

**HAMPTON ROADS
COMMUNITY ADVISORY COMMITTEE
MEETING**

**April 13, 2023
11:30 AM – 2:00 PM**

**Lower Banquet Room
The Attucks Theatre
1010 Church St, Norfolk, VA 23510**

- 1. Tour of Facility**
- 2. Call to Order**
- 3. Approval/Modification of Agenda**

Members are provided an opportunity to add or delete items from the agenda. Any item for which a member desires action from the Community Advisory Committee (CAC) should be submitted at this time, as opposed to under “Old/New Business.”

Action Requested: The CAC should consider action to approve the agenda.

4. Public Comments

A. Submitted Public Comments

There were no submitted public comments since the last CAC meeting. Any new written public comments received after the preparation of this agenda will be announced at the meeting.

B. Public Comment Period

Members of the public are invited to address the CAC. Each speaker is limited to three minutes.

5. Summary Minutes (Attachment 5)

The summary minutes of the CAC meeting held on February 9, 2023, are attached.

Action Requested: The CAC should consider action to approve the summary minutes of the February 9, 2023.

6. askHRgreen.org - presented by Ms. Katie Cullipher, HRPDC Principal Environmental Education Planner, and Ms. Rebekah Eastep, HRPDC Senior Environmental Education Planner

Hampton Roads Planning District Commission's (HRPDC) askHRgreen.org team will present on their environmental education initiatives and programs. askHRgreen.org is committed to equipping community members and business owners with the knowledge and resources needed to create a more environmentally sustainable region. More information about askHRgreen.org and its associated programs can be found at askHRgreen.org.

This item is presented for information and discussion by CAC members.

7. Regional Connectors Study - presented by Lorna Parkins, Michael Baker International Office Executive

The HRTPO has been conducting the Regional Connectors Study with HRTAC funding via a consultant contract with Michael Baker International. The purpose of the study is to establish a long-term vision that investigates transportation options that connect the Peninsula and the Southside while improving economic vitality, resiliency, accessibility, and quality of life in the region. The study will evaluate the feasibility, permitability, and transportation benefits of the segments presented in the Hampton Roads Crossing Study (HRCS) Supplemental Environmental Impact Statement (SEIS) that were not included in the Preferred Alternative approved by the HRTPO and the Commonwealth Transportation Board. The SEIS preferred alternative was to widen I-64 to a consistent six-lane facility between I-664 in Hampton and I-564 in Norfolk, including the expansion of the existing Hampton Roads Bridge Tunnel. Once complete, the RCS will provide recommendations for segment tiering and will document study findings for use in future project evaluations.

The Regional Connectors Study was previously presented to the CAC on October 19, 2022. This presentation will highlight project updates and community input received during the February public meetings.

This item is presented for information and discussion by CAC members.

8. Next Meeting

The next CAC meeting is scheduled for Thursday, June 8, 2023.

9. Old/New Business

10. Adjournment
