proceeds previously disbursed to the Borrower.

(iv) Misrepresentation Default. Any of the representations, warranties or certifications of the Borrower made in or delivered pursuant to the TIFIA Loan Documents (or in any certificates delivered by the Borrower in connection with the TIFIA Loan Documents) shall prove to have been false or misleading in any material respect when made or deemed made (or any representation and warranty that is subject to a materiality qualifier shall prove to have been false or misleading in any respect); provided that no Event of Default shall be deemed to have occurred under this Section 20(a)(iv) (*Misrepresentation Default*) if and so long as:

(A) such misrepresentation is not intentional;

(B) such misrepresentation is not a misrepresentation in respect of Section 14(h) (*No Debarment*), Section 14(j) (*Transportation Improvement Program*), Section 14(p) (*OFAC; Anti-Corruption Laws*), Section 14(ee) (*Patriot Act*), or Section 14(ff) (*Compliance with Federal Requirements*);

(C) in the reasonable determination of the TIFIA Lender, such misrepresentation has not had, and would not reasonably be expected to result in, a Material Adverse Effect;

(D) in the reasonable determination of the TIFIA Lender, the underlying issue giving rise to the misrepresentation is capable of being cured;

(E) the underlying issue giving rise to the misrepresentation is cured by the Borrower within thirty (30) days from the date on which the Borrower first became aware (or reasonably should have become aware) of such misrepresentation; and

(F) the Borrower diligently pursues such cure during such thirty (30) day period.

(v) Acceleration of Senior Obligations, Intermediate Lien Obligations or Subordinate Obligations. Any acceleration shall occur of the maturity of any Senior Obligations, Intermediate Lien Obligations, or Subordinate Obligations, or any such Senior Obligations, Intermediate Lien Obligations, or Subordinate Obligations shall not be paid in full upon the final maturity thereof.

(vi) Judgments. One or more judgments (A) for the payment of money in an aggregate amount in excess of \$[5,000,000] (inflated annually by CPI) that are payable from Pledged Revenues and are not otherwise fully covered by insurance (for which the insurer has acknowledged and not disputed coverage) or (B) that would reasonably be expected to result in a Material Adverse Effect shall, in either case, be rendered against the Borrower, and the same shall remain undischarged for a period of thirty (30) consecutive days during which time period execution shall not be effectively stayed, or any action shall be legally taken by a judgment creditor to attach or levy upon any assets of the Borrower to enforce any such judgment.

(vii) Failure to Maintain Existence. The Borrower shall fail to maintain its existence as a body politic and a political subdivision created and existing under the laws of the State, unless at or prior to the time the Borrower ceases to exist in such form a successor public agency or governing body has been created by the State pursuant to a valid and unchallenged State law and has succeeded to the assets of the Borrower and has assumed all of the obligations of the Borrower under the TIFIA Loan Documents and the Indenture Documents, including the payment of all Secured Obligations.

(viii) Occurrence of a Bankruptcy Related Event. (A) A Bankruptcy Related Event shall occur with respect to the Borrower or (B) a Bankruptcy Related Event shall occur with respect to any Borrower Related Party (other than the Borrower) or any Principal Project Party provided that (1) prior to Substantial Completion of a Project, a Bankruptcy Related Event in connection with such Principal Project Party shall not constitute an Event of Default under such Project if the Borrower shall have promptly provided evidence satisfactory to the TIFIA Lender demonstrating that the Principal Project Party has been replaced with a substitute Principal Project Party that has sufficient financial resources and operating expertise to complete such Principal Project Contract to which such Principal Project Party was a party in accordance with the applicable Construction Schedule for such Project, and (2) after Substantial Completion of a Project in accordance with its respective Project Construction Contract, the occurrence of a Bankruptcy Related Event in connection with any Principal Project Party related to the Project covered by such Project Construction Contract shall not constitute an Event of Default solely with respect to such Project if at the time of such occurrence, (I) no claim against any warranty under the applicable Principal Project Contract to which such Principal Project Party is a party exists or remains outstanding, or (II) the Borrower promptly provides evidence satisfactory to the TIFIA Lender showing that the Borrower has (x) sufficient moneys to correct any defect or nonconforming work of such Principal Project Party, and (y) a plan to carry out such works referred to in clause (x) hereof.

(ix) Project Abandonment. Any Borrower Related Party shall abandon the Project.

(x) Invalidity of TIFIA Loan Documents. (A) Any TIFIA Loan Document ceases to be in full force and effect (other than as a result of the termination thereof in accordance with its terms) or becomes void, voidable, illegal or unenforceable, or any Borrower Related Party contests in any manner the validity or enforceability of any TIFIA Loan Document to which it is a party or denies it has any further liability under any TIFIA Loan Document to which it is a party, or purports to revoke, terminate or rescind any TIFIA Loan Document to which it is a party; or (B) any Indenture Document ceases (other than as expressly permitted thereunder) to be effective to grant a valid and binding security interest on any material portion of the Trust Estate other than as a result of actions or a failure to act by, and within the control of, the Trustee or any Secured Party, and with the priority purported to be created thereby.

(xi) Cessation of Operations. Operation of the Project shall cease for a continuous period of not less than one hundred eighty (180) days unless such cessation of operations shall occur by reason of an Uncontrollable Force that is not due to the fault of any Borrower Related Party (and which any Borrower Related Party could not reasonably have avoided or mitigated).

(b) Upon the occurrence of an Event of Default described in Section 20(a)(iii) (*Development Default*), all obligations of the TIFIA Lender hereunder with respect to the disbursement of any undisbursed amounts of the TIFIA Loan shall immediately be deemed terminated.

(c) Upon the occurrence of any Bankruptcy Related Event with respect to the Borrower, all obligations of the TIFIA Lender hereunder with respect to the disbursement of any undisbursed amounts of the TIFIA Loan shall automatically be deemed terminated, and the Outstanding TIFIA Loan Balance, together with all interest accrued thereon and all fees, costs, expenses, indemnities and other amounts payable under this Agreement, the TIFIA Bond or the other TIFIA Loan Documents, shall automatically become immediately due and payable, without presentment, demand, notice, declaration, protest or other requirements of any kind, all of which are hereby expressly waived.

(d) Upon the occurrence of any other Event of Default, the TIFIA Lender, by written notice to the Borrower, may (A) suspend or terminate all of its obligations hereunder with respect to the disbursement of any undisbursed amounts of the TIFIA Loan, and (B) declare the unpaid principal amount of the TIFIA Bond to be, and the same shall thereupon forthwith become, immediately due and payable, together with the interest accrued thereon and all fees, costs, expenses, indemnities and other amounts payable under this Agreement, the TIFIA Bond or the other TIFIA Loan Documents, all without presentment, demand, notice, protest or other requirements of any kind, all of which are hereby expressly waived.

(e) Whenever any Event of Default hereunder shall have occurred and be continuing, the TIFIA Lender shall be entitled and empowered to institute any actions or proceedings at law or in equity for the collection of any sums due and unpaid hereunder or under

the TIFIA Bond or the other TIFIA Loan Documents, and may prosecute any such judgment or final decree against the Borrower and collect in the manner provided by law out of the property of the Borrower the moneys adjudged or decreed to be payable, and the TIFIA Lender shall have all of the rights and remedies of a creditor, including all rights and remedies of a secured creditor under the Uniform Commercial Code, and may take such other actions at law or in equity as may appear necessary or desirable to collect all amounts payable by Borrower under this Agreement, the TIFIA Bond or the other TIFIA Loan Documents then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement or covenant of the Borrower under this Agreement, the TIFIA Bond or the other TIFIA Loan Documents.

(f) Whenever any Event of Default hereunder shall have occurred and be continuing, the TIFIA Lender may suspend or debar the Borrower from further participation in any Government program administered by the TIFIA Lender and to notify other departments and agencies of such default.

The Borrower agrees to pay all out-of-pocket expenses incurred by the TIFIA Lender in connection with the TIFIA Lender's exercise of its rights under this Section 21(b) (*Accounting and Audit Procedures; Inspections; Reports and Records*) at any time when an Event of Default shall have occurred and be continuing.

(e) Required Audit. The Borrower shall have a single or program-specific audit conducted in accordance with 2 C.F.R. Part 200 Subpart F and 31 U.S.C. § 7502 in 2019 and annually thereafter, except to the extent biennial audits are permitted for the Borrower pursuant to 2 C.F.R. § 200.504 and 31 U.S.C. § 7502(b). Section 23. Project Oversight and Monitoring.

(a) Project Development, Design and Construction. The TIFIA Lender shall have the right in its sole discretion to monitor (or direct its agents to monitor) the development, including environmental compliance, design, right-of-way acquisition, and construction of the Project. The FHWA Division Office has oversight responsibility for the Project, including ensuring compliance in all material respects with all applicable provisions of federal law. The FHWA Division Office and VDOT may agree that VDOT will be responsible for certain Project oversight activities, which agreement may be evidenced in the FHWA Project of Division Interest Stewardship & Oversight Plans. The Borrower agrees to cooperate in good faith with the TIFIA Lender and the FHWA Division Office in the conduct of such monitoring by promptly requesting that VDOT provide the TIFIA Lender and the FHWA Division Office with such reports, documentation or other information as shall be requested by the TIFIA Lender and the FHWA Division Office, or its agents, including any independent engineer reports, documentation or information.

(b) Reporting. The Borrower shall furnish to the TIFIA Lender the documentation described below.

The Borrower shall respond, and use commercially reasonable efforts to cause the applicable Principal Project Party to respond, to the TIFIA Lender's inquiries regarding such report, the construction of the Project and any Construction Contractor's performance of its obligations under the Project Construction Contract to which such Construction Contractor is a party.

