AHAC and Hazard Mitigation Working Group,

Just a few reminders regarding the Hazard Mitigation Plan:

1. **Please document all time spent on the Hazard Mitigation Plan.** We are currently very short on meeting the match for this grant. In-kind contributions are documented at the link below. You can document work completed at an earlier date.

https://docs.google.com/forms/d/e/1FAIpQLSf-e56e0mCFTfrpMh6GA4DiDDBCleduxOzMF0T3j5r44G_TzQ/viewform

2. The 2nd Public Meeting is scheduled for July 29, 5:00pm. The Flyer is attached. **Please advertise this meeting locally and upload documentation of the advertisement to MS Team or email to me.**
3. A Hazard Mitigation workshop has been scheduled for July 27, 9:30am to go over the updated Hazard Identification and Risk Assessment. You should have already received a calendar invite for the workshop. If not, please let me know. **Please forward the invite to interested stakeholders (or give me their email and I will do so).** This can be people you work with in any capacity, such as neighborhood associations, professional associations, or CERT members. Could be citizens, environmental groups, representatives of large corporations in your jurisdiction, or hospital system representatives. Could be Federal or state agency representatives, higher education administrators, or the American Red Cross. If they choose to participate we'd welcome their input!

CHESAPEAKE

Rev. Dr. Brenda Boone-Smith & Higher Praise Community Choir held a Fourth of July Drive In Gospel Concert on Saturday, July 31st at The Hope Center in Chesapeake. The event featured some of the top gospel artists and musicians in the Hampton Roads and the Mid-Atlantic areas.

Gospel vocalists Amelia Sears Goodman and Linda Porter kicked off the event.

The Word Singers, Norfolk's Elder Ronald Harper & the Harmonizing Echoes of Chesapeake continued the worship and praise with renditions of their favorite pieces in the Hampton Roads area.

The concert's headliners featured Frankie Davis and the Legendary Soul Stirrers, Chicago, IL's Rev. Thomas Spikes, the Brooklyn Allstars, Brooklyn, NYC, and Rev. Luther Barnes & the Sunset Jubilaires of Rocky Mount, NC.

A National Gold Album Award was presented to Rev. Luther Barnes & the Sunset Jubilaires for their excellence in the performance of gospel music. The award was given by Mr. Andrew Steinberg, President of

the National Gold Album Awards of Santa Monica, California, through Mr. David Steinberg, who works with Mr. Steinberg in honoring artists through their record companies.

Mrs. Hemphill worked for Higher Praise Community Choir, Channel 7 for 18 years until the company transferred to NYC and she worked for 20th Century Fox Studio Motion Pictures for 20 years. Some of the movies made in Mrs. Hemphill's employ included The Titanic, Denzel Washington's Eddie Murphy, Forest Gump, Arnold Schwarzenegger, Beverly Hills Cop, Sidney Poitier, Rambo, & several others.

Last year, the annual Harry concert, which is typically held in February, was cancelled due to the pandemic.

Rev. Brenda Boone-Smith's sister, Anna Sears Goodman, and Brother Donald L. Eason acknowledged the passing of loved ones due to COVID-19, with specific recognitions given for 20 years of the passing of Rev. William T. Smith, the husband of Rev. Brenda Boone-Smith and local gospel concert promoter Billie B. Hinkle.

Public input needed for 2022 Hampton Roads Hazard Mitigation Plan

The Hampton Roads Planning District Commission's mitigation plan addresses threats to the area and helps it in federal grant applications.

Planning District Commission Needs Input for Hazard Mitig...

VIRGINIA BEACH, Va. — The [Hampton Roads Planning District Commission](#) (HRPDC) closely is watching how Tropical Storm Elsa will impact the region.

In [2017](#), the organization identified coastal storms as one of the greatest risks to Hampton Roads as part of its hazard mitigation plan. Other primary threats included flooding, tropical storms, sea-level rise, and tornadoes.

"The purpose of the plan is to, obviously, is to save lives and properties. We want to document and have a thorough understanding of the risks facing Hampton Roads and how we can mitigate those threats and risks," said HRPDC Regional Emergency Management Administrator John Sandler.

Sandler said the plan is updated every five years. New information is added based on the timing of a natural disaster.

HRPDC wants the public's input on other hazards that could impact communities for the commission's [2022 Hampton Roads Hazard Mitigation Plan](#).

“Nobody wants to be surprised or not know what to do when the storm is coming, so identifying those strategies to mitigate the risk for an event such as Tropical Storm Elsa is going to be an intricate part of that hazard mitigation plan,” said Sandler.

Sandler said once the new plan is complete, it will allow the commission to apply for federal grants. It also provides city leaders inclusion in the Community Rating System.

“It’s a voluntary program that FEMA puts on that localities can kind of go one step further than the minimum requirements to reduce their flood vulnerability and that lowers the flood insurance rates in localities,” said Sandler.

The [second public meeting](#) for the Hampton Roads Hazard Mitigation Plan will be done as a virtual forum. It’s scheduled for July 29, and anyone can register by clicking [here](#).

Sandler said the 2022 Hampton Roads Hazard Mitigation Plan has to be approved by all cities involved, the Virginia Department of Emergency Management, and FEMA before it can be finalized.

Hampton Roads Economic Monthly: ***School's out! But who was "IN" for 2020?***

Now that school's out for summer in Hampton Roads, we dug into the Virginia Department of Education's Fall enrollment data to understand the impact COVID-19 may have had on students in the region.

Many states, including Virginia, reported declines in public school enrollment for the Fall of 2020. From 2019 to 2020, Fall enrollment overall in Hampton Roads declined by over 4.5%, while public school enrollment in the same time period in Virginia declined by nearly 3.5%. Overall Fall public school enrollment in Hampton Roads has been declining for the past 15 years at roughly 0.5% per year, so a slight decline would not have been out of the ordinary, but this was over eight times the 15-year average annual rate of decline. Other states in the Southeast experienced similar declines in enrollment, with North Carolina experiencing 4% decline, Maryland at 3%, South Carolina at 2.6%, and the District of Columbia showed a 1% decline in enrollment during 2020.

Regional Transportation Plan Adopted

As the federally designated Metropolitan Planning Organization for Hampton Roads, the Hampton Roads Transportation Planning Organization (HRTPO) is required to develop and maintain a Long-Range Transportation Plan (LRTP), which serves as the region's transportation blueprint. On June 17, 2021, the HRTPO adopted the 2045 LRTP to help guide multimodal transportation investments for the region over the next twenty-four years.

Hampton Roads 2045 Rural Long-Range Transportation Plan Kickoff

With the recent adoption of the Hampton Roads 2045 Long-Range Transportation Plan (LRTP) for the metropolitan areas of the region, the Hampton Roads Transportation Planning Organization (HRTPO) is kicking off the update to the rural version of the LRTP. Over the next couple of months, HRTPO staff will be collaborating with rural area stakeholders and the public on developing the Rural Long-Range Transportation Plan (RLRTP) for the horizon year of 2045 that specifically covers the City of Franklin and Southampton County.
