

**VDH – Office of Drinking Water  
Update Items for HRPDC Meeting  
6 Dec 2017**

- 1. Continuing change in ODW personnel**
  - New Director – effective 25 Nov 2017 – Dwayne Roadcap
  - Deputy Director position – in recruit
  - Director of Technical Services - retired
  
- 2. Unregulated Contaminants Monitoring Rule (UCMR 4)**
  - Participating waterworks should already be in SDWARS data base
  - Monitoring starts in 2018, ends 2020
  - This is an “EPA direct implement” rule – very little VDH involvement
  
- 3. Long-Term Revisions to Lead & Copper Rule**
  - Proposed Rule was supposed to have been published in 2017
  - Status currently “unknown” – details currently “unknown”
  
- 4. Virginia SB 1359**
  - Passed during the 2017 General Assembly
  - Requires School Boards to test (and where needed) remediate facilities in schools that EPA has identified as high priority for testing
  - Dept of Education is the prime mover in this effort – VDH is assisting
  - Virginia Association of School Plant Managers also active in this effort