(ii) Requested Information. The Borrower shall, at any time while the TIFIA Loan remains outstanding, promptly deliver, and shall use commercially reasonable efforts to cause VDOT to promptly deliver, to the TIFIA Lender such additional information regarding the business, financial, legal or organizational affairs of the Borrower or regarding the Project or the Pledged Revenues as the TIFIA Lender may from time to time reasonably request, including copies of agreements related to the acquisition or control of any Project right-of-way.

(c) [Project Operations]. For the period following the Substantial Completion Date, the TIFIA Lender shall have the right, in its sole discretion, to monitor (or direct its agents

to monitor) the Project and, as the TIFIA Lender may request from time to time, to receive reporting on the management of the Project, and copies of any contracts relating to the maintenance and safety services for the Project. The Borrower agrees to cooperate in good faith with the TIFIA Lender in the conduct of such monitoring by promptly providing or causing to be provided to the TIFIA Lender such reports, documentation, or other information requested by the TIFIA Lender. The TIFIA Lender has the right, in its sole discretion, to retain a financial oversight advisor, under a contract with the TIFIA Lender, to carry out the provisions of this Section 23(c) (*Project Operations*), and the full cost of such monitoring shall be borne by the Borrower. Any costs incurred by the TIFIA Lender for such monitoring, including the costs of any financial oversight advisor, shall be promptly reimbursed by the Borrower upon demand therefor in the form of an invoice reasonably acceptable to the Borrower.]¹⁴

Section 24. No Personal Recourse. No official, employee or agent of the TIFIA Lender or the Borrower or any Person executing this Agreement or any of the other TIFIA Loan Documents shall be personally liable on this Agreement or such other TIFIA Loan Documents by reason of the issuance, delivery or execution hereof or thereof.

Section 25. No Third Party Rights. The parties hereby agree that this Agreement creates no third party rights against the Borrower, the Government, or the TIFIA Lender, solely by virtue of the TIFIA Loan, and the Borrower agrees to indemnify and hold the TIFIA Lender, the Servicer (if any), the Executive Director, and the Government harmless, to the extent permitted by law and in accordance with Section 18 (*Indemnification*), from any lawsuit or claim arising in law or equity solely by reason of the TIFIA Loan, and that no third party creditor or creditors of the Borrower shall have any right against the TIFIA Lender with respect to the TIFIA Loan made pursuant to this Agreement.

Section 26. Borrower's Authorized Representative. The Borrower shall at all times have appointed a Borrower's Authorized Representative by designating such Person or Persons from time to time to act on the Borrower's behalf pursuant to a written certificate furnished to the TIFIA Lender and the Servicer, if any, containing the specimen signature or signatures of such Person or Persons and signed by the Borrower.

Credit Office of the Build America Bureau, the Director of the Credit Office of the Build America Bureau has been delegated the authority to enter into contracts and sign all contractual and funding documents (with the exception of the term sheets and credit agreements) necessary to implement the Act, including entering into technical amendments to, and restatements of, term sheets and credit agreements that do not materially impair the credit quality of the revenues pledged to repay the TIFIA Lender. Pursuant to the Delegation, the Director of the Credit Office of the Build America Bureau may act and serve as the TIFIA Lender's Authorized Representative under this Agreement, in addition to the Executive Director of the Build America Bureau for the purposes set forth herein.

Section 28. Servicer. The TIFIA Lender may from time to time designate an entity or entities to perform, or assist the TIFIA Lender in performing, the duties of the Servicer or specified duties of the TIFIA Lender under this Agreement and the TIFIA Bond. The TIFIA Lender shall give the Borrower written notice of the appointment of any successor or additional Servicer and shall enumerate the duties or any change in duties to be performed by any Servicer. Any references in this Agreement to the TIFIA Lender shall be deemed to be a reference to the Servicer with respect to any duties which the TIFIA Lender shall have delegated to such Servicer. The TIFIA Lender may at any time assume the duties of any Servicer under this Agreement and the TIFIA Bond. The Borrower shall cooperate and respond to any reasonable request of the Servicer for information, documentation or other items reasonably necessary for the performance by the Servicer of its duties hereunder.

Section 29. Fees and Expenses.

(a) Commencing in Federal Fiscal Year ("FFY") 2020 and continuing thereafter each year throughout the term of this Agreement, the Borrower shall pay to the TIFIA Lender a loan servicing fee on or before the fifteenth (15th) of November. The TIFIA Lender shall establish the amount of this annual fee, and the TIFIA Lender or the Servicer, if any, shall notify the Borrower of the amount, at least thirty (30) days before payment is due.

(b) In establishing the amount of the fee, the TIFIA Lender will adjust the previous year's base amount in proportion to the percentage change in CPI. For the FFY [2020] calculation, the TIFIA Lender will use the FFY [2019] base amount of \$[13,458.99], which applies to other TIFIA borrowers, as the previous year's base amount. The TIFIA Lender will calculate the percentage change in the CPI, before seasonal adjustment, from August of the previous year to August of the current year and will then adjust the previous year's base amount in proportion to the CPI percentage change. To calculate the amount of the fee, the TIFIA Lender shall round the current year's base amount using increments of \$500. Results with the ending integers between 250-499 or between 750-999 shall be rounded upward, and results with the ending integers between 001-249 or between 501-749 shall be rounded downward. The CPI adjustments in the following years shall begin with the base amount, not the rounded fee.

(c) The Borrower agrees, whether or not the transactions hereby contemplated shall be consummated, to reimburse the TIFIA Lender on demand from time-to-time, within thirty (30) days after receipt of any invoice from the TIFIA Lender, for any and all fees, costs, charges, and expenses incurred by it (including the reasonable fees, costs, and expenses of its legal counsel, financial advisors, auditors and other consultants and advisors, such

reasonableness determined in accordance with Part 31 of the Federal Acquisition Regulation) in connection with the negotiation, preparation, execution, delivery, and performance of this Agreement and the other TIFIA Loan Documents and the transactions hereby and thereby contemplated, including reasonable attorneys', and engineers' fees and professional costs, including all such fees, costs, and expenses incurred as a result of or in connection with:

(i) the enforcement of or attempt to enforce any provision of this Agreement or any of the other TIFIA Loan Documents;

(ii) any amendment, modification, or requested amendment or modification of, waiver, consent, or requested waiver or consent under or with respect to, or the protection or preservation of any right or claim under, this Agreement, any other Related Document, or the Trust Estate, or advice in connection with the administration, preservation in full force and effect, and enforcement of this Agreement or any other Related Document or the rights of the TIFIA Lender thereunder; and

(iii) any work-out, restructuring, or similar arrangement of the obligations of the Borrower under this Agreement or the other TIFIA Loan Documents, including during the pendency of one or more Events of Default.

The obligations of the Borrower under this Section 29 (*Fees and Expenses*) shall survive the payment or prepayment in full or transfer of the TIFIA Bond, the enforcement of any provision of this Agreement or the other TIFIA Loan Documents, any such amendments, waivers or consents, any Event of Default, and any such workout, restructuring, or similar arrangement.

Section 30. Amendments and Waivers. No amendment, modification, termination, or waiver of any provision of this Agreement shall in any event be effective without the written consent of each of the parties hereto.

Section 31. Governing Law. This Agreement shall be governed by the federal laws of the United States of America if and to the extent such federal laws are applicable and the internal laws of the State, if and to the extent such federal laws are not applicable.

Section 32. Severability. In case any provision in or obligation under this Agreement shall be invalid, illegal, or unenforceable in any jurisdiction, the validity, legality and enforceability of the remaining provisions or obligations, or of such provision or obligation in any other jurisdiction, shall not in any way be affected or impaired thereby.

Section 33. Successors and Assigns. This Agreement shall be binding upon the parties hereto and their respective permitted successors and assigns and shall inure to the benefit of the parties hereto and their permitted successors and assigns. Neither the Borrower's rights or obligations hereunder nor any interest therein may be assigned, delegated, or transferred by the Borrower without the prior written consent of the TIFIA Lender.

Section 34. Remedies Not Exclusive. No remedy conferred herein or reserved to the TIFIA Lender is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute.

Section 35. Delay or Omission Not Waiver. No delay or omission of the TIFIA Lender to exercise any right or remedy provided hereunder upon a default of the Borrower (except a delay or omission pursuant to a written waiver) shall impair any such right or remedy or constitute a waiver of any such default or acquiescence therein. Every right and remedy given by this Agreement or by law to the TIFIA Lender may be exercised from time to time, and as often as may be deemed expedient by the TIFIA Lender.

Section 36. Counterparts. This Agreement and any amendments, waivers, consents or supplements hereto or in connection herewith may be executed in any number of counterparts and by the different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute one and the same instrument; signature pages may be detached from multiple separate counterparts and attached to a single counterpart so that all signature pages are physically attached to the same document. Electronic delivery of an executed counterpart of a signature page of this Agreement or of any document or instrument delivered in connection herewith in accordance with Section 37 (*Notices; Payment Instructions*) shall be effective as delivery of an original executed counterpart of this Agreement or such other document or instrument, as applicable.

REQUISITION PROCEDURES

This **Exhibit D** sets out the procedures which the Borrower agrees to follow in submitting Requisitions for the disbursement of TIFIA Loan proceeds in respect of the Eligible Project Costs incurred in connection with the Project. Section 1 sets out the manner in which Requisitions are to be submitted and reviewed. Section 2 through Section 4 set out the circumstances in which the TIFIA Lender may reject or correct Requisitions submitted by the Borrower or withhold a disbursement. The Borrower expressly agrees to the terms hereof, and further agrees that (i) the rights of the TIFIA Lender contained herein are in addition to (and not in lieu of) any other rights or remedies available to the TIFIA Lender under the TIFIA Loan Agreement, and (ii) nothing contained herein shall be construed to limit the rights of the TIFIA Lender to take actions including administrative enforcement action and actions for breach of contract against the Borrower if it fails to carry out its obligations under the TIFIA Loan Agreement during the term thereof.

Section 1. General Requirements. All requests by the Borrower for the disbursement of TIFIA Loan proceeds shall be made by electronic mail or overnight delivery service by submission to the TIFIA Lender, in accordance with Section 37 (Notices; Payment Instructions) of the TIFIA Loan Agreement, of a Requisition, in form and substance satisfactory to the TIFIA Lender and completed and executed by the Borrower's Authorized Representative. The form of Requisition is attached as **Appendix One To Exhibit D**. Supporting documentation should be submitted with the requisition.

All disbursement requests must be received by the TIFIA Lender at or before 5:00 P.M. (EST) on the first (1st) Business Day of a calendar month in order to obtain disbursement by the fifteenth (15th) day of such calendar month or, if either such day is not a Business Day, the next succeeding Business Day. If a Requisition is approved by the TIFIA Lender, the TIFIA Lender will notify the Borrower of such approval and of the amount so approved.

Section 2. Rejection. A Requisition may be rejected in whole or in part by the TIFIA Lender if it is:

- (a) submitted without signature;
- (b) submitted under signature of a Person other than a Borrower's Authorized Representative;
- (c) submitted after prior disbursement of all proceeds of the TIFIA Loan; or
- (d) submitted without adequate documentation of Eligible Project Costs incurred or paid. Such documentation shall include invoices for costs incurred or paid and the most recent certificate of or report prepared by the Independent Engineer relating to the construction of the Project (to the extent not previously delivered to the TIFIA Lender).

The TIFIA Lender will notify the Borrower of any Requisition so rejected, and the reasons therefor. Any Requisition rejected for the reasons specified in (a), (b) or (d) above must be resubmitted in proper form in order to be considered for approval. If a Requisition exceeds the balance of the TIFIA Loan proceeds remaining to be disbursed, the request will be treated as if submitted in the amount of the balance so remaining, and the TIFIA Lender will so notify the Borrower.

Section 3. Correction. A Requisition containing an apparent mathematical error will be corrected by the TIFIA Lender, after telephonic or email notification to the Borrower, and will thereafter be treated as if submitted in the corrected amount.

Section 4. Withholding. The TIFIA Lender shall be entitled to withhold approval (in whole or in part) of any pending or subsequent requests for the disbursement of TIFIA Loan proceeds if:

(a) an Event of Default or event that, with the giving of notice or the passage of time or both, would constitute an Event of Default under the TIFIA Loan Agreement shall have occurred and be continuing; or

(b) the Borrower:

- (i) knowingly takes any action, or omits to take any action, amounting to fraud or violation of any applicable federal or local criminal law, in connection with the transactions contemplated hereby; or

- (iii) fails to observe or comply with any applicable federal or local law, or any term or condition of the TIFIA Loan Agreement; or
- (iv) fails to satisfy the conditions set forth in Section 4 (*Disbursement Conditions*) and Section 13(b) (*Conditions Precedent to All Disbursements*) of the TIFIA Loan Agreement; or
- (v) fails to deliver documentation satisfactory to the TIFIA Lender evidencing Eligible Project Costs claimed for disbursement at the times and in the manner specified by the TIFIA Loan Agreement; provided, that in such case the TIFIA Lender may, in its sole discretion, partially approve a disbursement request in respect of any amounts for which adequate documentation evidencing

Section 5. Government Shutdown. Notwithstanding anything to the contrary set forth in this **Exhibit D**, the TIFIA Lender (a) shall be entitled to withhold approval of any pending or subsequent requests for the disbursement of TIFIA Loan proceeds and (b) shall have no obligation to make any disbursement of proceeds of the TIFIA Loan to the Borrower (even if such disbursement has been approved by the TIFIA Lender), in each case if the TIFIA Lender's ability to make the relevant disbursement is impaired as a result of a partial or total shutdown of the operations of any federal department or agency (including USDOT or any of its agencies), or any contractor of any such department or agency, due to a lapse in appropriations by Congress.

Section 4.3 Extraordinary Mandatory Redemption. (a) The TIFIA Series 2019 Bond is subject to redemption prior to maturity, in part and without penalty or premium, on each Semi-Annual Payment Date following the occurrence of a Revenue Sharing Trigger Event (as defined in the 2019 TIFIA Loan Agreement), for so long as the Revenue Sharing Trigger Event remains in effect, from any amounts on deposit in the Revenue Sharing Fund, as provided in Section 10(a) of the 2019 TIFIA Loan Agreement, plus interest accrued to the date of redemption.

Section 4.4 Partial Redemption of the TIFIA Series 2019 Bond. Any such partial redemption of the TIFIA Series 2019 Bond shall be applied on a pro rata basis across remaining principal maturities and sinking fund installments. Upon any redemption of the TIFIA Series 2019 Bond in part only, Exhibit G to the 2019 TIFIA Loan Agreement may be revised or completed by or on behalf of the TIFIA Lender in accordance with the terms of the 2019 TIFIA Loan Agreement; provided, however, that neither the failure to make any such recordation nor any error in such recordation shall affect in any manner HRTAC's obligations hereunder, under the TIFIA Series 2019 Bond, or under any other TIFIA Loan Document (as defined in the 2019 TIFIA Loan Agreement).

PRINCIPAL AMOUNT:

1. **HAMPTON ROADS TRANSPORTATION ACCOUNTABILITY COMMISSION**, a body politic and a political subdivision of the Commonwealth of Virginia (“HRTAC”), for value received, hereby promises to pay, but solely from the sources provided therefor as hereinafter set forth and in the manner hereinafter provided, to the **UNITED STATES DEPARTMENT OF TRANSPORTATION**, acting by and through the Executive Director of the Build America Bureau, or its assigns (the “TIFIA Lender”), on the Maturity Date set forth above (or earlier as hereinafter referred to), the aggregate unpaid principal amount of all disbursements (excluding any capitalized interest) in an amount not to exceed \$_____ (the “Disbursements”) made by the TIFIA Lender (together with any interest that is capitalized and added to principal in accordance with the provisions of the 2019 TIFIA Loan Agreement referred to below, being hereinafter referred to as the “Outstanding Principal Sum”), and to pay interest on such Principal Amount (including, if applicable, interest at the Default Rate, as defined in the 2019 TIFIA Loan Agreement) on the Outstanding Principal Sum and all fees, costs and other amounts payable in connection therewith, all as more fully described in the below-referenced 2019 TIFIA Loan Agreement. Each Disbursement made by the TIFIA Lender to HRTAC pursuant to the 2019 TIFIA Loan Agreement and each prepayment made on account of the Outstanding Principal Sum, shall be recorded by or on behalf of the TIFIA Lender in Exhibit G to the 2019 TIFIA Loan

Agreement in accordance with the terms of the 2019 TIFIA Loan Agreement. The principal hereof shall be payable in the manner and at the place provided in the 2019 TIFIA Loan Agreement in accordance with Exhibit G to the 2019 TIFIA Loan Agreement, as revised from time to time in accordance with the 2019 TIFIA Loan Agreement, until paid in full. Such Exhibit G may be revised or completed by or on behalf of the TIFIA Lender in accordance with the terms of the 2019 TIFIA Loan Agreement; provided, however, that neither the failure to make any such recordation nor any error in such recordation shall affect in any manner HRTAC's obligations hereunder or under any other TIFIA Loan Document (as defined in the 2019 TIFIA Loan Agreement). Payments hereon are to be made in accordance with Section 9(f) and Section 37 of the 2019 TIFIA Loan Agreement as the same become due. Principal of and interest on this TIFIA Series 2019 Bond shall be paid in funds available on or before the due date and in any lawful coin or currency of the United States of America which at the date of payment is legal tender for the payment of public and private debts. Capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Master Indenture (as hereinafter defined) or the 2019 TIFIA Loan Agreement (as hereinafter defined).

2. This TIFIA Series 2019 Bond has been executed under and pursuant to the 2019 TIFIA Loan Agreement, dated as of the date hereof, between the TIFIA Lender and HRTAC (the "TIFIA Loan Agreement") and is issued to evidence the obligation of HRTAC under the 2019 TIFIA Loan Agreement to repay the loan made by the TIFIA Lender and any other payments of any kind required to be paid by HRTAC under the 2019 TIFIA Loan Agreement or the other TIFIA Loan Documents to which HRTAC is a party referred to therein. Reference is made to the 2019 TIFIA Loan Agreement for all details relating to HRTAC's obligations hereunder.

3. **This TIFIA Series 2019 Bond shall not be deemed to constitute a debt of the Commonwealth of Virginia or of any political subdivision thereof or a pledge of the faith and credit of the Commonwealth of Virginia or of any political subdivision thereof (other than HRTAC). Neither the Commonwealth of Virginia nor HRTAC shall be obligated to pay this TIFIA Series 2019 Bond or the interest hereon except from the sources provided therefor in the Master Indenture, and neither the faith and credit nor the taxing power of the Commonwealth of Virginia or of any political subdivision thereof is pledged, or may hereafter be pledged, to the payment of the principal of, premium, if any, or the interest on this TIFIA Series 2019 Bond.**

HRTAC's authority to receive any or all of the taxes or other revenues pledged to the Trustee for payment of Bonds pursuant to the Master Indenture is subject to appropriation by the General Assembly of the Commonwealth, and neither the General Assembly nor HRTAC can or will pledge, covenant or agree to impose or maintain at any particular rate or level any of such taxes or other revenues.

4. Unless otherwise defined, each capitalized term used in this Bond has the meaning given it in the Master Indenture.

6. This TIFIA Series 2019 Bond is issued as and constitutes a Subordinate Obligation within the meaning of such term in the Master Indenture.

7. The Master Indenture provides for the issuance, from time to time, under the conditions, limitations and restrictions therein set forth, of additional Series of Bonds for the purpose of financing Projects, and of refunding outstanding obligations of HRTAC. Such Additional Bonds may be issued as Senior Bonds, Intermediate Term Bonds, or Subordinate Obligations. The TIFIA Series 2019 Bonds, together with all other obligations heretofore or hereafter issued under the provisions of the Master Indenture, are herein collectively referred to as the “Bonds”. 9. The Master Indenture also provides for the deposit of revenues into the funds, accounts and subaccounts established under the Master Indenture, certain of which funds, accounts and subaccounts secure the payment of the principal of, premium, if any, and the interest on the Bonds to the extent provided in the Master Indenture. Certain of such funds, accounts and subaccounts secure only the Senior Bonds, certain of such funds, accounts and subaccounts secure only the Intermediate Lien Obligations, and certain of such funds, accounts and subaccounts secure only the Subordinate Obligations, all as more fully described in the Master Indenture.

13. Concurrently with the optional redemption or mandatory redemption of Senior Bonds or Intermediate Term Bonds under Section 10(a)(ii) of the 2019 TIFIA Loan Agreement, this TIFIA Series 2019 Bond is subject to redemption prior to maturity, in part, in an amount equal to the same percentage of Outstanding TIFIA Series 2019 Bonds that the principal amount of Senior Bonds or Intermediate Lien Obligations being redeemed or prepaid bears to the principal amount of Senior Bonds or Intermediate Lien Obligations outstanding prior to the redemption or prepayment, in an amount equal to one hundred percent (100%) of the principal amount of the TIFIA Series 2019 Bond to be redeemed plus interest accrued to the date of redemption.

14. On each payment due date, payments hereon are to be made in the manner and at the place specified by the TIFIA Lender pursuant to the 2019 TIFIA Loan Agreement.

15. Any delay on the part of the TIFIA Lender in exercising any right hereunder shall not operate as a waiver of any such right, and any waiver granted with respect to one default shall not operate as a waiver in the event of any subsequent default.

16. The Owner of this TIFIA Series 2019 Bond shall have no right to enforce the provisions of the Master Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any event of default under the Master Indenture, or to institute any suit or other proceeding with respect to the Master Indenture, except as provided in the Master Indenture.

BOND PURCHASE AGREEMENT

_____, 2019

Hampton Roads Transportation
Accountability Commission
Chesapeake, Virginia

Ladies and Gentlemen:

The undersigned J.P. Morgan Securities LLC (the “Representative”), acting on behalf of itself, Wells Fargo Bank, National Association and Citigroup Global Markets Inc. (collectively, the “Underwriters”), hereby offers to enter into this Bond Purchase Agreement (this “Agreement”) with the Hampton Roads Transportation Accountability Commission, a political subdivision of the Commonwealth of Virginia (the “Commission”), for the sale by the Commission and purchase by the Underwriters of \$_____ in aggregate principal amount of the Commission’s Hampton Roads Transportation Fund Intermediate Lien Bond Anticipation Notes, Series 2019A (the “Series 2019A Notes”). This offer is made subject to acceptance by the Commission of this Agreement, which acceptance shall be evidenced by the execution and delivery of this Agreement by a duly authorized officer of the Commission, prior to ____ p.m., Eastern Time, on the date hereof and, upon such acceptance, execution and delivery, this Agreement shall be in full force and effect in accordance with its terms and shall be binding upon the Commission and the Underwriters, subject to Section 8 hereof. If not so accepted, the offer will be subject to withdrawal by the Representative upon written notice delivered to the Commission at any time prior to the acceptance hereof by the Commission.

Capitalized terms used but not defined herein shall have the meanings assigned thereto in the Official Statement (as defined in Section 3 hereof).

1. **Purchase and Sale of Series 2019A Notes.** Upon the terms and conditions and in reliance on the representations, warranties, and covenants contained in this Agreement, the Underwriters hereby agree to purchase from the Commission, and the Commission hereby agrees to sell and deliver to the Underwriters, all (but not less than all) of the Series 2019A Notes at the purchase price of \$_____ (representing the sum of the par amount of the Series 2019A Notes, [plus] [net] original issue [premium] of \$_____ less an underwriting discount of \$_____) (the “Purchase Price”). The Purchase Price shall be payable to the Commission on the Closing Date (as defined herein), by wire transfer of Federal Funds as provided in Section 6 below. The Series 2019A Notes shall be as described in, authorized by, and issued

and secured under the hereinafter described Indenture, shall be dated the date of delivery, shall bear interest at the rates, mature in principal amounts and be subject to redemption, all as described in the Official Statement and in Schedule I attached hereto.

The Representative has delivered to the Commission, and the Commission acknowledges receipt of, a wire transfer in the aggregate amount of \$_____, representing the good faith deposit of the Underwriters. At the Closing (hereinafter defined in Section 6 below), the good faith deposit, exclusive of any interest earned on such amount which shall accrue to the benefit of the Commission, will be deducted from the amount payable by the Underwriters with respect to the aggregate purchase price of the Series 2019A Notes (and applied by the Commission as proceeds of the Series 2019A Notes), and, accordingly, the Underwriters will pay \$_____ (representing the \$_____ purchase price, less the \$_____ good faith deposit). If the Commission fails to deliver the Series 2019A Notes at the Closing, or if the Commission is unable on or before the Closing to satisfy the conditions to the Underwriters' obligations contained in this Agreement, or if the obligations of the Underwriters are terminated for any reason permitted by this Agreement, the good faith deposit (with no credit for interest thereon) will be returned to the Representative. If the Underwriters fail (other than for a reason permitted in this Agreement) to accept delivery of and pay for the Series 2019A Notes as provided in this Agreement, the good faith deposit will be retained by the Commission as full liquidated damages for such failure and for any and all defaults on the part of the Underwriters, and the delivery of the good faith deposit will constitute satisfaction, and will result in full release and discharge of the Underwriters and their affiliates from all claims and damages for such failure and for any and all defaults.

2. **Background.** The Series 2019A Notes are authorized to be issued pursuant to the provisions of Chapter 26 of Title 33.2 of the Code of Virginia of 1950, as amended (the "HRTAC Act"), a resolution adopted by the Commission on _____, 2019 (the "Bond Resolution"), and the Master Trust Indenture dated as of _____ 1, 2019 (the "Original Indenture"), by and between the Commission and Wilmington Trust, National Association, as trustee (the "Trustee"), as supplemented and amended by the First Supplemental Series Indenture of Trust dated as of February 1, 2018 (the "First Supplemental Indenture"), the Second Supplemental Series Indenture of Trust dated as of _____ 1, 2019 (the "Second Supplemental Indenture"), and the Third Supplemental Series Indenture of Trust dated as of _____ 1, 2019 (the "Third Supplemental Indenture"), each between the Commission in the Trustee (the Original Indenture, the First Supplemental Indenture, the Second Supplemental Indenture, and the Third Supplemental Indenture are hereinafter collectively referred to as the "Indenture").

The proceeds from the sale of the Series 2019A Note will be used primarily to provide short term funding of the costs of certain Commission projects, which may include the I-64 Widening Project, the I-64 / I-264 Interchange Improvements Project, the I-64 Southside Widening & High Rise Bridge Project, and the Hampton Roads Bridge Tunnel Expansion Project. The Third Supplemental Indenture provides that the Series 2019A Notes are to be retired at their maturity date from proceeds of disbursements under that certain TIFIA Loan Agreement dated as of _____ 2019, by and between the Commission and the United States Department of Transportation, acting by and through the Executive Director of the Build America Bureau, as amended or supplemented from time to time (the "TIFIA Loan Agreement"), which TIFIA Loan Agreement is secured by the Second Supplemental Indenture.

3. **Delivery of Official Statement.**

(a) The Commission has previously delivered to the Representative a Preliminary Official Statement dated _____, 2019, with respect to the Series 2019A Notes (the “Preliminary Official Statement”), in electronic form, and represents that the Preliminary Official Statement was deemed final by the Commission as of its date for purposes of Rule 15c2-12 promulgated under the Securities Exchange Act of 1934 (the “Rule”), except for the omission of such information as is specified under the Rule. The Commission consents to the use of the Preliminary Official Statement by the Underwriters prior to the date hereof. The Commission also authorizes and consents to the references in the Preliminary Official Statement and in the Official Statement to the Indenture and other pertinent documents, and the use by the Underwriters of copies of the Indenture and other pertinent documents of the Commission in connection with the public offering and sale of the Series 2019A Notes, including, without limitation, the Audited Financial Statements of the Commission for the Fiscal Year ended June 30, 2019 (the “Financial Statements”).

(b) Within seven (7) business days of the date hereof and, in any event, unless otherwise agreed to by the parties hereto, at least three (3) business days prior to Closing (as hereinafter defined), the Commission will deliver to the Underwriters copies of the final Official Statement relating to the Series 2019A Notes in electronic word-searchable portable document format and dated the date hereof, in sufficient quantities to enable the Underwriters to comply with the Rule and other applicable rules of the Securities and Exchange Commission and the Municipal Securities Rulemaking Board (the “MSRB”). The Official Statement shall be in substantially the same form as the Preliminary Official Statement and, other than information previously permitted to have been omitted by the Rule, the Commission shall only make such other additions, deletions and revisions in the Official Statement which are approved by the Representative. By execution thereof by its Executive Director, the Commission shall deem the Official Statement complete as of its date within the meaning of the Rule (such final Official Statement, including the cover and inside cover pages and all appendices and statements included therein, incorporated by reference therein or attached thereto, together with any supplements thereto, being hereinafter called the “Official Statement”).

(c) The Representative shall submit a copy of the Official Statement to the MSRB’s Electronic Municipal Market Access System for municipal securities disclosures.

(d) The Commission agrees that it will cooperate with the Representative in the qualification of the Series 2019A Notes for offering and sale and the determination of their eligibility for investment under the securities or “blue sky” laws of such jurisdictions as the Representative shall designate; provided, however, the Commission shall not be required to register as a dealer or broker in any such jurisdiction, execute a general or special consent to service of process or qualify to do business in connection with any such qualification of the Series 2019A Notes in any jurisdiction other than Virginia, nor incur any costs or fees in connection with such qualification of the Series 2019A Notes.

(e) To assist the Underwriters in complying with the Rule, the Commission (i) has executed and delivered a Rule 15c2-12 Compliance Certificate dated _____, 2019

(the “Rule 15c2-12 Compliance Certificate”); and (ii) will execute and deliver a Continuing Disclosure Undertaking dated _____, 2019 (the “Continuing Disclosure Undertaking”) wherein the Commission will agree to provide annual financial information and operating data, and notices of the occurrence of certain specified events. The Continuing Disclosure Undertaking is described in, and a form thereof is attached as an Appendix to, the Preliminary Official Statement and shall also be included in the Official Statement.

(f) The Commission covenants and agrees to promptly notify the Representative if, during the period commencing on the date hereof through the date twenty-five (25) days after the “end of the underwriting period,” as hereinafter defined, any event shall occur including, but not limited to, any material adverse change in the financial position, results of operations or condition, financial or otherwise, of the Commission, and of which the Commission has knowledge, that would cause the Official Statement to contain any untrue or incorrect statement of a material fact or to omit to state a material fact which should be included therein for the purpose for which the Official Statement is to be used or which is necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading, and, if in the reasonable opinion of the Representative such event requires any amendment or supplement to the Official Statement, the Commission will at the Commission’s expense promptly amend or supplement the Official Statement in a form and manner jointly approved by the Commission and the Representative. Anything in this paragraph to the contrary notwithstanding, in no event shall the Commission be under any obligation to perform any continuing due diligence or monitoring to determine if any event described in this paragraph has occurred subsequent to the end of the underwriting period. The “end of the underwriting period” means the Closing Date unless the Representative advises the Commission in writing on such Closing Date that as of such date there remains an unsold balance of the Series 2019A Notes, in which case the “end of the underwriting period” means the date as of which the Representative notifies the Commission that the Underwriters no longer retain an unsold balance of the Series 2019A Notes for sale to the public; however, in no event shall the “end of the underwriting period” extend beyond the date that is thirty-five (35) days from the Closing Date.

4. **Public Offering of Series 2019A Notes.** The Underwriters agree to make a bona fide public offering of all of the Series 2019A Notes of each maturity at a price not in excess of the respective initial offering price set forth in the front portion of the Official Statement, but after such bona fide public offering the Underwriters may change such prices as they may deem necessary or desirable in connection with the offering and sale of the Series 2019A Notes and to sell the Series 2019A Notes to dealers (including dealer banks and dealers depositing the Series 2019A Notes into investment trusts) and others at prices higher than the initial offering prices indicated in the Official Statement. As used in this paragraph the term “public” means the general public of investors who are purchasing for their own account as ultimate purchasers and does not include bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers, including any of the Underwriters, any affiliates or affiliated accounts of any of the Underwriters, or dealers (including dealer banks and dealers depositing the Series 2019A Notes into investment trusts). The Underwriters agree that the Series 2019A Notes will only be offered pursuant to the Official Statement and only in jurisdictions where

such offer is legal, and that a copy of the final version of the Official Statement will be delivered to each purchaser of the Series 2019A Notes.

5. Establishment of Issue Price.

(a) The Representative on behalf of the Underwriters, agrees to assist the Commission in establishing the issue price of the Series 2019A Notes, and shall execute and deliver to the Commission and Kaufman & Canoles, a Professional Corporation (“Bond Counsel”), on the Closing Date an “issue price” certificate, together with supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit D (the “Issue Price Certificate”), with such modifications as may be appropriate or necessary, in the reasonable judgment of the Representative, the Commission and Bond Counsel, to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Series 2019A Notes.

(b) Except as otherwise set forth in Exhibit D attached hereto, the Commission will treat the first price at which 10% of each maturity of the Series 2019A Notes (the “10% test”) is sold to the public as the issue price of that maturity (if different interest rates apply within a maturity, each separate CUSIP number within that maturity will be subject to the 10% test). At or promptly after the execution of this Agreement, the Representative shall report to the Commission the price or prices at which the Underwriters have sold to the public each maturity of the Series 2019A Notes. If at the time the 10% test has not been satisfied as to any maturity of the Series 2019A Notes, the Representative agrees to promptly report to the Commission the prices at which Series 2019A Notes of that maturity have been sold by the Underwriters to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until the 10% test has been satisfied as to the Series 2019A Notes of that maturity or until all Series 2019A Notes of that maturity have been sold to the public.

(c) The Representative confirms that the Underwriters have offered the Series 2019A Notes to the public on or before the date of this Agreement at the offering price or prices (the “initial offering price”), or at the corresponding yield or yields, set forth in Exhibit D attached hereto, except as otherwise set forth therein. Exhibit D also sets forth, as of the date of this Agreement, the maturities, if any, of the Series 2019A Notes for which the 10% test has not been satisfied and for which the Commission and the Representative, on behalf of the Underwriters, agree that the restrictions set forth in the next sentence shall apply, which will allow the Commission to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the “hold-the-offering-price rule”). So long as the hold-the-offering-price rule remains applicable to any maturity of the Series 2019A Notes, the Underwriters will neither offer nor sell unsold Series 2019A Notes of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (1) The close of fifth (5th) business day after the sale date; or

(2) The date on which the Underwriters have sold at least 10% of that maturity of the Series 2019A Notes to the public at a price that is no higher than the initial offering price to the public.

The Representative shall promptly advise the Commission when the Underwriters have sold 10% of that maturity of the Series 2019A Notes to the public at a price that is no higher than the initial offering price to the public, if that occurs prior to the close of the fifth (5th) business day after the sale date.

The Commission acknowledges that, in making the representation set forth in this subsection, the Representative will rely on (i) the agreement of each Underwriter to comply with the hold-the-offering-price rule, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Series 2019A Notes to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an Underwriter is a party to a retail distribution agreement that was employed in connection with the initial sale of the Series 2019A Notes to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, as set forth in the retail distribution agreement and the related pricing wires. The Commission further acknowledges that each Underwriter shall be solely responsible for its failure to comply with its agreement regarding the hold-the-offering-price rule and that no Underwriter shall be liable for the failure of any other Underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a retail distribution agreement, to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Series 2019A Notes.

(d) The Representative confirms that:

(i) Any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the Representative is a party) relating to the initial sale of the Series 2019A Notes to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of a selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) report the prices at which it sells to the public the unsold Series 2019A Notes of each maturity allotted to it until it is notified by the Representative that either the 10% test has been satisfied as to the Series 2019A Notes of that maturity or all Series 2019A Notes of that maturity have been sold to the public and (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative and as set forth in the related pricing wires, and

(ii) Any agreement among underwriters relating to the initial sale of the Series 2019A Notes to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Series 2019A Notes to the public to require each broker-dealer that is a party to

such retail distribution agreement to (A) report the prices at which it sells to the public the unsold Series 2019A Notes of each maturity allotted to it until is notified by the Representative or the Underwriters that either the 10% test has been satisfied as to the Series 2019A Notes of that maturity or all Series 2019A Notes of that maturity have been sold to the public and (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the Representative or the Underwriters and as set forth in the related pricing wires.

(e) The Underwriters acknowledge that sales of any Series 2019A Notes to any person that is a related party to an Underwriter shall not constitute sales to the public for purposes of this section. Further, for purposes of this section:

(i) “public” means any person other than an underwriter or a related party,

Hampton Roads Transportation Accountability Commission
Hampton Roads Transportation Fund
Intermediate Lien Bond Anticipation Notes, Series 2019A

Ladies and Gentlemen:

As Bond Counsel to the Hampton Roads Transportation Accountability Commission (the “Commission”), we have delivered to you a copy of our approving opinion dated today relating to the issuance by the Commission of the above-captioned notes (the “Series 2019A Notes”). This letter confirms that you may rely on our approving opinion as if it were addressed to you.

At your request, we have also reviewed (a) the Bond Purchase Agreement, dated _____, 2019 (the “Bond Purchase Agreement”), between you (the “Underwriters”) and the Commission with respect to the offering and sale of the Series 2019A Notes; (b) certain sections described below of the Official Statement, dated _____, 2019, relating to Series 2019A Notes (the “Official Statement”); (c) the Continuing Disclosure Undertaking dated the date of its execution and delivery, for benefit and the benefit of the holders of the Series 2019A Notes (the “Continuing Disclosure Undertaking”) and (d) certified copies of proceedings of the Hampton Roads Transportation Accountability Commission with respect to the Bond Purchase Agreement and the Official Statement, as well as such other documents as we deem necessary to render this opinion.

We express no view as to any part of the Official Statement not described below, and no view is expressed as to financial statements and other financial and statistical data included in the Official Statement.

Based on the foregoing, we are of the opinion that:

1. The Bond Purchase Agreement and the Continuing Disclosure Undertaking have been duly authorized, executed and delivered by the Commission and, assuming their due authorization, execution and delivery by the other parties thereto, constitute a valid and binding legal obligation of the Commission, enforceable against the Commission in accordance with their terms. The enforceability of the Bond Purchase Agreement and the Continuing Disclosure

Undertaking may be limited by the provisions of bankruptcy, insolvency, reorganization, moratorium, or similar laws, now or hereafter in effect, and by equitable principles which may limit the specific enforcement of certain remedies.

2. The Series 2019A Notes are not subject to the registration requirements of the Securities Act of 1933, as amended, and the Indenture, as defined in the Bond Purchase Agreement, is exempt from qualification under the Trust Indenture Act of 1939, as amended.

We also advise you that the statements in the Official Statement under “INTRODUCTION,” “DESCRIPTION OF THE SERIES 2019A NOTES” (except “Book-Entry Only System”) and “SECURITY AND SOURCES OF PAYMENT OF THE SERIES 2019A NOTES” and the summaries contained in Appendix A fairly and accurately summarize the indicated provisions of the Series 2019A Notes and the Indenture, and the information in the Official Statement under “Tax Matters,” read together with our approving opinion, the form of which appears as Appendix F to the Official Statement, fairly and accurately reflects the matters discussed thereunder.

