- Brief survey of webinar participants did not have many responses but showed there was interest in additional webinars. The Committee should think about additional topics to feature in future webinars.

The Committee discussed “Thank You for Washing Wisely” car wash outreach:

- Car wash outreach supplies are still available for new location sign ups or for restocking locations who are already participating.
- Gloucester would like to pick up some supplies.

The Committee would like to update the Water Quality in Hampton Roads outreach brochure. HRPDC technical staff have completed updating the water impairments map. The Committee will review the content at the May meeting.

**Action:** HRPDC staff will send follow up information from Rain-Wise Yards & Landscaping webinar.
