

AGENDA

Stakeholder Meeting #2 – Chesapeake Bay Total Maximum Daily Load (TMDL) Phase III Watershed Implementation Plan (WIP)

September 6, 2018

1:00 P.M.

1. **Review of first Stakeholder meeting**

HRPDC staff drafted minutes of the first Stakeholder meeting held on August 2, 2018. The group will review what was discussed and answer any questions.

Attachment: Stakeholder Meeting 1 – Summary

2. **What is the natural sector comprised of in Hampton Roads?**

The focus on the Phase III WIP for PDCs in Virginia includes the natural sector. Staff will explain how the Bay program and the Commonwealth defines natural lands and what land uses it is comprised of.

3. **Best Management Practices (BMPs) for the natural sector**

Staff will discuss BMPs available for use in the natural sector and how and where they can be applied in Hampton Roads.

4. **On-site wastewater systems**

An update to the data provided by localities regarding on-site wastewater, pump-outs, and conversions will be provided by HRPDC staff. VDH staff will be present to answer questions and discuss programs to incentivize on-site sector BMPs and policy recommendations.

5. **Land Use Policy BMPs**

Three land use policy BMPs have been developed since the Phase II WIP to be used for planning purposes. HRPDC staff will discuss Agriculture Conservation, Forest Conservation, and Growth Management Conservation as potential policy BMPs that can be used by localities.

6. **Next Steps**

The group will have a roundtable discussion on what should be included in the interim report and any other outstanding matters that need clarification before the final meeting.

Future Meetings:

Oct. 10, 10am – 12pm, James Room, City Center, 700 Town Center, Newport News, VA