This letter is furnished by us in our capacity as Bond Counsel to the Commission. No attorney-client relationship has existed or exists between our firm and the addressee hereof in connection with the Series 2019A Notes, the Official Statement or by virtue of this opinion. This opinion has been prepared solely for your use in connection with the issuance of the Series 2019A Notes on the date hereof and should not be used, circulated, quoted or otherwise referred to or relied upon by any person other than you. This opinion is not intended to be relied upon by the Trustee (as described in the Bond Purchase Agreement) or the holders or the beneficial owners of the Series 2019A Notes.

\$ _____
Hampton Roads Transportation Accountability Commission
Hampton Roads Transportation Fund
Intermediate Lien Bond Anticipation Notes, Series 2019A

Ladies and Gentlemen:

We have acted as counsel to the Hampton Roads Transportation Accountability Commission (the "Commission") in connection with the issuance, sale and delivery of the Commission's Hampton Roads Transportation Fund Intermediate Lien Bond Anticipation Notes, Series 2019A (the "Series 2019A Notes"). For purposes of this opinion, capitalized terms used herein and not defined have the meanings assigned to them in the Bond Purchase Agreement dated _____, 2019, between the Commission and J.P. Morgan Securities LLC, Wells Fargo Bank, National Association, and Citigroup Global Markets Inc. (the "Bond Purchase Agreement").

We have examined the documents referred to in the Bond Purchase Agreement and such other documents and records of the Commission and any other papers as we have deemed relevant and necessary as the basis of the opinions hereinafter set forth. Based upon the foregoing, we are of the opinion that:

1. The Commission has been duly organized and is validly existing as a political subdivision under the Constitution and laws of the Commonwealth of Virginia, with full power and authority (a) to enter into and perform its obligations under the Bond Purchase Agreement, the Indenture, the Continuing Disclosure Undertaking, and the TIFIA Loan Agreement (collectively, the "Commission Documents"); and (b) to issue, sell and deliver the Series 2019A Notes under the Indenture.

2. The officials of the Commission named in the Official Statement have been duly appointed and are as of the date hereof legally qualified to serve in their respective positions.

3. The Bond Resolution, which authorizes the issuance of the Series 2019A Notes and the execution and delivery of the Commission Documents, has been duly adopted by the Commission, and the Commission Documents have been duly authorized, executed and delivered by the Commission. Assuming due authorization, execution and delivery by the other parties thereto, such instruments constitute legal, valid and binding obligations of the Commission enforceable in accordance with their respective terms (except as may be limited by bankruptcy, insolvency and other laws affecting creditors' rights or remedies).

4. To the best of our knowledge, the execution and delivery of the Commission Documents by the Commission and compliance with the provisions thereof will not conflict with or constitute a breach or default under any applicable law, administrative regulation, court order or consent decree of Virginia or of the United States of America or of any department, division, agency or instrumentality of either, or any agreement, note, resolution, indenture or other instrument to which the Commission is a party or by which it is bound.

5. All approvals, consents and orders of any governmental entity, authority, board, agency or commission having jurisdiction that would constitute conditions precedent to the performance by the Commission of its obligations under the Commission Documents and that can reasonably be obtained at this time have been obtained.

6. Except as disclosed in the Official Statement, no legal proceedings of which the Commission has received written notice are pending or threatened: (a) contesting or affecting the validity or authority for the issuance of the Series 2019A Notes or seeking to restrain or enjoin the issuance or delivery of the Series 2019A Notes; (b) contesting or affecting the operation of the Commission or the validity or enforceability of the Bond Resolution or any of the Commission Documents; (c) seeking to restrain or enjoin the collection of revenues pledged under the Bond Resolution that, if determined adversely to the Commission, would have a material impact on the Commission's collection of the revenues pledged under the Indenture, or the pledge thereof; (d) contesting the completeness or accuracy of the Official Statement; or (e) contesting the power of the officials of the Commission or their authority with respect to the Bond Resolution or the Commission Documents.

7. Based solely upon the examination that we have made in our role as counsel to the Commission, and without having undertaken to independently determine the accuracy, completeness or fairness of the statements contained in the Preliminary Official Statement or the Official Statement, but on the basis of our conferences with representatives of the Commission, its financial advisor, its bond counsel and your representatives, and upon our examination of the documents referred to in the Preliminary Official Statement and the Official Statement, nothing has come to our attention that has led us to believe that the Preliminary Official Statement, as of its date, or the Official Statement, as of its date and as of the date hereof, contained or contains any untrue statement of a material fact or omitted or omits to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. Notwithstanding the foregoing, no opinion or advice is hereby given with respect to the sections in the Preliminary Official Statement and the Official Statement titled "DESCRIPTION OF THE SERIES 2019A NOTES – Book-Entry System," "TAX MATTERS," "RATINGS," "FINANCIAL ADVISOR," "UNDERWRITER," the Appendices, or

other financial and statistical information and data included in the Preliminary Official Statement or the Official Statement.

J.P. Morgan Securities LLC
Wells Fargo Bank, National Association
Citigroup Global Markets Inc.

\$ _____
Hampton Roads Transportation Accountability Commission
Hampton Roads Transportation Fund
Intermediate Lien Bond Anticipation Notes, Series 2019A

Ladies and Gentlemen:

We have acted as underwriters' counsel to J.P. Morgan Securities LLC, as representative (the "Representative") of the underwriters (the "Underwriters"), in connection with the Underwriters' purchase of the above-captioned notes (the "Series 2019A Notes") pursuant to a Bond Purchase Agreement dated _____, 2019 (the "Agreement"), between the Hampton Roads Transportation Accountability Commission (the "Commission") and the Representative. Capitalized terms not otherwise defined herein shall have the meanings assigned to them in the Agreement.

In the course of our engagement, we have examined such law as we have deemed relevant and necessary as a basis for this letter and originals or copies, certified or otherwise, identified to our satisfaction, of records, documents, agreements, certificates and opinions relating to the Series 2019A Notes and required to be delivered pursuant to conditions of the Agreement regarding the transactions contemplated by the Official Statement dated _____, 2019 (the "Official Statement") relating to the Series 2019A Notes, and we have relied on the statements of fact contained therein and such opinions without independently verifying the truth or accuracy of such statements, opinions and other documents.

Based upon the foregoing, and subject to the qualifications, assumptions, and matters of reliance set forth herein, it is our opinion that, under existing law, (A) the Series 2019A Notes are exempt from registration under the Securities Act of 1933, as amended, and (B) the Indenture, as supplemented and amended, is exempt from qualification under the Trust Indenture Act of 1939, as amended.

We cannot and do not assume responsibility for or pass upon the accuracy, completeness and fairness of the statements contained in the Official Statement and make no representation that

we have independently verified the accuracy of such statements. As counsel to the Underwriters, we have participated with the Underwriters in discussions, meetings, and telephone conferences at which representatives of the Commission and Bond Counsel were at various times present. Based upon our participation in the above-mentioned conferences and such consultations (which did not extend beyond the date of the Official Statement) and subject to the foregoing, we state that, as of the date of the Official Statement, no information came to the attention of the attorneys in our firm rendering legal services in connection with such review which leads us to believe that the Official Statement, as of its date (except for Appendices A, B, C, D, E, F and G thereto, any financial statements, development plans, engineering, demographic, economic, and financial or statistical data and any statements of trends, forecasts, estimates and assumptions, and any expressions of opinion, including opinions as to the federal tax status of the Series 2019A Notes, and information concerning The Depository Trust Company and its procedures contained in the Official Statement and its appendices, as to which we express no view) contained any untrue statement of a material fact or omitted a material fact required to be stated therein or necessary in order to make the statements in the Official Statement, in light of the circumstances under which they were made, not misleading.

We are of the further opinion that the Continuing Disclosure Undertaking, dated _____, 2019, executed by the Commission in connection with the issuance of the Series 2019A Notes (“Continuing Disclosure Agreement”), meets the requirements of Rule 15c2-12 (the “Rule”) of the Securities and Exchange Commission and that the undertakings contained in the Continuing Disclosure Agreement provide a suitable basis for the Underwriters to reasonably determine that the Commission has undertaken to provide the information required to be provided in connection with the primary offering of the Series 2019A Notes pursuant to section (b)(5)(i) of said Rule; provided, however, we note that the Commission has covenanted in the Continuing Disclosure Agreement to provide certain information regarding the Commission, and our opinion is conditioned upon the obligation of the Commission to timely provide such information regarding the Commission. We do not opine upon the enforceability of the Continuing Disclosure Agreement and have relied upon the opinion of counsel to the Commission that the Continuing Disclosure Agreement has been duly authorized, executed, and delivered and constitutes a valid and binding obligation of the Commission.

We have not passed upon, and the foregoing is subject to, the validity of the Series 2019A Notes, the exclusion from gross income for federal income tax purposes of the interest on the Series 2019A Notes, and the exemption with respect to the Series 2019A Notes and the income therefrom from all Commonwealth of Virginia income tax, as to which we understand that the Underwriters are relying upon the opinion, dated the date hereof, of Kaufman & Canoles, a Professional Corporation, Richmond, Virginia.

We are issuing this letter to and for sole benefit of the Underwriters in connection with the Underwriters’ initial purchase and primary offering of the Series 2019A Notes. No person other than the Underwriters may rely upon this opinion without our express prior written consent. This letter may not be utilized by the Underwriters for any other purpose whatsoever and may not be quoted by the Underwriters without our express prior written consent, provided this letter may be contained in the Commission’s official record of proceedings for the issuance and sale of the Series

2019A Notes. Our engagement as counsel to the Underwriters terminates upon the Closing for the issuance and sale of the Series 2019A Notes on the date hereof.

