HB2184	Pandemic Remediation Task Force established. Establishes the 22-member Pandemic Remediation Task Force (the task force) as an advisory task force in the executive branch of state government, to be administered by the Department of Education, for the purpose of making recommendations on strategies for improving public education in the Commonwealth in response to the COVID-19 pandemic that can be implemented in each region and local school division in order to achieve a measure of uniformity in such improvements across the Commonwealth. The bill requires the task force to (i) develop recommendations for policies and funding that would assist public elementary and secondary school students impacted by school closures and the remote learning environment during the COVID-19 pandemic to adequately obtain core educational material that they may not have otherwise successfully retained during the course of such pandemic; (ii) develop a uniform strategy for public elementary and secondary schools to effectively identify students in need of remediation as a result of the COVID-19 pandemic and provide remediation coursework and resources to such students; (iii) consider the impact of the COVID-19 pandemic on student achievement gaps and make recommendations on the interventions and additional services, such as tutoring, mentoring, and services from private educational service providers, that may be necessary to ensure that such gaps do not widen further beyond pre-pandemic levels; and (iv) submit to the Governor and the General Assembly, no later than December 1, an annual report on its work. The task force has a sunset date of July 1, 2024.	Wilt	1/22/21: House - Subcommittee recommends laying on the table (5-Y 3-N)
HB2251	Emergency Services and Disaster Law; Commissioner of Health; emergency orders and regulations; limitations; civil penalty. Provides that neither the Board of Health nor the Commissioner of Health shall make any emergency order or regulation unless, on the basis of the evidence available to the Board, (i) such order or regulation is necessary to suppress a nuisance dangerous to the public health or a communicable, contagious, or infectious disease or other danger to the public life and health; (ii) no alternatives to the proposed order or regulation that are reasonable in light of the impact on quality of life and economic well-being exist; and (iii) the provisions of such order or regulation are narrowly tailored to address the nuisance dangerous to the public health or a communicable, contagious, or infectious disease or other danger to the public life and health. The bill also provides that the Governor shall not issue any emergency rule, regulation, or order unless, on the basis of the evidence available to the Governor, (a) such rule, regulation, or order is necessary to address a compelling circumstance; (b) no alternatives to the proposed rule, regulation, or order that are reasonable in light of the impact on quality of life and economic well-being exist; and (c) the provisions of such rule, regulation, or order are narrowly tailored to address the compelling circumstance. HB1855	Department of Mines, Minerals and Energy. Renames the Department of Mines, Minerals and Energy as the Department of Energy. Within the Department, the bill renames the Division of Mined Land Reclamation as the Division of Mined Land Repurposing and renames the Division of Energy as the Division of Renewable Energy and Energy Efficiency. The bill makes substantive changes, removing the requirement that the Chief of the Division of Mines be appointed by the Governor and authorizing an employee other than the Virginia Gas and Oil Inspector to serve as the principal executive of the staff of the Virginia Gas and Oil Board. The bill also provides that the Chief Clean Energy Policy Advisor shall be appointed by the Governor. The bill removes or updates outdated language, changing the title of the head of the Division Mined Land Repurposing from Commissioner to Director and changing the identity of the division overseeing permits for certain mining operations from the Division of Mined Land Repurposing to the Division of Mineral Mining.	Sullivan	1/19/21: House - VOTE: Passage (69-Y 30-N) 1/20/21: Senate - Referred to ACNR
HB1859	Local financing of clean energy and other programs; when owner costs are incurred. Changes the parameters for local ordinances authorizing loan contracts for the installation by property owners of clean energy, resiliency, or stormwater management improvements. The bill provides that if the property owner incurred the costs of improvements to be refinanced or reimbursed within the two years prior to the closing date of the financing, the loan amount may include the total costs of the improvements to be refinanced or reimbursed. The bill removes the requirement that the applicable local ordinance include the proposed interest rate for the loan program and the maximum aggregate dollar amount that may be financed with respect to a property, and it provides that no loan offered under the program shall be used to improve a residential dwelling that contains fewer than five dwelling units or a residential condominium. The bill alters the fee options available to the locality and provides that the placement of a voluntary special assessment lien does not require a new assessment of the value of the real property. The bill contains technical amendments.	Guy	1/20/21: House - VOTE: Passage (61-Y 38-N) 1/21/21: Senate - Referred to Local Government
HB1919	Local green banks. Authorizes a locality, by ordinance, to establish a green bank to promote the investment in clean energy technologies in its locality and provide financing for clean energy technologies, defined in the bill. The bill establishes certain powers and functions of a green bank, including developing rules and procedures, financing and providing loans for clean energy projects, and stimulating demand for renewable energy. The bill requires the green bank to be a public entity, quasi-public entity, or nonprofit entity and requires the locality to hold a hearing and publish notice in a newspaper of general circulation prior to establishing the green bank. HB1925	Virginia Brownfield and Coal Mine Renewable Energy Grant Fund and Program; handbook. Establishes the Virginia Brownfield and Coal Mine Renewable Energy Grant Fund and Program (the Fund and Program). The bill provides that no allocation of funds shall be made to the Fund or Program unless federal funds are available to cover the cost of such allocation. The Fund and Program shall be administered by the Department of Mines, Minerals and Energy for the purpose of awarding grants to renewable energy projects that are located on brownfields or previously coal mined lands, both defined in the bill. Grants are to be awarded on a basis of \$500 per kilowatt of nameplate capacity from renewable energy sources that are located on previously coal mined lands and \$100 per kilowatt of nameplate capacity from renewable energy sources that are located on brownfields. HB1937	Green New Deal Act. Establishes a moratorium, effective January 1, 2022, on approval by any state agency or political subdivision of any approval required for (i) electric generating facilities that generate fossil fuel energy through the combustion of a fossil fuel resource; (ii) import or export terminals for fossil fuel resources; (iii) certain maintenance activities relating to an import or export terminal for a fossil fuel resource; (iv) gathering lines or pipelines for the transport of any fossil fuel resource that- require the use of eminent domain on private property; (v) certain maintenance activities relating to such gathering lines or pipelines; (vi) refineries of a fossil fuel resource; and (vii) exploration for any type of fossil fuel, unless preempted by applicable federal law. The measure also requires that at least 80 percent of the electricity sold by a retail electric supplier in calendar years 2028 through 2035 be generated from clean energy resources. In calendar year 2036 and every calendar year thereafter, 100 percent of the electricity sold by a retail electric supplier is required to be generated from clean energy resources. The clean energy mandates apply to a public utility or other person that sells not less than 1,000 megawatt hours of electric energy to retail customers or generates not less than 1,000 megawatt hours of electric energy for use by the person. The Director of the Department of Mines, Minerals and Energy is authorized to bring actions for injunctions to enforce these requirements. The measure requires the Department to adopt a Climate Action Plan that addresses all aspects of climate change, including mitigation, adaptation, resiliency, and assistance in the transition from current energy sources to clean renewable energy. The measure provides that any retail electric supplier that fails to meet any goal or benchmark is liable for a civil penalty equal to twice the cost of the financial investment necessary to meet such goal or mandate that was not achieved, or three times the cost of the financial investment necessary to meet such goal or benchmark that was not achieved if not met in an environmental justice community. HB2023	Solar and wind farms; reporting of acreage by locality. Requires each locality to provide to the Department of Mines, Minerals and Energy information about the amount of land formerly in production agriculture or silviculture that has been approved for development into or has been developed into solar or wind farms. The bill requires the Division of Energy to establish a database to collect and maintain figures on the amount of land formerly in production agriculture or production silviculture that has been approved for development into or has been developed into solar or wind farms. The bill also requires localities, in adopting ordinances for and approving the development of solar and wind farm projects, to consider certain effects of such projects. HB2201	Solar and energy storage projects; siting agreements throughout the Commonwealth. Expands existing provisions related to siting agreements for solar projects located in an opportunity zone to include energy storage projects and makes the provisions statewide. The bill provides that its provisions shall not apply to any energy storage project that has received zoning and site plan approval, preliminary or otherwise, from the host locality before January 1, 2021. The bill also provides that its provisions shall not become effective with respect to energy storage projects unless the General Assembly approves legislation that authorizes localities to adopt an ordinance for taxation of energy storage projects such as solar projects with a local option for machinery and tools tax or solar revenue share. The bill further provides that a locality may grant a special exception for an energy storage project.	Jones	1/27/21: House - Vote - Passage (71-Y 29-N)
