AGENDA
MEETING OF THE
REGIONAL STORMWATER WORKGROUP
August 15, 2018
9:30 A.M.

1. **Meeting Summary**

A summary of the July 18, 2018 meeting is attached for your information.

Attachment: 1A_MtgNotes_SW Workgroup_18Jul18

2. **Chesapeake Bay Program (CBP)**

Dr. Filippino will provide a status update on the Chesapeake Bay Program including Phase III WIP Planning and new BMPs, conservation landscaping and boater pump out.

3. **Regional Water Quality Monitoring Program (RWQMP)**

Dr. Filippino prepared the FY18 annual report on the RWQMP based on the presentation delivered by Mr. Aaron Porter (USGS) at the July 18, 2018 Regional Stormwater Workgroup meeting. The next steps will include reviewing the new scope of work, updating the MOA between the Phase I MS4 localities and the HRPDC, and reviewing the budget.

4. **Phase II MS4 Regional Program Plan - Draft Template**

The existing MS4 General Permit (GP) was administratively continued, and the new GP is expected to be approved by the State Water Control Board at their August 21, 2018 meeting. Ms. Sunderland developed the attached draft of the Regional Program Plan template based on the most recent version of the new permit.

5. **BMP Clearinghouse - Manufactured Treatment Devices (MTDs)**

The BMP Clearinghouse Committee is hosting a brainstorming session on September 13, 2018 from 10:00am to 3:00pm to help DEQ develop an outline for creating a more permanent process for evaluating MTDs. In preparation for this meeting, Dr. Filippino has reviewed past materials, including the VA Technology Assessment Protocol (VTAP) developed in 2012. She will provide a brief summary.