We assume no obligation to review or supplement this letter or any opinion or advice contained herein, subsequent to the date hereof, whether by reason of a change in applicable law, by legislative or regulatory action or judicial decision or order, or for any other reason whatsoever. We are passing only upon the matters set forth herein and are not passing upon the accuracy, adequacy or completeness of any statement made in connection with any offer or sale of the Series 2019A Notes, except as specifically addressed above.

Very truly yours,

Major Projects Fact Sheet

Hampton Roads

Fall 2019

Hampton Roads will see more than \$1 billion in major projects, not including the Hampton Roads Bridge-Tunnel Expansion Project, completed by 2025. These improvements will significantly contribute to the economic growth and quality of life for those living in, and traveling through, the region. Once completed, the interstates will not only meet today's travel needs, they will have paved the way for our future.

I-64/I-264 Interchange Improvements *Phases I, II*

Phase I will bring major improvements that will increase capacity. The construction of a new two-lane flyover ramp from I-64 west to I-264 east and a new two-lane collector-distributor road on I-264 began in November 2016 and is due to be completed in fall 2019.

Phase II will extend the new collector-distributor road, reconfigure the south side of the Newtown Road and Witchduck Road interchanges, and build a flyover across I-264 to connect Greenwich Road south of the interstate with Cleveland Street on the north side. Construction began in early 2018 and is due for completion in fall 2021.

2. Project Accomplishments

2.1 Overview and Look Ahead

Milestones

The next major project milestone will be the completion of LNTP1 which is currently on track for September 25, 2019.

Project Management Plans

HRCP is currently developing Project Management Plans to support a timely, quality project delivery. The draft DQMP was approved this period. The Risk Management Plan is in development by HRCP.

Geotechnical Investigation

HRCP received approval on the Landside Geotechnical Exploration Plan. Landside drilling in Hampton started and drilling operations and laboratory testing for soil classification are ongoing. The layout of geotechnical boring sites, aerial target layout, and control survey were completed.

Environmental Permitting

Environmental permit coordination continues as discussions with the agencies are occurring weekly and monthly. The next scheduled monthly status meeting is July 28, 2019. Other planned agency meetings include the VPDES preapplication meeting on August 6, 2019, the HCA meeting on August 8, 2019, and the JPA page-turn meeting on August 20, 2019. A pile driving meeting was conducted with the agencies on June 28, 2019. HRCP presented the work plan for in-water pile driving activities, including methods, sound pressure level model, IHA/LOA approach, and mitigation methods. A pre-application meeting with relevant permit agencies was conducted on July 10, 2019 where HRCP presented the overall project and the full range of temporary and permanent environmental impacts estimated for the project. The pre-application meeting included the USACE, VDOT, VDEQ, VMRC, the Virginia Institute of Marine Science (VIMS), and NMFS. HRCP has completed drafts of several components of the JPA for which VDOT has provided review and comments. Revisions of those documents are currently underway. Each week, HRCP plans to submit to the Department an updated JPA schedule that details anticipated dates for the submittal of the draft of each component of the application and for other key tasks related to the JPA process.

Third Party Coordination

Post-award coordination with the U.S. Navy and the Federal Highway Administration (FHWA) started in April and is ongoing. Recognizing the importance of timely, appropriate coordination, HRCP is working to hire a “Navy Coordinator” in continuing to work through access and coordination matters. FHWA participates in weekly coordination meetings with VDOT and HRCP.

3. Project Schedule

3.1 Schedule Status

Baseline Schedule

The Baseline Schedule has been received from HRCP and is in the process of refinement. The current longest path for the project remains through the boring of the two new tunnels beginning with the design, permitting, and construction of the South Island Portal.

Permitting Schedule

The Project's Corps of Engineers, Virginia DEQ and VMRC permits will include multiple administrative documents, including the Coastal Zone Management (CZM) consistency determination, the USACE Section 404/10 permit, USACE Section 408 Coordination Letter, the VDEQ water protection permit, and the VMRC subaqueous land permit.

HRCP provided a comprehensive permitting schedule detailing the preparation, quality review, submission, and permitting processes for the above-referenced actions. A pre-application consultation with all the concerned agencies was conducted on July 10, 2019, while the full project's Corps of Engineers, Virginia DEQ and VMRC joint permit package is to be submitted on August 30, 2019.

HRCP's goal is to obtain the project permits from the Corps of Engineers, Virginia DEQ and VMRC agencies in Spring 2020. As part of this process, the project is scheduled to be ready for USACE Public Notice in September 2019.

Key Dates

The following table depicts key milestone dates outlined in the contract requirements. HRCP's submitted Baseline Schedule reflects the early stages of HRCP's planning sequence and will be substantially refined and further detailed as the design advances. This table will be updated to reflect these dates and used as a benchmark to track milestone achievements.

Key Dates	Contract Requirement	HRCP Preliminary Baseline Schedule	HRCP Baseline Schedule	Actual
LNTP1		April 12, 2019	April 12, 2019	April 12, 2019
LNTP2		September 29, 2019	September 29, 2019	
LNTP3		October 23, 2019	October 9, 2019	
NTP		October 10, 2020	October 10, 2020	
Substantial Completion	September 1, 2025	June 27, 2025	July 16, 2025	
Final Completion	November 1, 2025	November 1, 2025	November 1, 2025	

3.2 Longest Path

The longest-path activities for the Project schedule include:

- Construction of the South Island launching pit for the Tunnel Boring Machine (TBM)
- Design of South Portal
- Bored tunnel design
- TBM mining of the new tunnel
- Finishes in the tunnels
- Commissioning and integration tests for the tunnel

3.3 Impact Analysis

Several elements of work are near-critical and could affect Project progress if they are not addressed diligently. The Department and HRCP are closely monitoring these activities. The following work elements have been identified as near critical with less than one month of float:

- JPA Process

- Design and construction of permit-dependent structures at Oastes Creek and Bay Avenue
- Spaceproofing report for the TBM
- Manufacturing tunnel segments

Achieving the public-notice milestone for the project's joint permit application will allow LNTP2 and LNTP3 to be issued. LNTP2 enables procurement of the TBM, while LNTP3 allows commencement of construction work for the launching pit and ground improvement on South Island. Receipt of the project's Corps of Engineers, Virginia DEQ and VMRC permits will allow full NTP for the Project.

4. Budget and Cost

5. Environmental Management

During the previous period, HRCP submitted an application for the project's Corps of Engineers, Virginia DEQ and VMRC permits on May 28, 2019 for the supplemental marine geotechnical exploration program. The Corps of Engineers continues to review of this application with the intent to provide Section 408 approval and authorization of the exploratory work under Nationwide Permit 6 (Survey Activities). The VMRC Subaqueous Lands permit has been issued.

Other accomplishments included holding the monthly regulatory agency meeting to present preliminary information on the project. The goal of these monthly meetings is to identify key issues raised by the regulatory agencies, which can then become a focal point for HRCP during the upcoming months as they prepare the project's primary Corps of Engineers, Virginia DEQ and VMRC permits covering the roadway, bridge, and tunnel construction elements. HRCP continues to develop their methodology for assessing existing habitat conditions, especially those around the North and South Islands since the majority of the project's marine impacts will be located in these areas.

HRCP conducted an agency meeting concerning pile driving, sound pressure levels, and marine mammal populations, on June 28, 2019. HRCP sought input from the agencies on the sound propagation model and planned approach to obtaining an IHA and LOA. On July 10, 2019, HRCP also conducted a JPA pre-application meeting with the various agencies that will be approving or commenting on the permit application. During the meeting HRCP provided details concerning wetland and subaqueous impacts, dredging, and HCA.

6. Operations

Field activities continued this period to support scope validation efforts. Shoulder closures were performed for geotechnical exploration, survey, and utility locating.

Installation of instrumentation on existing structures began this period to provide a baseline for monitoring normal tunnel conditions prior to the commencement of construction activities. The existing EB tunnel and buildings on the islands are being monitored as part of the initial baseline. This work required the first lane closures for the project. Weeknight lane closures were performed in the EB tunnel to facilitate the installation of monitoring equipment on the tunnel and approach walls.

A weekly coordination call with the Hampton Roads Harbor Tunnels (HRHT) Facility Manager, who is responsible for operations at the HRBT, was established in order to communicate ongoing project work as well as coordinate upcoming planned work at the facility.

The weekly coordination meeting between VDOT and HRCP continues in order to provide a lookahead of upcoming field activities and ensure concurrent activities are properly coordinated. All field work and traffic impacts are being reported through VDOT's Lane Closure Advisory Management System (LCAMS), which provides a method to coordinate traffic operations across the region.

7. DBE & SWaM Business Activities

VDOT and HRCP met during this period to establish the DBE/SWaM contracting goal of \$394 million for the HRBT Expansion Project. The team reviewed potential opportunities and work items specific to the scope of the project.

HRCP submitted the DBE/SWaM Utilization Plan detailing its methods for meeting and exceeding the 12% DBE and 20% SWaM participation goals. The plan also included reporting requirements and procedures that document on-going participation, schedules, subcontracts, change orders, and vendor payments. The quarterly plan also outlines HRCP's procedures for ensuring compliance with Equal Opportunity and Affirmative Action requirements for the Design-Builder and its subcontractors.

On July 3, Commissioner Stephen Brich, Jim Utterback, Sandra Norman, and Queen Crittendon attended Governor Ralph Northam's signing of Executive Order 35, which establishes goals and programs aimed at expanding opportunities for Virginia's small, women, minority and service disabled veteran-owned businesses. The HRBT Expansion Project was highlighted for the impact it will have on economic development in the region. Deputy Secretary of Administration Grindly Johnson also supported the event.

The HRBT Civil Rights Workgroup met on July 15 to discuss DBE/SWaM opportunities as the project progresses, required document submittals, and other upcoming small business networking events in the region.

VDOT and HRCP continued to meet with small businesses one-on-one to discuss business opportunities and to assist firms in navigating the DBE/SWaM certification process and prequalification requirements.