HB2265	Regulation of electric utilities; development of renewable energy facilities; powers of Air Pollution Control Board; powers of State Corporation Commission. Repeals provisions (i) requiring the Air Pollution Control Board to adopt regulations to reduce carbon dioxide emissions from any electricity generating unit in the Commonwealth and authorizing the Board to establish an auction program for energy allowances; (ii) prohibiting the State Corporation Commission from approving any new utility-owned generation facilities that emit carbon dioxide as a by-product of energy generation, in certain circumstances; (iii) declaring that statutory allowances for energy derived from sunlight, onshore wind, offshore wind, and storage facilities are in the public interest; and (iv) relating to the development of solar and wind generation and energy storage capacity, development of offshore wind capacity, and generation of electricity from renewable and zero carbon sources. The bill provides that planning and development activities for new nuclear generation facilities are in the public interest. SB1210	Environmental permit fees. Directs the Virginia Waste Management Board to adopt regulations to collect from any person operating certain facilities permitted for the disposal, storage, or treatment of nonhazardous solid waste such annual fees as are necessary to provide funding for the total direct costs of the nonhazardous solid waste management program when aggregated and combined with other existing fees. The bill also directs the State Water Control Board to adopt regulations specifying permit maintenance fees that each permitted facility shall pay to the Board for certain water quality or withdrawal permits. The bill requires the fee amounts to be set at an amount that is necessary to collect no less than 40 percent and no greater than 50 percent of the direct costs required for the administration, compliance, and enforcement of such permits. The bill contains enactment clauses that (i) direct the relevant Boards to adopt such regulations by January 1, 2022, and (ii) provide for the expiration of existing provisions for similar permit fees contingent upon the adoption of such regulations. SB1100 168#2a	VIMS - Manage Aquatic Diseases. This amendment provides funding for science-based guidance on the management of existing and emerging disease threats to critical fishery and aquaculture resources in the Commonwealth and Chesapeake Bay region. This initiative was funded in the 2020 General Assembly Session but subsequently unallotted. Recent outbreaks of disease have damaged economically important and ecologically sensitive marine resources in the Commonwealth and nation. The pathogens responsible for these outbreaks are not well known, their risks to marine life and potential to spread remain poorly understood, and their ecological impacts have been difficult to assess with existing resources. To meet the challenge of diseases in marine systems, this initiative will provide science-based guidance on the management of existing and emerging disease threats to critical fishery and aquaculture resources in the Commonwealth and Chesapeake Bay region. SB1100 168#3s	VIMS - Restore Saltwater Fisheries Surveys. This amendment provides funding to provide scientific data for the management of saltwater fisheries in the Commonwealth. This initiative was funded in the 2020 General Assembly Session but subsequently. Long-standing VIMS fisheries surveys have provided scientific data for the management of saltwater fisheries in the Commonwealth of Virginia. Recent reductions in state and federal funds resulted in dramatic cuts in five of the most crucial surveys. Failure to restore the necessary funding will require elimination of one of more of these surveys and an ensuing lack of key data to support fisheries management. In some cases, this would put Virginia out of compliance with the AFMSC requirements, jeopardizing the Commonwealth's quota for several important migratory fishes.	Mason	Member Request

SB1274	Government planning; wildlife corridors. Directs various agencies to consider and incorporate, where applicable, wildlife corridors and any recommendation of the Wildlife Corridor Action Plan. The bill directs the Department of Wildlife Resources to assist state agencies and political subdivisions, and by request any federal agency, in considering and incorporating, where applicable, wildlife corridors and the recommendations of the Plan when developing any governmental strategic plan, map, or action.	Marsden	1/25/21: Senate - Read third time and passed (29-Y 10-N)
SB1298	Tourism improvement districts. Authorizes any locality to create a local tourism improvement district plan, consisting of fees charged to businesses and used to fund tourism promotion activities and capital improvements. Under the bill, the locality is authorized to contract with a nonprofit entity to administer the activities and improvements.	Bell	1/28/21: Senate - Read second time and engrossed
SB1398	Retail sales and transient occupancy taxes on room rentals. Provides that retail sales and hotel taxes on transient room rentals shall be computed on the basis of the total charges or the total price paid for the use or possession of the room. For those cases in which a hotel or similar establishment contracts with an intermediary to facilitate the sale of the room and the intermediary charges the customer for the room and such facilitation efforts, the bill requires the intermediary to separately state the taxes on the bill or invoice provided to the customer and to collect the taxes based upon the total charges or the total price paid for the use or possession of the room. The bill provides that tax revenue attributable to the charge for the service provided by the intermediary, whether accruing to the state or a locality, shall be dedicated to tourism promotion. 2021 General Assembly Session - Summary of HRPDC-Related Bills and Budget Amendments
January 29, 2021

Bill	Summary	Patron	Status
SB1100 114#6s	Restore Additional Support for Planning District Commissions. This amendment would provide an additional \$294,000 the second year from the general fund to provide each of the 21 Planning District Commissions with an increase of \$14,000 per year. The 2020 Appropriation Act provided this amount in both years of the biennium; however, the increase was unallotted due to COVID-19 impacts to the state budget.	Marsden	Member Request
SB1100 385#3s	Underwater Archaeology. This amendment funds one full-time underwater archaeologist and one part-time archaeologist to assess the effects of state projects on 1,142,000 acres of submerged state lands. This funding was approved during the 2020 Session and subsequently unallotted	Surovell	Member Request
