

AGENDA NOTE – HRPDC EXECUTIVE COMMITTEE MEETING

ITEM #14: FOR YOUR INFORMATION

The State of Recycling in Hampton Roads Report

This was produced by askHRgreen.org to provide an overview of recycling in the region. It includes information on Virginia manufacturers that buy and use the raw materials, while providing insight into the jobs created, economic impact, recycling success stories and trends both on the regional and national level.

This Report is intended for Hampton Roads' elected officials, city government leaders, civic leagues, neighborhood and homeowners associations, environmental organizations and the media, to inform them of the benefits and challenges of curbside recycling in Hampton Roads, recycling trends and the potential for growth.

The full Report can be found here:
