

AGENDA ITEM #6: 2045 LONG RANGE TRANSPORTATION PLAN UPDATE

Dale M. Stith, Principal Transportation Planner, HRTPO

As the region's Metropolitan Planning Organization (MPO), one of the core functions of the HRTPO is to develop, approve, and maintain a fiscally-constrained Long-Range Transportation Plan (LRTP). With a planning horizon of at least 20 years, the LRTP serves as the blueprint for enhancing the region's multimodal transportation system. The LRTP is updated periodically to reflect changing conditions such as new planning priorities, population projections, economic change, and anticipated travel demand.

For the past few years, HRTPO staff has been working on updating the regional LRTP to the horizon year of 2045. A status update will be provided on tasks completed to date along with tasks currently underway.

Ms. Dale M. Stith, HRTPO Principal Transportation Planner, will brief CAC on this item.
