

## AGENDA

### Stakeholder Meeting #3 – Chesapeake Bay Total Maximum Daily Load (TMDL) Phase III Watershed Implementation Plan (WIP)

October 10, 2018

10:00 A.M.

James City Room, City Center  
700 Town Center  
Newport News, VA

1. **Review of first and second Stakeholder meetings**

HRPDC staff drafted minutes of the first and second Stakeholder meetings held on August 2, 2018 and September 6, 2018. The group will review what was discussed and answer any questions.

**Attachments: Stakeholder Meeting 1 – Summary  
Stakeholder Meeting 2 – Summary**

2. **Programmatic Template**

A list of policy recommendations, funding mechanisms, and incentives will be discussed based on feedback received at the previous stakeholder meetings, through phone conversations, and via email.

**Attachment: DRAFT\_Programmatic\_Template**

3. **HRPDC Phase III WIP BMP input deck**

A draft input deck including BMP acres that may be achievable on unregulated developed, natural, and septic sectors for Phase III WIP planning purposes will be discussed. There will be an overview of data collection activities and methods for the provided BMPs.

4. **Next Steps**

This is the final stakeholder meeting; a preliminary list of BMPs will be submitted to DEQ to determine if nutrient reductions have been achieved. The revised list of BMPs for the input deck, programmatic template, and final report will be submitted to DEQ by the December 15 deadline. Stakeholders will be given an opportunity to comment prior to the submission of the report.