VDOT and HRCP began to disseminate registration information for the DBE/SWaM Outreach Event scheduled for September 11 at the Hampton Convention Center. Attendees will learn more about the project and opportunities available, meet key project decision makers, and network with other project stakeholders and HRCP community partners.

8. Public Outreach

HRBT Project Director Jim Utterback, Deputy Project Director Pete Reilly and Communications Manager Paula Miller met with Hampton Roads Transit officials on July 18, 2019 to discuss possible public transit opportunities for motorists while work on the HRBT Expansion project is underway. The meeting came at the request of HRT and was attended by HRT CEO William Harrell, Chief of Staff Brian Smith, and Chief Planning and Development Officer Ray Amoruso. HRT officials received input on key employers in the work corridor who may benefit from mass transit coordination for employees. VDOT will coordinate future public outreach with traffic management programs like TRAFFIX, which aims to reduce the number of commuting vehicles on roadways.

9. Project Media

HRBT Expansion Project Director Jim Utterback was a guest on Hampton City Channel 47 on July 18, 2019. Robin McCormick, Communications Strategist for the city, interviewed Utterback for her program, “Round Robin,” which explores topics of interest to Hampton residents. McCormick says potential traffic impacts and lane closures are of paramount concern to Hampton residents. The segment will air as part of daily programming on Channel 47 and will be featured on the city’s YouTube playlist. Utterback told McCormick that project officials are willing to appear on the show throughout the life of the project to provide project updates to be shared with the city and its citizens.

HRBT Expansion Fact Sheet

OVERVIEW

Congestion relief is on its way for Hampton Roads with the awarding of the Hampton Roads Bridge-Tunnel Expansion contract. It is the largest construction project in Virginia's history. Including the construction contract, owner's costs and contingency, the project's total budget is \$3.8 billion, making it one of the largest infrastructure projects in the country.

The current I-64 Hampton Roads Bridge-Tunnel (HRBT) is a 3.5-mile facility with two 2-lane immersed-tube tunnels connecting artificial islands, with trestle bridges to shore. The tunnels are approximately 7,500 feet long. Traffic through the facility exceeds 100,000 vehicles per day during peak summer traffic. This corridor is one of the most congested in the region.

The project, expected to be completed by November 2025, will widen the four-lane segments of the I-64 corridor in the cities of Hampton and Norfolk. Twin two-lane bored-tunnels will be built west of the existing eastbound tunnel; current eastbound and westbound tunnels will accommodate all westbound traffic upon completion of the project.

The massive project is made possible through unprecedented regional cooperation. In April 2019, the Commonwealth of Virginia signed a Project Agreement for Funding and Administration (PAFA) with the Hampton Roads Transportation Accountability Commission (HRTAC), and a Comprehensive Agreement with Hampton Roads Connector Partners (HRCP), the Design-Build team that will complete the 10-miles of expansion work.

Project Budget:

- \$3.8 billion

Design-Build Timeline:

- Majority of construction will occur from late 2020 to 2025

Completion:

ABOUT THE HRBT

The Hampton Roads Bridge-Tunnel debuted in November 1957 as the first ever crossing built between two man-made islands. The three-and-a-half mile bridge-tunnel runs between the cities of Hampton and Norfolk, and unites the Peninsula and Southside Hampton Roads. The bridge-tunnel was expanded to include an eastbound tunnel in 1976. The bridge-tunnel is being

expanded, again, to alleviate the average daily six-mile commuter backups and to accommodate more than 100,000 vehicles that use the crossing during the peak summer season.

Re: I-64 Regional Express Lanes Update

Background:

During the July HRTPO Board meeting, VDOT Commissioner Stephen Brich provided an update on the I-64 Regional Express Lanes. The update, based on traffic data for the year 2025, summarized the expected impacts on the I-64 corridor with and without a seamless express lanes network. Mr. Brich noted that VDOT staff would continue to refine the analysis and would be coordinating with HRTPO and HRTAC over the next few months with the goal of reaching a regional decision on an express lanes network by November 2019 as HRTAC and VDOT would be finalizing its negotiations on the Master Tolling Agreement.

HRTPO staff followed up with a proposal to provide additional information to assist in reaching the regional decision on express lanes by using the HRTPO Travel Demand Model to predict the effects of an express lanes network on the I-64 corridor 20 to 25 years into the future. HRTPO and VDOT staff agreed to coordinate on the effort and provide preliminary results at a Concurrent HRTAC-HRTPO Board meeting on September 19, 2019.

To help clarify various aspects, terminology, and timelines related to express lanes in Hampton Roads, HRTPO and HRTAC staff prepared a set of Frequently Asked Questions (FAQs) along with corresponding answers (attached).

VDOT, HRTPO and HRTAC staff will brief and discuss the HRTAC & HRTPO Boards on this item.

RECOMMENDED ACTION:

Following these briefings, the HRTAC and HRTPO Boards are requested to provide feedback to VDOT, HRTPO, and HRTAC staff on any additional capacity, cost, and revenue analysis that would be helpful to the Boards in reaching a regional decision on an express lanes network.

The Virginia Department of Transportation is performing an operational analysis of a proposed Express Lanes System in Hampton Roads. This information sheet answers some frequently asked questions (FAQs) regarding express lanes in Hampton Roads.

1. What is the difference between a High Occupancy Vehicle (HOV) lane and a High Occupancy Toll (HOT) lane?

HOV lanes are managed lanes that can only be used by high occupancy vehicles during restricted periods – typically the morning and evening peak traffic periods. For instance, if a lane is classified as HOV-2, there must be at least two people in the vehicle to legally use the lane.

HOT lanes are managed lanes that allow non-high occupancy vehicles to use the lane during restricted periods for a fee. As an example, if a lane is classified as HOT-2, all vehicles with two or more persons can use the lane for free, but single occupancy vehicles must pay a toll using EZ-Pass.

The goal of HOT lanes is to provide drivers an option during peak travel times when congestion is highest. The more drivers that move into the HOT lanes, the better traffic will flow in the free general purpose lanes.

2. What does the Elizabeth River Crossing Agreement with VDOT say about HOT lanes and improvements to the High Rise Bridge and Hampton Roads Bridge Tunnel (HRBT)?

The agreement notes that the construction of additional general purpose lanes on I-64 between I-464 and Bowers Hill, including the High Rise Bridge, is a compensation event – indicating that the addition of only HOT lanes in this segment would not trigger a compensation event. However, with regard to the HRBT, the agreement indicates that any capacity improvement could trigger a compensation event.

Any compensation determined to be owed to ERC would be the responsibility of VDOT.

3. Are HOT lanes planned for the High Rise Bridge and/or the HRBT projects?

HOT lanes are included in the High Rise Bridge project that is currently under construction. This project will include one HOT and two general purpose lanes – a total of three lanes in each direction – along I-64 between I-464 and Bowers Hill. In addition, the shoulders in part of the project area will be managed as part of the HOT Network to carry traffic during peak travel periods, providing four lanes in each direction during peak traffic hours.

The HRBT project will include one HOT and two general purpose lanes in each direction along I-64 between Settlers Landing Road in Hampton and the I-564 interchange in Norfolk. The project will include HOT shoulder lanes in the project area that will be available to carry traffic during peak periods, providing four lanes in each direction during peak hours.

4. What is the current position of the Hampton Roads Transportation Planning Organization (HRTPO) on HOT lanes?

On July 20, 2017, the HRTPO Board approved a resolution endorsing the concept of a HOT Regional Express Lanes Network along I-64, to run between I-664 in Hampton and Bowers Hill in Chesapeake. The resolution indicated that revenues generated from the HOT Network would be returned to HRTAC to fund improvements along the corridor.

The HRTPO staff, at the direction of the Board, is assessing the effectiveness of the HOT Network in 2045. Results will be discussed in the Fall of 2019

5. Is toll revenue from the High Rise Bridge and HRBT projects included in the Hampton Roads Transportation Accountability Commission (HRTAC) Plan of Finance?

Yes. The HRTAC funding plan for the HRBT project includes \$345 Million (in 2019 dollars) of revenues to be provided by tolls collected in the HOT lanes at the High Rise Bridge and HRBT projects.

6. What is the potential advantage of HOT lanes to the region?

Since it is unlikely the region will be able to build its way out of congestion, it is prudent to consider ways to better manage the roadway system. An interconnected managed lanes network would provide a reliable travel time option. If the managed lanes are HOT lanes, non-high occupancy autos will have the option of paying to use the less crowded HOT lanes during congested periods, while high occupancy vehicles will continue to be able to use lanes for free. Meanwhile, for every driver that moves over to the HOT lane, travel time will be improved for drivers in the free general purpose lanes. There will always be a free option for drivers to utilize along the entire network.

7. What are the important decision points for the region to make regarding a regional express lanes network?

- Where should the Express Lanes Network begin on the Peninsula? (i.e. Mercury or Jefferson?)
- Should additional improvements be planned for the Hampton River Bridges?
- Should direct connector ramps be planned at the I-564 Interchange to facilitate managed lane traffic movements to and from Naval Station Norfolk?
- Does the Region support adding part-time HOT shoulder lanes adjacent to the reversible HOT lanes between the I-564 and I-264 interchanges to allow HOT lanes to run in both directions all day?
- Should the existing HOV lanes between I-264 and I-464 be converted to HOT lanes?
- How should investments to provide a Regional Express Lanes Network be funded?

8. What is the schedule for upcoming meetings to discuss these issues?

The HRTAC Board will need to sign a Comprehensive Tolling Agreement at its December 2019 meeting to allow the HRBT project to proceed on schedule. A time line of meetings leading to this decision point is provided below:

- **September 19, 2019** – HRTPO and VDOT present preliminary modeling results for the proposed Express Lanes Network at the concurrent HRTAC-HRTPO Board meetings
- **October 17, 2019** – HRTPO and VDOT present refined modeling results to HRTPO Board
- **November 21, 2019** – HRTPO Board meeting
- **December 12, 2019** – HRTAC meeting - deadline for approval of Tolling Agreement.
